Subject: Zip line project

I just learned of the troubles Stewart Gildred is going through to get the zip line project off The ground, come on you guys! everyone knows that this would benefit the community as well as bring tourism dollars, I am not a big supporter of more tourist driving around our roads but I know YOU guys like the money so let's consider this a win-win.
I have lived in the valley for 16 years and have lived within A 40 mile radius for 51 years, this is a "good thing" Just because the casino has brought much aggravation to the residence of the valley don't let that influence this project. the casino is 90% bad this project is 100% good.
