Department of Social Services: Budget a transfer of general funds (\$52,000) from General County Programs, Fund 0001 to Fund 0055 for activities provided to the Cuyama Valley by the Department of Social Services.

**Justification:** For all changes: explain what the change is for and why it is needed. Attach additional justification, board Letters or spreadsheet, if appropriate. When moving Appropriation: explain why it's available. When Revenue is adjusted: explain the reason for the increase or decrease. For adjustments to General Fund Contingency: explain why no other alternative funding source is available.

This budget adjustment transfers \$52,000 of general funds from General County Programs (Dept 990/Fund 0001) to the Department of Social Services (Dept 044/Fund 0055) to partially fund services provided to the citizens of the Cuyama Valley. The \$52,000 is already budgeted for this purpose in General County Programs and is being transferred to DSS rather than First Five. At the request of the Board of Supervisors in June 2006, the Department of Social Services (through the KIDS Network) assumed responsibility for the development and operation of the Family Resource Center (FRC) in the Cuyama Valley from Catholic Charities-Santa Barbara, a local non profit organization.

Public Health Department: Allocate a portion (\$118,058) of the \$168,654 remaining from the sale of the old animal shelter to the PHD for capital and maintenance expenses at the new Animal Center in Santa Maria.

**Justification:** For all changes: explain what the change is for and why it is needed. Attach additional justification, board Letters or spreadsheet, if appropriate. When moving Appropriation: explain why it's available. When Revenue is adjusted: explain the reason for the increase or decrease. For adjustments to General Fund Contingency: explain why no other alternative funding source is available.

The budget for the completed Santa Maria Animal Center included a projected \$350,000 from the sale of the old shelter to be used for construction of the new animal shelter and other expenses. The actual sale price of the shelter was \$600,000 and after the projected \$350,000 and other escrow and contingency costs of \$81,345 were subtracted, a balance of \$168,654 remains.

Since both Public Health Department (PHD) and General funds were used in the construction of the new shelter in an approximate ratio of 70/30, respectively, this balance will be allocated in a 70/30 split to PHD and the general fund. This budget revision will return the 70% (\$118,058) of funds to the PHD. These funds will be used for capital and maintenance expenses at the new Animal Center. The remaining 30% of the amount (\$50,596) will be left in the Capital Fund to be used for other County capital needs.

For adjustments to General Fund Contingency: explain why no other alternative funding source is available.

Based on the latest estimate posted by the Auditor, the County Counsel Department is expected to be overbudget on Salaries and Benefits for FY2006-07 by approximately \$20,000. The budget revision recognizes \$25,000 of unanticipated revenue to ensure appripriations for the projected deficit in the Salaries and Benefits object level. County Counsel has a 2% salary savings built into the FY2006-07 budget and because of less vacancies this year, the salary account is expected to be over expended.

Probation: Increase Alcohol Drug and Mental Health Department (ADMHS) transfer to Probation for \$404,000 in unanticipated Medi-Cal revenue earned by Probation due to increased reimbursement of costs from Medi-Cal.

**Justification:** For all changes: explain what the change is for and why it is needed. Attach additional justification, board Letters or spreadsheet, if appropriate. When moving Appropriation: explain why it's available. When Revenue is adjusted: explain the reason for the increase or decrease. For adjustments to General Fund Contingency: explain why no other alternative funding source is available.

ADMHS: Increase "Operating Transfer Out" (account #7901) by \$404,000 to cover unanticipated increase in ADMHS Medi-Cal revenue earned by Probation Department in the Counseling and Education Centers (CEC) & Multi Agency Integrated System of Care (MISC) children's cross-agency collaborative programs.

Probation: Increase "Operating Transfer In" (account #5911) by \$404,000. This represents unanticipated revenue earned by Probation Officers. This increase in revenue will help offset the loss of revenue for Prop 172.

