Organization (if none, designate "Self"): Self

Name of Proposal being submitted: KrisWolfDraft1

Briefly describe your plan:
 My plan reflects the changes in population from 2000-2010 in Santa Barbara county. It creates 2 districts which contain Santa Maria and 2 districts which contain Santa Barbara. Every district had its boundaries shifted north due to growth in Northern Santa Barbara County outpacing the growth in South Santa Barbara County. The districts are within a population variance of 391 person (smallest to largest) which gives districts almost equal weighting of population.

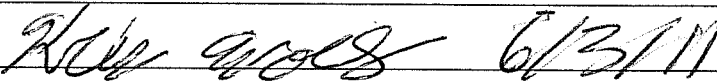

Briefly describe the goals of your plan: (example: keep rural areas together, keep a city in a specific district, etc.)

- Minimal variance between districts
- Minimal division of communities
- Maximum compactness of districts
- Adjustments to reflect population changes
- Create districts with minimal as possible diversity of interests
- Create district with boundaries that are distinct as possible

What is the population of each district in your plan?

1 st : 84,989	2 nd : 84,598	3 rd : 84,804
4 th : 84,780	5 th : 84,724	

I hereby acknowledge that by submitting this plan and any related information for consideration, the plan and any related information will be considered a public record subject to disclosure to any member of the public.
