Recommended Actions:

That the Board of Supervisors:

- A) Approve, ratify and authorize the Agricultural Commissioner or her designee to execute an agreement with the California Department of Food and Agriculture (CDFA) for support and services related to the Asian Citrus Psyllid (ACP) Bulk Citrus Regulatory Program in the County of Santa Barbara for the period of July 1, 2019 through June 30, 2020 in the amount of \$22,250.66.
- B) Determine that the above action involves government funding mechanisms and/or fiscal activities and is not a project under the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines section 15378(b)(4).

Summary Text:

This item is on the agenda for the Board of Supervisors to approve, ratify, and authorize an agreement with the California Department of Food and Agriculture to receive reimbursement for the Asian Citrus Psyllid Bulk Citrus Regulatory Program. Through this agreement, the CDFA reimburses the Santa Barbara County Agricultural Commissioner's Office for the cost associated with the regulatory enforcement activities related to the movement of bulk citrus within and out of the state of California.

Background:

Asian Citrus Psyllid, *Diaphorina citri*, is a small aphid like insect that spreads a destructive and often fatal disease of citrus and closely related plants called Huanglongbing (HLB) or Citrus Greening Disease. The funding for this program is anticipated to continue to provide reimbursement for our ACP Bulk Citrus Program activities.
