As a result of the hearing date for this contract being modified on several occasions, ADMHS was asked to obtain an updated signature from the Contractor, as well as correct several ministerial errors in the agreement. The following pages contain minor modifications, as indicated in the tracked changes version of the contract:

1. Page 2 of Exhibit A (p. 13 of pdf), Section III.A.i – added a range of patients to be seen per day from 12 to the range of 10 to 12;
2. Page 1 of Exhibit B (p. 17 of pdf), Section 4.A.i – deleted “an all inclusive” for consistency with other sections; and
3. Page 2 of Exhibit B (p. 18 of pdf), Section 4.D.ii – corrected the per FTE amount – should have been \$4,000 per FTE in Year 4, to correctly add up to the stated per month and per year amounts

Clean and tracked changes versions of the contracts are attached. Please re-distribute these contracts for the BOS hearing tomorrow.

Thank you.
