Santa Maria, CA 93454

**RE: Board of Supervisors Hearing of Water Supplies and Drought Activities Information**

Dear Mr. Sweet:

The Board of Supervisors will be conducting a hearing and informational session at their meeting of June 17, 2014, pertaining to the status of countywide water supplies and continuing drought conditions. The County's Drought Task Force (DTF) will be presenting an update of conditions and activities of the County. Therefore, a letter was sent to your mayor inviting them and their fellow water purveyors to attend this meeting and discuss impacts to your city, actions taken in response to the drought, as well as outcomes to date.

As the director, I wanted to ensure that you were aware of the invitation and also request your attendance and assistance. In order to best prepare for the hearing, the attached template has been developed to collect key information for the presentation. We ask that you complete this template and return to Matt Naftaly by May 29, 2014. County staff will compile all information for a comprehensive presentation.

Please contact me at (805) 568-3436 or by email [tfayram@cosbpw.net](mailto:tfayram@cosbpw.net) with any questions and to confirm your attendance. I look forward to working with you and seeing you at the Board of Supervisors meeting of June 17, 2014. Thank you very much.

Sincerely,

A handwritten signature in black ink, appearing to read "T. D. Fayram", written over a horizontal line.

Thomas D. Fayram  
Deputy Public Works Director
