LANE GOODKIND
Landscape Architect, CA license 4375

Lane Goodkind has been involved in the design and construction of projects ranging from residential gardens to large-scale institutional campuses for fifteen years in California, Oregon, Idaho and Arizona. His focus has been to assimilate strong design intentions with equally effective environmental stewardship. This has required a broad range of knowledge of all aspects of construction affecting the natural environment. With a strong knowledge of the plants and habitats of California and the Pacific Northwest, an understanding of watershed hydrology and how it is affected by development combined with the ability to artistically illustrate the visual character of a project Lane has been able to influence projects toward environmental responsibility and stewardship.

EDUCATION

Rhode Island School of Design
Bachelor of Landscape Architecture, 1992
Bachelor of Fine Arts, 1992

EMPLOYMENT

LGLA INC. Santa Barbara, CA
2003-Present Owner and Principal
Van Atta Associates, Santa Barbara, CA
2001-2003 Project manager
Murase Associates, Portland Oregon
1998-2001 Project Manager
Spurlock Poirier Associates, San Diego, CA
1995-1998 Associate, Project Manager
Cotton and Taniguchi Landscape Architects, Burlingame, CA
1994-1995 Associate

SELECT PROJECT EXPERIENCE

Institutional Campuses:

Cate School Facilities Reorganization and Faculty Housing Plan
Construction ongoing

Landscape Architect of record for implementing a multi-phased master plan for a re-configuring of this 200 acre private high school including an innovative, low-impact stormwater management design and large scale plantings of native plant species.

Malibu Lagoon Phase 1 enhancements

Provided design through construction supervision for a new visitor area using sustainable, Low Impact Design strategies and unique visitor features. The state funded project required coordination and approval by multiple agencies and non-profit organizations.

Oxnard Wastewater Treatment Plant

Provided project oversight and design guidelines for plantings and visitor interpretive park for wastewater treatment wetland

Seabreeze Community Church, Huntington Beach, California

4 acre, multi-phased institutional campus with a strong urban-design component including outdoor meeting areas, meditation gardens, courtyards, educational and play landscapes, and plazas.

Santa Barbara Museum of Natural History: 2004-ongoing

Re-design of the museum's campus to improve vehicular and pedestrian circulation, increase capacity of the site to absorb runoff, and provide an environmental education component to the campus. Project management and design provided while employed at Van Atta Associates.

Lagoon Park Wetlands, UCSB, Goleta, CA

Generated special grading, drainage and runoff calculations for the creation of vernal pools and access paths with raised decks and boardwalks. Project management and design provided while employed at Van Atta Associates.

UCSB Campus Housing, Santa Barbara, California: 2001

Prepared Low Impact Development Design Guidelines and Performance Standards as well as preliminary site design for the University's housing expansion. Being adjacent to the ocean and slough, Integrated Stormwater Management was the primary focus of the project. Project management and design provided while employed at Van Atta Associates.

John Paul Getty Center Central Garden, Brentwood, CA: 1995-1998

Worked closely with artist Robert Irwin to manifest his passionate visions for color, texture, harmony and contrasts into plant materials. Lane implemented a system of 3 dimensional computer modeling to visualize the complex system of steel retaining walls and stone fountain wall for the garden. Project management and design provided while employed Spurlock Poirier Associates.

Grand Canyon Transit Center, Grand Canyon, Arizona: 1998-2000

Provided project management and design leadership for a project encompassing two transit stations, ticketing plazas, parking areas and public trails for up to 4 million annual visitors. The project as designed will be an international benchmark for sustainable design. Project management and design provided while employed Murase Associates.

Commercial and Corporate Campuses:

Playa del Norte, San Clemente

Provided site and landscape architecture for this coastal urban-renewal project with opportunities for the broader public to interact with coastal natural resources in a public/private setting merging urban and natural environments.

Southern California Edison Chino Air Operations Facility

Project management and design for a airport operations campus for a large utility company including outdoor meeting areas, innovative stormwater management and site specific art installations.

Southern California Edison Wildomar Service Center

Project management and design for a new 19 acre corporate campus for a large utility company including outdoor meeting areas, innovative stormwater management and site specific art installations.

Santa Barbara Gateway Center:

Produced plans and sustainable development guidelines for this 15 acre mixed use development adjacent to Santa Barbara Airport with a focus on public transit serving amenities. The project, sponsored by the City of Santa Barbara is intended as a model sustainable project for the central coast region.

Patagonia Corporate Headquarters, Campus Master Plan

Campus reorganization and master plan including innovative low-impact design strategies. Multi-phased project. Project management and design provided while employed at Van Atta Associates.

Motorola Corporate Campus, San Diego, CA: 1996

Bordered by research and development campuses and a natural canyon preserve this 23 acre campus accentuate the canyon's presence by incorporating native habitat and urban design tying the project to its context. Project management and design provided while employed Spurlock Poirier Associates.

Pfizer Research and Development Campus, San Diego, CA: 1999-2000

Created a master plan and design implementation guidelines for this multi-phased corporate campus incorporating native habitat. Project management and design provided while employed Murase Associates.

Private Residences:**Valley Canyon Ranch, Del Mar, CA**

Close to 40 acres of rare Torrey Pine Woodland and Coastal Sage Scrub are the setting for this estate plan consisting of sculptural structures that serve to assimilate important habitat with the owner and his family. The master plan includes a new residence, private hiking trails and restoration plantings.

Greene Residence, Santa Barbara, CA

One acre residential garden including contract growing of over 10,000 native grasses for a native meadow, integrated stormwater features and water conserving features.

Blottnitz Residence, Hope Ranch, Santa Barbara, CA

Master planning and landscape architecture for large estate in the coastal zone of Santa Barbara requiring planning commission approval.

Cohen Residence, Toro Canyon, CA

Master planning and landscape architecture for large estate with environmentally sensitive habitat requiring multiple agency review.

Howard Residence, 232 Eucalyptus Hill, Santa Barbara, CA

Master planning and landscape architecture for large estate with environmentally sensitive habitat requiring multiple agency review and planning commission approval

Felsenthal Residence, Beverly Hills CA

Design and project management for period architecture with courtyard gardens, fountains, pergolas and an outdoor fireplace.

Kimberly and Arthur Silver Residence, Malibu CA

2 acre project with stringent view protection requirements and Coastal Commission mandates. The low-lying chaparral of the native coastal bluffs became the inspiration for the design

Moore Residence, Creston CA

Served as prime consultant for creating master planning documents and assembling team of consultants for a residence and out buildings on 100 acres with sensitive habitat

Lancashire Residence, Santa Barbara, CA

As a historic residence designed by the renowned 1930's Santa Barbara Architect Wallace Neff, the plans required review by the Historic Landmarks Commission. LG created a design for this garden with new pool terraces and extensive antique sculptures and fountains from the owner's collection.
