1120 N Street
Sacramento, California 95814

Re: Letter of Intent: Scenic Highway designation for U.S. Highway 101 through the Gaviota Corridor.

Mr. Dougherty,

California State Parks (Channel Coast District) does not oppose the designation of the section of U.S. Highway 101 from Farren road to the intersection with Highway 1 as a Scenic Highway.

California State Parks supports this designation as long as the State Parks/Beaches in this region are not precluded from managing our current and future operations on such lands by adopting the new designation.

Sincerely,

Victor Bjelajac
Channel Coast District Superintendent.
