Project does not involve creation of government funding mechanisms or other government fiscal activities which do not involve any commitment to any specific project which may result in a potentially significant impact on the environment.

Reasons to support exemption findings (attach additional material, if necessary):

This action does not constitute a project as submission of a grant application is a government funding mechanism which does not involve a commitment to a specific project. If the grant funds are awarded, they may be subject to environmental review under NEPA and/or CEQA for the possible impacts which are unique to the project.
