Summary Text:

On December 15, 2009, The Santa Barbara Sheriff's Department was awarded a grant of up to \$15,000 from California Emergency Management Agency (Cal EMA) for participation in the Project Safe Neighborhood-Anti Gang Initiative program. This program enhances law enforcement resources in the detection and investigation of gang related crimes. The Santa Barbara Sheriff's Department will receive up to \$15,000 for participation in this program and will use these funds for overtime and training.

Background: Statistics show that there are 14 identified street gangs within the 2,400 gang members documented throughout the County. In addition, there are also several outlaw motorcycle gangs found in the County. Gang-related incidents have become commonplace. The Sheriff's Department is the largest law enforcement agency in the County and has contact with all 14 criminal street gangs and outlaw motorcycle gangs. The Sheriff's Department Gang Unit is often called when other agencies need assistance with gang related crimes. The Sheriff's Department Gang Unit also routinely assists other

agencies with their gang prevention issues by having a presence at street fairs, festivals, car shows, motorcycle runs, gang related funerals, and probations/parole sweeps. This grant will allow deputies to work these events and assist allied agencies utilizing grant overtime instead of taking time away from the Gang Unit's primary responsibility, which is targeting the gangs that live in the Sheriff's Department's direct jurisdiction. The grant will also pay for specialized training, which should improve productivity and efficiency.
