Recommended Actions:

That the Board of Supervisors:

- a) Approve, ratify, and authorize the Agricultural Commissioner, or her designee, to execute the first amendment to Agreement 16-C0089 with the California Department of Pesticide Regulation for the Agricultural Commissioner's Office to be reimbursed for contracted activities for the Department of Pesticide Regulation Air Monitoring Network (AMN) Program in the County of Santa Barbara in the increased amount of \$75,930.88 for total reimbursement not to exceed \$155,791.99 and to extend the agreement until December 31, 2019; and
- b) Determine that the above action involves government funding mechanisms and/or fiscal activities and is not a project under the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines section 15378(b)(4).

Summary Text:

This item is on the agenda for the Board of Supervisors to approve, ratify, and execute the first amendment (Agreement 16-C0089 A-1) to Agreement #16-C0089 with the California Department of Pesticide Regulation (DPR) which the Board approved on January 17, 2017. The agreement is to receive reimbursement for the collection of four individual ambient air samples per week from within the City of Santa Maria and the bi-weekly shipments of collected ambient air samples to the DPR Laboratory in

Sacramento where the samples will be screened for presence of various pesticides. This amendment increases DPR’s contribution to the County for these services in the amount of \$75,930.88 and extends the contract expiration date for approximately a year and a half from June 30, 2018 to December 31, 2019.

Background:

In 2011 DPR established a monitoring network to sample ambient air for multiple pesticides in multiple communities on a regular schedule. DPR plans to use the data gathered to evaluate and improve protective measures against pesticide exposure. The California legislature increased DPR’s funding to enhance the current AMN. The increased funding allows DPR to increase the number of communities it monitors. Santa Maria is one of the new communities that DPR chose for AMN expansion due to the reported fumigant use in the area. This agreement provides for the reimbursement of costs arising from the collection and submittal of ambient air samples to DPR. This funding from DPR is expected to continue.

Narrative: The total revenue from this agreement is \$155,791.99 which includes \$26,620.37 for FY 2016/17, \$53,240.74 for FY 2017/18 and \$75,930.88 for FY 18/19.

Key Contract Risks:

DPR reserves the right to issue an order to stop work in the event that a dispute should arise, or in the event that DPR gives the performing agency a notice that his Agreement will be terminated. If DPR exercises this right, the stop-work order will be in effect until the dispute has been resolved or this Agreement has been terminated. County shall continue with the responsibilities under this agreement during any dispute until the expiration of this Agreement or notified to stop work.

Either Party reserves the right to terminate this agreement without cause upon 30 days written notice to the other Party, or immediately in the event of a material breach. In the event of termination, County shall be paid for all allowable costs incurred up to the date of termination and upon receipt of the final invoice.
