Background:

These projects will rehabilitate approximately nineteen lane miles of County maintained roads. Locations are included on the attached street lists (Attachment E). This pavement rehabilitation project is one strategy the Department employs in its Pavement Preservation Program. The roadways will be milled to a specific and designated depth, and then new pavement will be constructed on top of the remaining structural section. The roads will then receive striping and pavement marking as a final step.

Foster Road

Dominion Road

Typical Road Surfaces to be Rehabilitated

Construction is scheduled to begin in April 2019 and completed by June 2019. Traffic control will be provided with delays anticipated to be less than 10 minutes. Public Works will notify emergency response services and will use construction area signs to notify the traveling public.

Your Board approved the filing of the California Environmental Quality Act (CEQA) Exemption on May 15, 2018, as part of the Fiscal Year 2018/19 Road Maintenance Annual Plan (RdMAP) approval, in conformance with CEQA Guidelines Section 15301(c). The adopted 2018/19 RdMAP lists all of the streets that will receive a pavement rehabilitation treatment under this contract.
