STATEMENT OF WORK**

Santa Barbara Flood Control &

RE: Proposal for Aerial Survey and Capacity Report—Twitchell Reservoir

Dear Mr. Gibbs:

Thank you for requesting a proposal for this project. The following is our proposed scope of services and associated fee.

UNDERSTANDING OF PROJECT REQUIREMENTS:

The Santa Barbara County Flood Control and Water Conservation District and Water Agency requires updated topographic mapping of the Twitchell Reservoir basin and a report that includes data tables showing reservoir capacity at any given level and other tables and/or graphs that show the relationship of capacity, level, area, etc. and comparisons to previous studies.

This Survey and study will be performed in a manner consistent with past surveys, and the data derived compared with the last survey to determine current capacities to be used in a revised capacity table. We understand that this data is critical to determine water reclamation and flood control capacities as well as to monitor siltation in the reservoir.

SCOPE OF SERVICES:

Reservoir Aerial Mapping:

MNS will conduct an aerial topographic mapping project for the Twitchell Reservoir area. The limits of the mapping will be the 692 contour based upon the Reservoir datum. The accuracies will be for 2' contour intervals vertical and 1"=100' for horizontal. Mapping will be done based upon the NAD 83 coordinate system and conducted using static GPS methods. Mapping will be conducted within the guidelines of the National Map Accuracy Standards.

The deliverables for this mapping will be 9x9 color photo prints, the AutoCAD files for the mapping and the survey report summarizing the results and accuracies of the survey.

A recommended option for deliverable is a color, digital ortho-photo in jpeg2000 format. This would be a 1' pixel resolution digital photo that is ortho-rectified meaning that it is adjusted to true scale. The ortho-photo would be tiled so that it would not require large amounts of computer RAM to view.

Downstream Aerial Mapping:

Included in this proposal is mapping the additional area of the Cuyama River downstream of the dam including the area below the spillway and the area proposed for depositing sediment extracted during construction of a pilot channel as indicated on the attached exhibit. The accuracies will be for 2' contour intervals vertical and 1"=100' for horizontal and based upon the same mapping datum. The fee for this work is very economical when performed concurrently with the entire project. Costs would be much higher if the option is selected at a later date, after the project is completed.

Volume Study:

MNS will prepare a report that describes the project and includes Area Tables that calculate and report the area of the reservoir in square feet, acre-feet and cumulative acre-feet in 0.1' increments of elevation from the lowest point on the reservoir to the 692 contour. The input will be the areas from the 2' contour mapping and the infilling by interpolation.

The report will also include Elevation/Capacity tables which report the cumulative capacity of the reservoir in 0.1' increments, a table which shows comparisons of volume to previous reports, and copies of the mapping plotted at an appropriate scale.

Optional Color Ortho-photo (recommended)

MNS will provide you with a color ortho-photo of the project area with 1' pixel resolution.

SCHEDULE:

We can begin the project within one week of the notice to proceed. We expect to have the final report and all deliverables completed within seven weeks from the commencement of the work.

FEE:

Our proposed services will be performed on a time-and materials basis with a not-to-exceed limit and shall be billed monthly as a percentage complete of our services. Materials (Reimbursable Expenses) are included in the proposed T&M budget. "Materials" include all reimbursable expenses, such as photocopies, FAX transmissions, postage, shipping/delivery, mileage, plots, prints, maps/documents, and outside consultant fees.

Payment is due upon receipt of statements (net 30 days). Unpaid account balances are subject to a finance charge which will be the lesser of one and one-half percent (1 ½ %) per month or a monthly charge not to exceed the maximum legal rate. This fee shall be applied to any unpaid balance commencing thirty days after the original billing. If an account is unpaid and would be subject to a finance charge, we may consider this as constructive notice to suspend work.

Based on our understanding of your requirements and our experience with similar projects, the estimated budget for our services will be as follows:

The not-to-exceed fee for conducting this work is \$123,000.

Additional services or items not included in the above Scope of Work which are mutually agreed upon by both parties shall be added to the budget and performed on a time and materials basis and shall be billed monthly at the rates then currently in effect or shall be negotiated on a fixed fee basis. Charges for "time" include professional, technical, and clerical support services provided by MNS.

ADDITIONAL SERVICES

Services performed outside the scope of this agreement require written approval prior to performance of the work. Design changes by Owner/Client or designee after the start of design shall be considered additional services. Any work requested by Owner/Client that is outside the scope of this agreement will be identified by MNS as such, and a budget amount will be agreed upon prior to the start of the additional work. Compensation for additional services shall be in accordance with MNS's Billing Rate Schedule currently in effect.

