Dear Board of Supervisors,

As a climate activist and Santa Barbara resident I urge you to include the fossil fuel industry- the oil and gas industry- in the 2030 Climate Action Plan.

Sincerely,
Aine Brunelli

Dear Santa Barbara County Supervisors,

We are Santa Barbara residents and we urge you to amend the Climate Action Plan to include emissions from the fossil-fuel industry in the GHG inventory.

Santa Barbara County is never going to respond appropriately to the climate crisis if we lie to ourselves about the real numbers of emissions. We must count GHG emissions fairly and take appropriate measures to reduce them.

Los Angeles and Ventura count oil industry pollution, Santa Barbara must do the same.

Sincerely,

Pamela & John Bury

Supervisors: Please DENY Sable's application to resume drilling in the channel and to transport of oil by whatever means.

Thanks for considering my views.

Dear Santa Barbara County Supervisors,
Please amend the Climate Action Plan to include emissions from the fossil-fuel industry in the GHG inventory and reduction measures to help meet our climate goals.
Sincerely, Florence Klein
