Summary Text:

The MSAs being established for fiscal year 2025-2026 contain specific services widely used amongst all County Departments that the Purchasing Agent will manage throughout the Term. The MSAs listed on the Master Service Agreement Listing – July 15, 2025 (Attachment 1) are to be executed and administered by the Purchasing Agent, and are substantially similar to the template MSA for

independent contractor services exceeding \$200,000 in annual aggregate costs approved by the Board of Supervisors on January 10, 2023 ("MSA Template"). The MSAs listed on Master Service Agreement Listing July 15, 2025, provide for certain independent contractor services as specified in the Statement(s) of Work attached as Exhibit A to each such MSA (Attachment 2), and may include other terms and conditions on file and approved by County Counsel and Risk Management, as appropriate. Below and included as Attachment 1 is a brief summary of the services to be provided:

1. **Cellco Partnership dba Verizon Wireless** – Contractor provides cellular services and equipment throughout the County. This includes department specific phones, respective service plans, and customer support.
2. **Sansum Clinic** – Contractor provides comprehensive medical services such as physicals, drug screening, vision testing, and immunizations. These services also include on-boarding physicals for new County employees.

Background:

The County's Procurement Services Division ("Purchasing") is focused on analyzing contracts, vendors, and spend amounts across County departments, and working on a Countywide level to make informed decisions on strategic sourcing opportunities. Purchasing leads the process of evaluating whether to participate in cooperative purchasing agreements, creating and managing certain countywide purchasing contracts.

Pursuant to County Code §2-42, the Purchasing Agent is authorized to engage independent contractors to perform services, with or without the furnishing of materials, within the limits provided by state law. Contracts for services of independent contractors with an annual aggregate cost in excess of \$200,000 are subject to Board approval.

On January 10, 2023, the Board of Supervisors approved the MSA Template and administrative changes to streamline the process for Board approval of such MSAs. Under such streamlined MSA procedures, Purchasing drafts, packages, presents for Board approval, and administers multi-Department MSAs exceeding the aforementioned \$200,000 threshold using the Board-approved MSA Template, and Statement(s) of Work attached thereto specifying the services to be provided thereunder as requested by participating County departments, and other terms and conditions on file and approved by County Counsel and Risk, as appropriate.

The updated MSA process enables Purchasing to propose that the Board approve an MSA with a vendor that is routinely being utilized by multiple County departments for similar services when the annual aggregate amount of County payments to such contractor exceeds, or is expected to exceed, \$200,000.

Purchasing then tracks and manages the aggregate dollar amounts of payments made under each Board-approved MSA on an ongoing basis throughout the term of such MSA, and recommends Board approval of amendments to such MSA as needed in order to increase the aggregate expenditure amount authorized under such MSA, and/or to provide for additional services thereunder, e.g., in the event that additional County departments desire to procure such services thereunder during the term of such MSA.

Fiscal and Facilities Impacts:

MSAs allow departments to procure services without the concern of approaching the \$200,000 aggregate spend threshold per contractor. Procurement Services implementation of the MSA for high spend contractors significantly reduces the associated costs of County departments developing their own individual contract which include:

- Terms and Conditions negotiations
- Board Approval Process
 - Board Letter development
 - Number of Board Letter Submissions
 - County Review from Risk Management, CEO, Auditor-Controller, County Counsel

Fiscal Analysis:

The price(s) and other terms and conditions for specific services to be provided pursuant to an MSA are set forth in Statement(s) of Work attached as Exhibit A to such MSA (Attachment 2). Each County department is responsible for ensuring that sufficient appropriations are included in their respective adopted budget prior to submitting to Purchasing a request for inclusion in an MSA a Statement of Work for the services that such department desires to procure under such MSA.
