### CANNABIS PERMITTING – LAND USE ENTITLEMENT PERMITS

The Planning and Development Department (P&D) is continuing to review submitted land use entitlement applications. As of December 24, 2025, there is currently one application for a new cannabis operation under review in the Carpinteria Agricultural Overlay Area (“Carpinteria Overlay”) and there are five applications for new cannabis operations in the Unincorporated area outside of the Carpinteria Agricultural Overlay (“Unincorporated area”).

To date, P&D has received 102 unique appeals of 65 cannabis projects. Of the 102 appeals received, 99 have been withdrawn, closed, or action has been taken by the decision maker. There are currently no active appeals to the County Planning Commission. The Appeal of the G&K Processing Building Design Review is the only active appeal to the County Board of Supervisors.

### CANNABIS LICENSING – COUNTY BUSINESS LICENSING

As of December 24, 2025, there are 133.45 acres of cannabis cultivation activities within the Carpinteria Overlay area, and 1,404.46 acres of cannabis cultivation activities within the remaining Unincorporated area which include all issued, approved, and submitted cultivation acres using the current definition in County Code Chapter 50 which excludes processing. On August 26, 2025, the Board adopted reduced caps to include acreage with *issued* land use entitlements; acreage with *approved* land use entitlements; and *submitted* acreage in the permit application process pending land use entitlement approval and issuance. The adopted ordinance, effective on September 26, 2025, caps the Carpinteria Overlay area at 134 acres and caps the

Unincorporated area at 1,417 acres. The caps limit cultivation acres only; processing acres are excluded. Both acreage caps were calculated by confirming the total acreage of all submitted, approved and issued cannabis cultivation land use entitlement applications submitted to the Planning & Development Department as of June 3, 2025.

TABLE 4. ACREAGE CAP EXCLUDING PROCESSING STATUS BY AREA

	<b>Eligibility List<sup>1</sup> Claimed Acreage</b>	<b>Acreage Left in the Cap</b>	<b>Acreage Cap</b>
Carpinteria Agricultural Overlay	131.52	2.48	134
Remaining Unincorporated Area	1,018.32	398.68	1,417

*1. All operators on this list have obtained an approved Land Use Entitlement, submitted a business license application that has been deemed complete and paid all required fees/deposits. Inclusion on the Eligible Business Applicants List does not guarantee the issuance of a Cannabis Business License. Inclusion on the Eligible Business Applicants List before a license has been issued reserves the acreage listed in the Land Use Entitlement Acreage column for the applicant, pending the issuance of a business license. If a license is issued, the applicant will secure their requested acreage, consistent with the acreage allocated in their issued Business License application and their land use entitlement.*
