Dear Dr. Ansorg:

LETTER OF AWARD:

ENHANCED PREVENTION AND CONTROL Award Number: EPCF4223

FUNDING PERIOD: July 1, 2023 through June 30, 2024

The California Department of Public Health (CDPH) Tuberculosis Control Branch (TBCB) is providing additional federal funds for fiscal year (FY) 2023-2024 to enhance the capabilities of tuberculosis (TB) prevention and control activities in local public health jurisdictions. The purpose of this letter is to provide information on the acceptance and use of these funds. This letter does not affect the amount of any awards previously issued for FY 2023-2024.

ENHANCED PREVENTION AND CONTROL AWARD

The California Department of Public Health (CDPH) Tuberculosis Control Branch (TBCB) is awarding to the Santa Barbara County Public Health Department an Enhanced Prevention and Control Award of up to \$10,000, comprised of federal funds only.

These funds are being awarded with the understanding that your staff will work with CDPH TBCB staff in carrying out your program's TB prevention and control efforts.

MANAGING YOUR ENHANCED PREVENTION AND CONTROL AWARD

Requirements for the use of these funds are listed in Part 1 of the FY 2023-2024 Tuberculosis Control Local Assistance Funds Standards and Procedures Manual, available at <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/TB-Resources-for-LHDs.aspx>. Reimbursement of your expenditures is contingent upon compliance with these standards and procedures.

Enhanced Prevention and Control funds are meant to enhance the capabilities of local health jurisdictions by increasing the ability to conduct additional TB prevention and control activities and cannot replace existing funding or support ongoing activities. Funds can be used for travel and TB-related trainings, program supplies, subcontracts, equipment, and food, shelter, incentives and enablers (FSIE). Funds may also support new personnel activities. These Enhanced Prevention and Control Federal funds cannot be used for medication.

CDPH TBCB Enhanced Prevention and Control funds may not be used to supplant existing federal, state, or local health department funds. The use of TB local assistance funds is intended to enhance local health jurisdiction capacity in addressing TB control needs, not to displace funds that have been locally appropriated for the same purposes.

If local health jurisdictions received federal, state, or local funding for TB control activities, electing to save federal, state, or local funding by substituting CDPH TBCB local assistance augmentation funds for those TB control activities is considered supplanting and is not allowed by the federal government.

For more information on allowable expenditures, please refer to page 10 of the FY 2023-2024 Tuberculosis Control Local Assistance Fund Standards and Procedures Manual.

ENHANCED PREVENTION AND CONTROL AWARD BUDGET

An approved budget is not required to implement this award.
