FROM: WE Watch, Nancy Emerson, President  
RE: Central Coast Agriculture Appeal

WE Watch supports the appeal by the SB Coalition for Responsible Cannabis of the approval of Central Coast Agriculture's project.

We are particularly concerned that there be clearly defined odor control and odor monitoring requirements during the times when this site is approaching harvesting and during harvesting and processing. Also, we need monitoring equipment in Buellton during harvesting and processing season. It should be paid for from the County's cannabis revenue

In addition, we think an important water rights issue has been raised and needs resolution.
