ARTICLE 7—TERM, TERMINATION, AND EXPIRATION

7.1 Term. The term of the EA will commence on the Effective Date and be for the period listed in Appendix B unless this EA is terminated earlier as provided herein.

7.2 Termination for a Material Breach; Convenience. Esri may terminate this EA for a material breach by Customer. Customer will be given a period of thirty (30) days from date of written notice to cure any material breach. Upon termination of this EA by Esri for a material breach by Customer, all licenses Deployed will also terminate, and the full amount of unpaid EA Fees will be due and payable by Customer within thirty (30) days from the date of termination. Customers shall uninstall, remove, and destroy all EA Products; training materials; and any whole or partial copies, modifications, or merged portions in any form. Customer shall deliver evidence of such destruction to Esri (e.g., certification letter). Customer may continue to use Rolled-In Software, provided Customer complies with the terms and conditions of the Master Agreement. Further, Esri agrees that Customer is not required to pay a maintenance reinstatement fee for lapsed maintenance for Rolled-In Software if Customer orders maintenance at time of EA termination. Other items that may be included in this EA—such as Advantage Program, access codes, and Esri User Conference registrations—will also terminate if this EA is terminated. This EA may not be terminated for convenience.

7.3 Termination for Non-Appropriation of Funds. Customer's obligation to pay the amounts due under this EA may be contingent upon appropriation of funds for this EA ("**Lack of Funds**"). Customer may terminate this EA for Lack of Funds by providing a written termination for Lack of Funds notice no less on or before June 30 of each year. In all such cases, the effective date of the termination will be the last day of the EA year for which Customer has paid. Under no circumstances may Customer deploy additional copies of the EA Products upon termination of the EA for Lack of Funds.

- a. Customer may retain a combination of some or all of the perpetual Deployed EA Products and all Rolled-In Software of like products identified in Appendix A, subject to the following conditions:
 - i. Customer will report the quantity and types of EA Products Deployed as of the termination date;
 - ii. Esri will calculate the aggregate value of EA Products Deployed, excluding Online Services or term based Products, at then-current list price, plus the aggregate cost of maintenance for the Deployed EA Products and Rolled-In Software (collectively, the "**Deployed EA Value**");
 - iii. Esri will deduct the value of all other deliverables, including but not limited to Online Services, term based Products training, virtual campus, workshops, and services, provided as part of this EA from the total EA Fees paid by Customer, as set forth on Appendix B, at the date of termination, ("**Remaining Value**");

- iv. If the Deployed EA Value is less than or equal to the Remaining Value, Customer may retain all Deployed perpetual EA Products and Rolled-In Software at the maintenance version current as of the date of termination. No refund will be provided to Customer's for unused fees.
 - v. If the Deployed EA Value is greater than the Remaining Value, Customer will inform Esri of the quantities of Deployed EA Products and Rolled-in Software that it will retain at the maintenance version current as of the date of termination, such that the aggregate Software and maintenance does not exceed the Remaining Value. Customer will uninstall, remove and destroy all Deployed EA Products not retained. Rolled-In Software not retained at current maintenance will revert to the version that was current as of the start date of the EA term.
- b. After termination, Customer must immediately uninstall, remove and destroy all Deployed EA Products not retained. All subscriptions, User Conference Passes, Training and other services will end at termination. Rolled-In software not retained at current maintenance will revert to the version that was current as of the start date of the EA term.
 - c. Within thirty (30) days of termination of the EA for Lack of Funds, Customer will document in writing to Esri the total quantity and type of Products for which Customer desires to obtain maintenance, if any. Payment of maintenance fees will be effective from the date of the EA termination.
 - d. Customer's use of any retained Products and Rolled-In Software following termination of the EA Agreement will be in accordance with the License Agreement. If at a future date Customer chooses to renew its Rolled-In Software or any other retained Products, Customer will be required to pay maintenance retroactive to the date of termination in order to receive the most current version and support as a part of the renewal agreement at no additional cost.

7.4 License Term and Use upon Expiration of EA Term. Upon full payment of EA Fee and expiration of this EA, the Master Agreement will survive, and Customer may continue to use the Deployed EA Products included in the final Deployment Report and Rolled-In Software in accordance with the terms and conditions set forth in the Master Agreement. Customer shall notify Esri of the quantity and type of licenses for which Customer elects to purchase standard maintenance. If maintenance is not ordered for Rolled-In Software or EA Products upon expiration of the EA, it lapses. If, at a later date, Customer decides to reinstate maintenance, Customer must pay maintenance reinstatement fees from the date of EA expiration (i.e., back maintenance fees). Customer may only purchase standard maintenance or reinstate maintenance on licenses that were included in the final Deployment Report. Customer shall not Deploy additional copies of the EA Products beyond the quantities in use upon termination or as of the date of expiration.

