Subject: Santa Rosa Road Tier II Winery Development Plan project, Case No. 13DVP-00000-00015

Categories: Complete (Docketed & Attached)

Dear Chair Adam and Members of the Board:

As one of the three appellants who appealed the Santa Rosa Road Winery Tier II Development Plan to the Planning Commission September 30, 2015, I have continuing concerns about the project.

While I greatly appreciate the efforts of the members of the Planning Commission, if I had better understood the winery event permitting process and the low number of events the other wineries on Santa Rosa Road had been granted, I would not have agreed to the compromises worked out in the September hearing.

Please note, I am speaking for myself only. The other two appellants in September have each had family members experience life threatening medical problems recently and I have chosen to not burden them with a discussion of the current appeal.

I support the solutions Mr. Field proposes.
