SUBJECT: Supersede a Temporary Stop on North Jameson Lane; First Supervisorial District.

RECOMMENDATIONS: C.A. Recommendation: _____

That the Board of Supervisors adopt a "Temporary stop" resolution modifying Resolution No. 04-025 which did not include a third bridge location C-238 on North Jameson at Hixon Road.

ALIGNMENT WITH BOARD STRATEGIC PLAN:

The recommendation is primarily aligned with Goal #2: Ensure the public health and safety and provide essential infrastructure.

EXECUTIVE SUMMARY & DISCUSSION:

In early spring of 2004, construction of North Jameson Lane will commence and last for approximately two (2) years. The project consists of the widening of the roadway and reconstruction of three (3) bridges. On February 3, 2004, a resolution was approved by your Board listing only two bridge locations instead of three. It is necessary to list this third bridge (C-238) in the attached resolution which will supersede Resolution No. 04-025.

On January 6, 2004, your Board awarded the contract to the lowest responsible bidder. As a part of the project, it was deemed necessary to temporarily stop westbound traffic at Bridge Nos. C-197, C-198, and C-238 for the purpose of bicycle and pedestrian safety.

Due to various stages of construction, "One Way" traffic will be allowed only from east to west between Sheffield Drive and Hixon Road. This action will help expedite the project and will allow westbound motorists and residents access within the construction limits. Eastbound motorists will be detoured or find alternate routes. The Public Works Department recommends that a temporary stop and one way street be designated at the following locations:

- 1) Temporarily stop westbound traffic on North Jameson Lane at bridges No. C-197 and C-198, and C238 and temporarily stop east and westbound traffic at North Jameson Lane at Hixon Road.
- 2) Stop east and west traffic on North Jameson Lane at Hixon Road.
