

NOTICE OF EXEMPTION

TO: Santa Barbara County Clerk of the Board of Supervisors

FROM: Community Services Department, Parks Division

LOCATION: Tuckers Grove Park, Santa Barbara, CA

PROJECT TITLE: Tuckers Grove Park Bridge Replacement

RECEIVED

2022 DEC -6 P 4: 55

COUNTY OF SANTA BARBARA
CLERK OF THE
BOARD OF SUPERVISORS

PROJECT DESCRIPTION: The project provides preliminary environmental analysis, topographic survey, hydrologic studies and preliminary civil engineering analysis for replacement of the existing concrete summer crossing with a bridge (wooden/steel structure) over San Antonio Creek, located within Tucker's Grove County Park. The current concrete structure is considered to be a barrier for the steelhead trout. A replacement bridge spanning over the creek would enhance the movement and migration of the steelhead trout along San Antonio Creek and also reduce sediment build up and bank erosion upstream of the summer crossing. The surveys, studies and analyses will be the first step in data collection in order to proceed with the design and potential environmental review and mitigations for the Tuckers Grove Bridge Replacement project.

EXEMPT STATUS: (Check One)

- Ministerial
- Statutory
- Categorical Exemption
- Emergency Project
- No Possibility of Significant Effect

Cite specific CEQA Guideline Section: Section 15306

Reasons to support exemption findings (attach additional material, if necessary):

The proposed action is categorically exempt from environmental review pursuant to Section 15306 [Data Collection] of the Guidelines for Implementation of the California Environmental Quality Act (CEQA). The CEQA Replacement of Reconstruction exemption at Section 15306 consists of basic data collection, research, experimental management, and resource evaluation activities which do not result in a serious or major disturbance to an environmental resource. These may be strictly for information gathering purposes, or as part of a study leading to an action which a public agency has not yet approved, adopted, or funded.

With regard to the proposed project, the exceptions to the Existing Facilities categorical exemption that must be considered pursuant to Section 15300.2 of the State CEQA Guidelines are:

(a) Location. Classes 3,4,5,6, and 11 are qualified by consideration of where the project is to be located - a project that is ordinarily insignificant in its impact on the environment may in a particularly sensitive environment be significant. Therefore, these classes are considered to apply in all instances, except where the project may impact on an environmental resources of hazardous or critical concern where designated, precisely mapped, and official adopted pursuant to law by federal, state, or local agencies.

The Section 15306 is a Class 6 Categorical Exemption, therefore this exception is not applicable. The surveys, studies and analyses will be the first step in data collection in order to proceed with the design, environmental review and potential mitigations.

(b) Cumulative Impact. All exemptions for these classes are inapplicable when the cumulative impact of successive projects of the same type in the same place, over time is significant.

There are no successive projects of the same type in the same place anticipated for this location. There is no cumulative impact and, therefore this exception does not apply.

- (c) **Significant Effect.** *A categorical exemption shall not be used for an activity where there is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.*

The Section 15306 is a Class 6 Categorical Exemption, therefore this exception is not applicable.

- (d) **Scenic Highways.** *A categorical exemption shall not be used for a project which may result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway. This does not apply to improvements, which are required as mitigation by an adopted negative declaration or certified EIR.*

This proposed project is in an existing outdoor recreational facility. There are no state scenic highways in the project area. This exception does not apply.

- (e) **Hazardous Waste Sites.** *A categorical exemption shall not be used for a project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code.*

This proposed project is not located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code. Therefore, it is not located on a hazardous waste site and this exception does not apply.

- (f) **Historical Resources.** *A categorical exemption shall not be used for a project which may cause a substantial adverse change in the significance of a historical resource.*

This proposed project does not involve any historical resources. This exception does not apply.

As described above, none of the exceptions to the categorical exemptions contained within Section 15300.2 of the State CEQA Guidelines apply to this project.