Optional ortho-photo:

If the option for ortho-photography is desired the fee is increased by \$1,800.

SERVICES NOT INCLUDED

The following services and all other services not specifically listed herein are excluded:

1. Services by consultants other than MNS.
2. District Boundary delineations, or detail feature identification with labels of vegetation, buildings, structures, fences, etc. This survey is for the purpose of capacity analysis, and not for feature I.D.

CLIENT TO PROVIDE

Client shall provide the following items to MNS:

1. Electronic copies of applicable mapping from the previous survey (1999 survey already Provided).
2. Other data acquired that may assist in preparation of the analysis and report.

AUTHORIZATION

Should you require additional information or wish to discuss this proposal further, please give me a call. My office phone number is (805) 688-5200, and my cell phone number is (805) 331-

The purpose of providing a time limit on our proposals is to maintain a high level of client service and not take on more work than we can effectively handle.

Thank you for considering MNS for this project.

All insurance coverage is to be placed with insurers which (1) have a Best's rating of no less than A: VII, and (2) are admitted insurance companies in the State of California. All other insurers require the prior approval of the COUNTY. Such insurance coverage shall be maintained during the term of this Agreement. Failure to comply with the insurance requirements shall place CONTRACTOR in default. Upon request by the COUNTY, CONTRACTOR shall provide a certified copy of any insurance policy to the COUNTY within ten (10) working days.

1. Workers' Compensation Insurance: Statutory Workers' Compensation and Employers Liability Insurance shall cover all CONTRACTOR's staff while performing any work incidental to the performance of this Agreement. The policy shall provide that no cancellation, or expiration or reduction of coverage shall be effective or occur until at least thirty (30) days after receipt of such notice by the COUNTY. In the event CONTRACTOR is self-insured, it shall furnish a copy of Certificate of Consent to Self-Insure issued by the Department of Industrial Relations for the State of California. This provision does not apply if CONTRACTOR has no employees as

2. General and Automobile Liability Insurance: The general liability insurance shall include bodily injury, property damage and personal injury liability coverage, shall afford coverage for all premises, operations, products and completed operations of CONTRACTOR and shall include contractual liability coverage sufficiently broad so as to include the insurable liability assumed by the CONTRACTOR in the indemnity and hold harmless provisions of the Indemnification Section of this Agreement between COUNTY and CONTRACTOR. CONTRACTORS shall require all subcontractors to be included under its policies or furnish separate certificates and endorsements to meet the standards of these provisions by each subcontractor. COUNTY, its officers, agents, and employees shall be Additional Insured status on any policy. A cross liability clause, or equivalent wording, stating that coverage will apply separately to each named or additional insured as if separate policies had been issued to each shall be included in the policies. Any deductible or Self-Insured Retention {SIR} over \$10,000 requires approval by the COUNTY.

Said policy or policies shall include a severability of interest or cross liability clause or equivalent wording. Said policy or policies shall contain a provision of the following form:

"Such insurance as is afforded by this policy shall be primary and if the COUNTY has other valid and collectible insurance, that other insurance shall be excess and non-contributory."

COUNTY shall maintain current certificate(s) of insurance at all times in the office of the designated County representative as a condition precedent to any payment under this Agreement. Approval of insurance by COUNTY or acceptance of the certificate of insurance by COUNTY shall not relieve or decrease the extent to which the CONTRACTOR may be held responsible for payment of

In the event the CONTRACTOR is not able to comply with the COUNTY'S insurance requirements, COUNTY may, at their sole discretion and at the CONTRACTOR'S expense, provide compliant coverage.

The above insurance requirements are subject to periodic review by the COUNTY. The COUNTY's Risk Manager is authorized to change the above insurance requirements, with the concurrence of County Counsel, to include additional types of insurance coverage or higher coverage limits, provided that such change is reasonable based on changed risk of loss or in light of past claims against the COUNTY or inflation. This option may be exercised during any amendment of this Agreement that results in an increase in the nature of COUNTY's risk and such change of provisions will be in effect for the term of the amended Agreement. Such change pertaining to types of insurance coverage or higher coverage limits must be made by written amendment to this Agreement. CONTRACTOR agrees to execute any such amendment within thirty (30) days of acceptance of the amendment or modification.
