

BOARD OF SUPERVISORS  
AGENDA LETTER

Agenda Number:

Clerk of the Board of Supervisors  
105 E. Anapamu Street, Suite 407  
Santa Barbara, CA 93101  
(805) 568-2240

**Department Name:** Public Works  
**Department No.:** 054  
**For Agenda Of:** February 6, 2024  
**Placement:** Administrative  
**Estimated Time:** n/a  
**Continued Item:** No  
**If Yes, date from:**  
**Vote Required:** Majority

---

**TO:** Board of Supervisors

**FROM:** Department Scott D. McGolpin, Public Works Department, 568-3010  
Director(s)  
Contact Info: Chris Sneddon, Deputy Director, Transportation, 568-3064

**SUBJECT:** Statements of Final Quantities for Bella Vista Low Water Crossing Replacement, 2021-22 Countywide Pavement Rehabilitation, and 2021-22 Pavement Preservation and Preventative Maintenance; County Project Nos. 830358, 820738 and 820722; All Supervisorial Districts

---

**County Counsel Concurrence**

As to form: Yes

**Auditor-Controller Concurrence**

As to form: N/A

**Recommended Actions:**

- a) Approve and authorize the Chair to execute the attached Statements of Final Quantities for:
  - 1) Bella Vista Low Water Crossing Replacement, Project No. 830358 in the First Supervisorial District;
  - 2) 2021-22 Countywide Pavement Rehabilitation, Project No. 820738 in All Supervisorial Districts; and
  - 3) 2021-22 Pavement Preservation and Preventative Maintenance, Project No. 820722 in All Supervisorial Districts
  
- b) Determine that the approval of the Statements of Final Quantities is an administrative activity that will not result in direct or indirect physical changes in the environment, and is therefore exempt from the provisions of the California Environmental Quality Act pursuant to State CEQA Guidelines Section 15378(b)(5).

**Summary Text:**

This item is on the agenda to approve the Bella Vista Low Water Crossing (LWC) Replacement; 2021-22 Pavement Preservation and Preventive Maintenance; and 2021-22 Countywide Pavement Rehabilitation construction projects as constructed and approve the attached Statements of Final Quantities.

**Background:**

Bella Vista LWC Replacement

The low water crossing on Bella Vista over Romero Creek often became inundated, leading to road closures due to mud, water, rock, and debris that cannot be removed until the water stops flowing. This often takes weeks. Post-Thomas Fire, denuded slopes and a steep stream gradient have led to frequent closures throughout the rainy season. This project replaced a temporary culvert installed after the 1/9 Debris Flow with a 17-foot-long bottomless arch culvert. The larger span and bottomless configuration will reduce incidents of plugging and facilitate easier cleaning when it is impacted by debris and rocks.

Figure 1: Bella Vista LWC Replacement

2021-22 Pavement Preservation and Preventive Maintenance & 2021-22 Countywide Pavement Rehabilitation

Construction of these projects completed the Capital Maintenance listed in the FY 21/22 Road Maintenance Annual Plan (RdMAP). The pavement rehabilitation project included cold planing, geosynthetic interlayer, and overlay treatments. The pavement preservation and preventive maintenance project included cape seal and micro-surfacing treatments.
