- Agricultural Advisory Committee – October 1, 2014
- Board Hearing on October 21, 2014 – continued
- Board Hearing today – November 4, 2014

# Project Details

- Groundwater is the sole source of water
- Lack of recent evaluations
- Will look for opportunities to increase recharge
- Historic record of water level decline in some areas
- Will provide data and analysis consistent with recently enacted groundwater legislation SB1168, SB1319, and AB1739
- Financial contributions from USGS and VAFB
