My names Gloria Bae I live in the neighborhood behind the proposed gas station property. I have 2 young children and don't always have time to run around for snacks and gas. A gas station on the corner would not only be practical but an improvement to the eye sore of dirt that's already there.

I live on majestic near the empty lot and would appreciate a gas station especially one sells diesel. Not every gas station does and it can be a pain to make stops after work. Please allow the proposed gas station to come in. Sincerely a guy tired of driving out of his way.