ARTICLE 8—RESERVED.

ARTICLE 9—RELATIONSHIP OF THE PARTIES

The EA does not constitute a partnership, joint venture, or agency between Esri and Customer. Neither Esri nor Customer will hold itself out as such, nor shall Esri or Customer be bound or become liable because of any representation, action, or omission of the other.

ARTICLE 10—FORCE MAJEURE

If the performance of any obligation under this EA is prevented, restricted, or interfered with by reason of fire, flood, earthquake, explosion, or other casualty or accident; strikes or labor disputes except for strikes or labor disputes regarding either party's workforce; inability to procure or obtain delivery of parts, supplies, or power; war; threat of or actual terrorist act, cyber attack, or other violence; any law, order, proclamation, regulation, ordinance, demand, or requirement of any government agency; or any act or condition whatsoever beyond the reasonable control of the affected party, the party so affected, upon giving prompt notice to the other party, will be provided a temporary extension for a period of time as may be reasonably necessary to allow for such delay, prevention, interference, or restriction.

ARTICLE 11—NO PUBLICITY OR ENDORSEMENT

Neither party shall use the other party's name or logo or any variation of such name or logo in any publicity, advertising or promotional materials. Neither party shall use the other party's name or logo in any manner that

would give the appearance that a party is endorsing the other party. Neither party shall in any way contract on behalf of or in the name of the other. Neither party shall release any informational pamphlets, notices, press releases, research reports, or similar public notices concerning the other party or its projects, without obtaining the prior written approval from the other party.

ARTICLE 12—ADMINISTRATIVE REQUIREMENTS

12.1 Esri Partner Original Equipment Manufacturer (OEM) Bundled or Embedded Items/Services. Certain Esri partners are authorized to either embed limited portions of Esri technology or bundle Esri products or services with the partner's application or service under Esri's OEM or Solution OEM programs. Partner pricing and product bundling is independent of this EA, and each partner markets under its own business model and pricing. Customer shall not be entitled to or seek any discount from the OEM partner or Esri, directly or indirectly, as a result of or based on the availability of such Products as EA Products under this EA. Customer shall not be entitled to or seek to decouple Esri's technology or products/services from the partner's bundle or solution. In addition, such Products or any component thereof included in the OEM software program or product, will be licensed through the Master Agreement provided by the OEM partner and not through this EA.

12.2 EA Products—Limited Quantity or Unit-Priced Items. Esri reserves the right to exclude new Products from uncapped Deployment. New Products may contain or be developed with (i) newly acquired technology obtained through a significant investment or (ii) third-party intellectual property that requires a unit-based royalty fee or prohibits Deployment under a site or enterprise license. Such items can be made available to Customer on a limited-quantity basis or as unit-priced items.

12.3 Obsolescence. During the term of this EA, some of the items listed in Appendix A may become obsolete, will no longer be commercially offered, or may no longer be available for Deployment. Customer may continue to use EA Products that have been Deployed, but support and upgrades for older items may not be available. EA Maintenance and maintenance and availability of EA Products identified in Appendix A will be subject to each item's Product Life Cycle Support Status and Esri's Product Life Cycle Support Policy, which can be found at <https://support.esri.com/en/other-resources/product-life-cycle> by selecting the product type and clicking the Product Life Cycle link for specific product plans.

ARTICLE 13—GENERAL PROVISIONS

13.1 If there is a conflict among any of the terms and conditions in the various documents, the order of descending precedence will be as follows: (1) Signature Page, (2) Enterprise License Terms and Conditions, (3) Master Agreement. For the avoidance of doubt, Article 7—Term, Termination, and Expiration of this EA supersedes any termination language in the Master Agreement with respect to all Products and Services provided under this EA. The Advantage Program terms and conditions in the Master Agreement take precedence over the provisions of this EA with respect to products or services provided under Advantage Program. Except as otherwise expressly provided herein, any amendment or addendum to this EA must be in writing and signed by an authorized representative of each party.

13.2 Survival of Certain EA Clauses. The provisions of Sections 2.3 and 7.4 and Article 8 of this Enterprise License Terms and Conditions document will survive the expiration or termination of this EA.
