EXHIBIT A – PROGRAM DESCRIPTION

- I. **Name of Program:** Psychiatric Inpatient Concurrent Review
- II. **Term of Program:** The term of the Program is upon execution by the County through December 31, 2024, unless earlier terminated or extended.
- III. **Program Objective and Overview:**

Objective:

The Program is the Psychiatric Inpatient Concurrent Review project being administered by CalMHSA on behalf of Participants with the primary purpose of conducting concurrent review and authorization for all psychiatric inpatient hospital and psychiatric health facility services on behalf of participating California County Mental Health Plans (“MHPs”).

By utilizing a technology-assisted concurrent review process the contractor will ensure a consistent and efficient review process across participating counties and will support MHP compliance with California Department of Health Care Services (DHCS) Behavioral Health Information Notice (BHIN) 19-026 (or any BHIN released by DHCS that supersedes BHIN 19-026), and the Parity in Mental Health and Substance Use Disorder Services Final Rule (Parity Rule; Tittle 42 of the CFR, § 438.910).

Overview:

Per the DHCS Behavioral Health Information Notice (BHIN) 19-026, MHPs are required to conduct concurrent review and authorization for all psychiatric inpatient hospital services and psychiatric health facility services. This BHIN also outlines policy changes implemented to ensure an MHP’s compliance with the Parity in Mental Health and Substance Use Disorder Services Final Rule (Parity Rule; Title 42 of the CFR, § 438.910).

Given these policy changes, CalMHSA has entered into a services contract (hereinafter referred to as the “Services Agreement”) with Keystone Peer Review Organization, Inc. (“Contractor”), also known as Kepro, who shall conduct concurrent review and authorization of inpatient psychiatric hospital services on behalf of multiple California County MHPs.

Contractor has agreed to provide a web-enabled utilization review platform and clinical services to carry out psychiatric inpatient concurrent review and authorization services and to provide other related services, as further described in the Services Agreement.

MHPs delegating concurrent review and authorization services to Contractor will range in size from small/rural to large counties and will be located throughout California. Although the review and authorization requirements are uniform, the communication needs of the participating counties or inpatient psychiatric hospitals where county beneficiaries are hospitalized may vary.