The increase in revenue from Medi-Cal is due to increased salary and indirect overhead costs covered by the Medi-Cal reimbursements. In addition, more claims submitted by Probation/ADMHS were approved for reimbursement by Med-Cal than budgeted.

Increase Probation Department "Salary and Benefits" object level appropriations by \$325,000 to allow for remaining payroll postings through FY 06-07 year end close due to less than anticipated salary savings.

**Justification:** For all changes: explain what the change is for and why it is needed. Attach additional justification, board Letters or spreadsheet, if appropriate. When moving Appropriation: explain why it's available. When Revenue is adjusted: explain the reason for the increase or decrease. For adjustments to General Fund Contingency: explain why no other alternative funding source is available.

This budget revision increases appropriations in LiAcct 6100 "Regular Salaries" by \$325,000 to allow for remaining payroll postings through the end of FY06-07. This increase to appropriations offset by recognizing \$125,000 of unanticipated LiAcct 4272 "SB90 Mandated Costs" reimbursement for claims filed for FY05-06 and FY06-07 domestic violence program services and \$200,000 of unanticipated LiAcct 4789 "Federal - Other" Office of Criminal Justice Programs (OCJP) narcotics suppression grant revenue that was claimed in FY04-05 but not received until FY 06-07.

The increase over the budgeted salaries is a due to less than anticipated vacancies and increased use of extra help to meet mandated staffing levels at juvenile detention facilities resulting in less than anticipated salary savings.

Public Works - Roads: Reduce revenues estimates and release designations in the amount of \$3,568,070.

**Justification:** For all changes: explain what the change is for and why it is needed. Attach additional justification, board Letters or spreadsheet, if appropriate. When moving Appropriation: explain why it's available. When Revenue is adjusted: explain the reason for the increase or decrease. For adjustments to General Fund Contingency: explain why no other alternative funding source is available.

Reduce revenue estimates for 1) a reduction in gas taxes (\$515,000); 2) errors in posting of 2005/06 revenue and expenditure accruals (\$1,500,000); and 3) overestimating reimbursements of federal projects (\$1,553,070). Release designations for an equal amount to provide funding for any unanticipated shortfalls during the year end closing process. It should be noted that only the amount of designations required to close year end in a positive position will be released.

Planning and Development: This budget revision will allocate into a designation the unexpended balance collected for the techonology fee this fiscal year (\$75,000) so the money can be reallocated next fiscal year for technology enchancements for the Accela permitting system.

Justification: For all changes: explain what the change is for and why it is needed. Attach additional justification, board Letters or spreadsheet, if appropriate. When moving Appropriation: explain why it's available. When Revenue is adjusted: explain the reason for the increase or decrease. For adjustments to General Fund Contingency: explain why no other alternative funding source is available.

In November 2006 your Board authorized a technology fee be collected for land use and building permits to enchance customer service to permit applicants and property owners through technology enhancements. In FY 06/07 the revenue collected (\$75,000) was not expended, therefore this budget revision will secure the funds in a designation to be used next fiscal year to begin the upgrading process of the Accela permitting system.

Human Resources: This revision designates \$325,000 from salary savings to partially fund the acquisition and implementation of a Human Resource Information System.

**Justification:** For all changes: explain what the change is for and why it is needed. Attach additional justification, board Letters or spreadsheet, if appropriate. When moving Appropriation: explain why it's available. When Revenue is adjusted: explain the reason for the increase or decrease. For adjustments to General Fund Contingency: explain why no other alternative funding source is available.

The County currently lacks a centralized system for tracking and reporting on its workforce. CEO/HR has been working on identifying systems to help address the County's workforce information needs. CEO/HR had several vacancies over the course of FY06-07, which took much longer than anticipated to fill. At the direction of the CEO, we are designating these salary savings for the purpose of implementing this countywide information system. CEO/HR anticipates starting implementation early in FY07-08. We will need to allocate funds for the initial license fee and any associated hardware that might be required such as web and database servers. In addition, there will be fees for building interfaces with our existing systems, such as payroll, and for training from the vendor.