NOTICE

Each project applicant shall remit to the county clerk the environmental filing fee before or at the time of filing a Notice of Determination (Pub. Resources Code, § 21152; Fish & G. Code, § 711.4, subdivision (d); Cal. Code Regs., tit. 14, § 753.5). Without the appropriate fee, statutory or categorical exemption, or a valid No Effect Determination issued by the California Department of Fish and Wildlife (CDFW), the Notice of Determination is not operative, vested, or final, and shall not be accepted by the county clerk.

COUNTY DOCUMENTARY HANDLING FEE

The county clerk may charge a documentary handling fee of fifty dollars (\$50) per filing in addition to the environmental filing fee (Fish & G. Code, § 711.4, subd. (e); Cal. Code Regs., tit. 14, § 753.5, subd. (g)(1)). A county board of supervisors shall have the authority to increase or decrease the fee or charge, that is otherwise authorized to be levied by another provision of law, in the amount reasonably necessary to recover the cost of providing any product or service or the cost of enforcing any regulation for which the fee or charge is levied (Gov. Code, § 54985, subd. (a)).

COLLECTION PROCEDURES FOR COUNTY GOVERNMENTS

Filing Notice of Determination (NOD):

- Collect environmental filing fee or copy of previously issued cash receipt. *(Do not collect fee if project applicant presents a No Effect Determination signed by CDFW. An additional fee is required for each separate environmental document. An addendum is not considered a separate environmental document. Checks should be made payable to the county.)*
- Issue cash receipt to project applicant.
- Attach copy of cash receipt and, if applicable, previously issued cash receipt, to NOD.
- Mail filing fees for CRP document to CDFW prior to filing the NOD or equivalent final approval (Cal. Code Regs. Tit. 14, § 753.5 (b)(5)). The CRP should request receipt from CDFW to show proof of payment for filing the NOD or equivalent approval. Please mail payment to address below made attention to the Cash Receipts Unit of the Accounting Services Branch.

If the project applicant presents a **No Effect Determination** signed by CDFW, also:

- Attach No Effect Determination to NOD *(no environmental filing fee is due)*.

Filing Notice of Exemption (NOE) (Statutorily or categorically exempt project (Cal. Code Regs., tit. 14, §§ 15260-15285, 15300-15333))

- Issue cash receipt to project applicant.
- Attach copy of cash receipt to NOE *(no environmental filing fee is due)*.

Within 30 days after the end of each month in which the environmental filing fees are collected, each county shall summarize and record the amount collected on the monthly State of California Form No. CA25 (TC31) and remit the amount collected to the State Treasurer. Identify the remittance on Form No. CA25 as "Environmental Document Filing Fees" per Fish and Game Code section 711.4.

The county clerk shall mail the following documents to CDFW on a monthly basis:

- ✓ A photocopy of the monthly State of California Form No. CA25 (TC31)
- ✓ CDFW/ASB copies of all cash receipts (including all voided receipts)
- ✓ A copy of all CDFW No Effect Determinations filed in lieu of fee payment
- ✓ A copy of all NODs filed with the county during the preceding month
- ✓ A list of the name, address and telephone number of all project applicants for which an NOD has been filed. If this information is contained on the cash receipt filed with CDFW under California Code of Regulations, title 14, section 753.5, subdivision (e)(6), no additional information is required.

DOCUMENT RETENTION

The county shall retain two copies of the cash receipt (for lead agency and county clerk) and a copy of all documents described above for at least 12 months.

RECEIPT NUMBER

- # The first two digits automatically populate by making the appropriate selection in the County/State Agency of Filing drop down menu.
- # The next eight digits automatically populate when a date is entered.
- # The last three digits correspond with the sequential order of issuance for each calendar year. For example, the first receipt number issued on January 1 should end in 001. If a county issued 252 receipts for the year ending on December 31, the last receipt number should end in 252. CDFW recommends that counties and state agencies 1) save a local copy of this form, and 2) track receipt numbers on a spreadsheet tabbed by month to ensure accuracy.

DO NOT COMBINE THE ENVIRONMENTAL FEES WITH THE STATE SHARE OF FISH AND WILDLIFE FEES.
