The site is identified as Assessor Parcel Number 079-070-057, located approximately 2.3 miles north of Cathedral Oaks Road along Winchester Canyon Road, known as 398 Winchester Canyon Road, Goleta area, Third Supervisorial District.

Summary Text:

The new prime agricultural preserve (07AGP-00000-00007) will consist of 39.64 acres used for avocado and row crops. The property is currently zoned AG-II-100 under the Land Use Development Code. On July 13, 2007, the Agricultural Preserve Advisory Committee recommended approval of the Agricultural Preserve Contract for the proposed project and found it consistent with the Uniform Rules.

Background:

Government Code Section 51200 (known as the California Land Conservation Act of 1965 or the Williamson Act) provides that local jurisdictions may establish an agricultural preserve program having the goal of retaining land in an agricultural use for 10 years on an annual renewal basis until such time as either the County or landowner enter into non-renewal. The County of Santa Barbara has adopted such a program which is codified under the Agricultural Preserve Program Uniform Rules. Both the County's Uniform Rules and the Government Code provide that agricultural preserve contracts between the County and landowners are voluntary. Therefore, there are no state mandates associated with this program.

Pursuant to Government Code Sections 65355 and 65090, a notice shall be published in at least one newspaper of general circulation. Mailed notice required to property owners within 300 feet of the project, including the real property owners, project applicant, and agencies expected to provide essential services shall be done at least 10 days prior to the hearing (Government Code Section 65091).
