This agenda item needs to be explained. The agenda indicates that a county government attorney may have some sort of action active before the State Bar. If so, the public should be informed as to which court case or action the attorney is associated with. This is especially true if the attorney is associated with any court cases or actions involving Sable Offshore, PHMSA, the OSFM or the California Coastal Commission.

If any of the money in this contract is to be spent on defending ANY County Counsel attorney, or any county attorney associated with a case or action involving the County Counsel's office, County Counsel may be required to recuse themselves from selecting outside counsel, or advising the BOS on approving the contract.
