ATTACHMENT A: FINDINGS FOR APPROVAL

Case Nos. 23ORD-00008 and 23ORD-00009

1.0 CEQA FINDINGS

- 1.1 **Case No. 23ORD-00008.** The Montecito Planning Commission finds, and recommends that the Board find, that the proposed amendment to the Montecito Land Use and Development Code (MLUDC) (Case No. 23ORD-00008), is exempt from environmental review pursuant to CEQA Guidelines Sections 15282(h) and 15061(b)(3).
- 1.2 **Case No. 23ORD-00009.** The Montecito Planning Commission finds, and recommends that the County Planning Commission recommend that the Santa Barbara County (County) Board of Supervisors (Board) find, that the proposed amendment to Article II, the Coastal Zoning Ordinance (CZO) (Case No. 23ORD-00009), is exempt from environmental review pursuant to CEQA Guidelines Sections 15282(h), 15061(b)(3), and 15265.

Please see the Notice of Exemption (Attachment B) for more information.

2.0 ADMINISTRATIVE FINDINGS

In compliance with CZO Section 35-180.6 and MLUDC Section 35.494.060.A, the following findings shall be made by the Montecito Planning Commission in order to recommend approval of a text amendment to the CZO and MLUDC, and the Board shall adopt the following findings in order to approve a text amendment to the CZO and MLUDC:

2.1 **The request is in the interests of the general community welfare.**

The Montecito Planning Commission finds, and recommends that the Board of Supervisors find, that the proposed amendments are in the interest of the general community welfare since the amendments will revise the CZO and MLUDC to: (1) clarify that exemptions are not appealable; (2) provide clarifications to existing development standards related to detached accessory structures; (3) eliminate references to a Shopping Center (SC) zoning district; (4) be consistent with Government Code (GC) Sections 65852.2 and 65852.22 regarding the permitting of accessory dwelling units (ADUs) and junior ADUs (JADUs), respectively; (5) implement GC Sections 65852.2 and 65852.22, the purpose of which is to increase the supply of housing units within California; and (6) clarify and streamline the ADU and JADU requirements, which will in turn stimulate an efficient permit process for ADUs and JADUs in compliance with State law.

2.2 **CZO: The request is consistent with the Comprehensive Plan, the Coastal Land Use Plan, the requirements of State planning and zoning laws and this Article [Article II, the CZO].**

MLUDC: The request is consistent with the Comprehensive Plan, the requirements of the State planning and zoning laws, and this Development Code [MLUDC].

The Montecito Planning Commission finds, and recommends that the Board of Supervisors find, that the proposed amendments are consistent with the Comprehensive Plan, Coastal Land Use Plan (CLUP), CZO, and MLUDC because they implement Program 1.4 (Tools to Incentivize High-Quality Affordable Housing) of the Housing Element and update the zoning ordinances to be consistent with State ADU and JADU law, and provide clear and efficient permit processes that will benefit the public, and will provide greater flexibility that supports

the development of ADUs and JADUs. In addition, the proposed minor amendments will provide more effective implementation of the Comprehensive Plan by clarifying that exemptions are not appealable, providing clarifications to existing detached accessory structure development standards, and removing references to a Shopping Center (SC) zoning district in the CZO. The proposed ordinance amendments are also consistent with the remaining portions of the Article II Coastal Zoning Ordinance that would not be revised by this ordinance. Therefore, and as discussed further in Section 6.2 of the Montecito Planning Commission Staff Report, dated September 7, 2023 and incorporated by reference, this ordinance is consistent with the Coastal Land Use Plan and the Comprehensive Plan, including the Montecito Community Plan, the requirements of State planning and zoning Laws, and the Article II Coastal Zoning Ordinance.

2.3 The request is consistent with good zoning and planning practices.

The Montecito Planning Commission finds, and recommends that the Board of Supervisors find, that the proposed amendments are consistent with sound zoning and planning practices to regulate land uses for the overall protection of the environment and community values since they will revise the CZO and MLUDC to be consistent with State regulations regarding ADUs and JADUs, provide clear and efficient permit processes that will benefit the public, and support the development of ADUs and JADUs. Further, the proposed minor amendments correct and clarify existing text provisions related to detached accessory structures, clarify that exempt projects are not appealable, and eliminate references to a SC zoning district. As a result, the changes are consistent with good zoning and planning practices and will benefit the public. As discussed in Finding 2.2, above, the proposed amendments are consistent with the Comprehensive Plan, including the Montecito Community Plan, CLUP, CZO, and MLUDC.

D. Process. Any determination made by the Director that a use, activity, or structure is exempt from the planning permit requirements of this Development Code in accordance with this Section is final and not subject to appeal.

SECTION 2:

DIVISION 35.4, Montecito Standards for Specific Land Uses, of Section 35-2, the Montecito Land Use and Development Code, of Chapter 35, Zoning, of the Santa Barbara County Code, is hereby amended to change Subsection D, Application and Processing Requirements, of Section 35.442.015, Accessory Dwelling Units and Junior Accessory Dwelling Units, of Chapter 35.442, Standards for Specific Land Uses, to read as follows:

D. Application and processing requirements.

- 1. Building Permit and other approvals.** Accessory dwelling units and junior accessory dwelling units shall be allowed with a Building Permit and any other necessary approvals when in compliance with the provisions of this Section 35.442.015 (Accessory Dwelling Units and Junior Accessory Dwelling Units), as applicable.
- 2. Ministerial review and permit processing deadline.** The Building Official shall consider a Building Permit application for an accessory dwelling unit or junior accessory dwelling unit ministerially without discretionary review or hearing within 60 days from the date a complete application is submitted to the Department. If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay.

(Modifications), provided that the applicant requests a delay and tolls the 60-day processing time period until final action is taken on the Modification.

7. **Nonconforming zoning conditions.** The correction of nonconforming conditions shall not be required as a condition of approval of an accessory dwelling unit or junior accessory dwelling unit. A property owner’s preference for a specific location on the lot does not constitute a reason to vary from objective standards. Nothing in this subsection shall be interpreted to apply new standards to an accessory dwelling unit developed in accordance with Subsection E, below that do not already apply. If encroachment into the front setback is required, it shall be the minimum necessary to accommodate the project.

A property owner’s preference for a specific location on the lot does not constitute a reason to vary from objective standards. Nothing in this subsection shall be interpreted to apply new standards to an accessory dwelling unit developed in accordance with Section 35-142.5, below that do not already apply.
