**COUNTY DROUGHT RESILIENCE PLANNING ASSISTANCE PROGRAM**

THIS FUNDING AGREEMENT is entered into by and between the Department of Water Resources of the State of California, herein referred to as the "State" and the Santa Barbara County Public Health Department, Environmental Health Services, a public agency, in the State of California, duly organized, existing, and acting pursuant to the laws thereof, herein referred to as the "Grantee," which parties do hereby agree as follows:

1. PURPOSE. State shall provide funding pursuant to the Budget Act of 2021, as amended (Stats. 2022, ch. 44, § 25) to the Grantee to assist in financing the County Drought Resilience Planning 2023 Grant (Project). By executing this Agreement, the Grantee certifies that the purpose of the Project is in response to a drought scenario, as defined by Water Code section 13198(a) and is intended to: (1) address immediate impacts on human health and safety; (2) address immediate impacts on fish and wildlife resources; or, (3) provide water to persons or communities that lose or are threatened with the loss or contamination of water supplies.
2. TERM OF FUNDING AGREEMENT. The term of this Funding Agreement begins on the date this Funding Agreement is initially executed by State, through final payment plus three (3) years unless otherwise terminated or amended as provided in this Agreement. However, all work shall be completed by June 30, 2025, and no funds may be requested after December 31, 2025.
3. PROJECT COST. The reasonable cost of the Project is estimated to be \$137,490.
4. FUNDING AMOUNT. The maximum amount payable by the State under this Agreement shall not exceed \$125,000. Any additional costs are the responsibility of the Grantee.
5. BASIC CONDITIONS. State shall have no obligation to disburse money for the Project under this Funding Agreement until Grantee has satisfied the following conditions:
  - A. For the term of this Funding Agreement, Grantee submits timely Quarterly Progress Reports as required by Paragraph 12, "Submission of Reports."
  - B. Grantee submits all deliverables as specified in Paragraph 12 of this Funding Agreement and in Exhibit A.
6. DISBURSEMENT OF FUNDS. State will disburse to Grantee the amount approved, subject to the availability of funds through normal State processes. Notwithstanding any other provision of this Funding Agreement, no disbursement shall be required at

any time or in any manner which is in violation of, or in conflict with, federal or state laws, rules, or regulations pursuant to any federal statute or regulation. Any and all money disbursed to Grantee under this Funding Agreement shall be deposited in a separate account and shall be used solely to pay Eligible Project Costs.

7. ELIGIBLE PROJECT COST. Grantee shall apply State funds received only to Eligible Project Costs in accordance with applicable provisions of the law and Exhibit B. Eligible Project Costs include the reasonable costs of studies, engineering, design, legal fees, preparation of environmental documentation, environmental mitigations, and monitoring. Reimbursable administrative expenses are the necessary costs incidental but directly related to the Project included in this Agreement. Work performed on the Project on/after January 23, 2024, shall be eligible for reimbursement.

Costs that are not eligible for reimbursement include, but are not limited to the following items:

- A. Costs incurred prior to January 23, 2024.
- B. Operation and maintenance costs, including post-construction performance and monitoring costs.
- C. Purchase of equipment not an integral part of the Project.
- D. Establishing a reserve fund.
- E. Monitoring and assessment costs for efforts required after Project construction is complete.
- F. Replacement of existing funding sources for ongoing programs.
- G. Payment of federal or state taxes.
- H. Costs incurred as part of any necessary response and cleanup activities required under the Comprehensive Environmental Response, Compensation, and Liability Act; Resource Conservation and Recovery Act; Hazardous Substances Account Act; or other applicable law.
- I. Support of existing agency requirements and mandates (e.g., punitive regulatory agency requirement).
- J. Purchase of land or any interests in land.
- K. Overhead and indirect costs. "Indirect Costs" means those costs that are incurred for a common or joint purpose benefiting more than one cost objective and are not readily assignable to the funded project (i.e., costs that are not directly related to the funded project). Examples of Indirect Costs include but are not limited to: central service costs; general administration of the Grantee; non-project-specific accounting and personnel services performed within the Grantee's organization; depreciation or use allowances on buildings and equipment; the costs of operating and maintaining non-project-specific facilities; tuition; conference fees; and, generic overhead or markup. This prohibition applies to the Grantee and any subcontract or sub-agreement for work on the Project that will be reimbursed pursuant to this Agreement.

8. METHOD OF PAYMENT. After the disbursement requirements in Paragraph 5 “Basic Conditions” are met, State will disburse the whole or portions of State funding to Grantee, following receipt from Grantee via US mail or Express mail delivery of a “wet signature” invoice, or an electronic invoice certified and transmitted via DocuSign for costs incurred, including Cost Share, and timely Quarterly Progress Reports as required by Paragraph 12, “Submission of Reports.” Payment will be made no more frequently than monthly, in arrears, upon receipt of an invoice bearing the Funding Agreement number. State will notify Grantee, in a timely manner, whenever, upon review of an Invoice, State determines that any portion or portions of the costs claimed are not eligible costs or is not supported by documentation or receipts acceptable to State. Grantee may, within thirty (30) calendar days of the date of receipt of such notice, submit additional documentation to State to cure such deficiency(ies). If Grantee fails to submit adequate documentation curing the deficiency(ies), State will adjust the pending invoice by the amount of ineligible or unapproved costs.

Invoices submitted by Grantee shall include the following information:

- A. Costs incurred for work performed in implementing the Project during the period identified in the particular invoice.
- B. Costs incurred for any interests in real property (land or easements) that have been necessarily acquired for the Project during the period identified in the particular invoice for the implementation of the Project.
- C. Invoices shall be submitted on forms provided by State and shall meet the following format requirements:
  - i. Invoices must contain the date of the invoice, the time period covered by the invoice, and the total amount due.
  - ii. Invoices must be itemized based on the categories (i.e., tasks) specified in Exhibit B. The amount claimed for salaries/wages/consultant fees must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = the total amount claimed).
  - iii. One set of sufficient evidence (i.e., receipts, copies of checks, timesheets) must be provided for all costs included in the invoice.
  - iv. Each invoice shall clearly delineate those costs claimed for reimbursement from the State’s funding amount, as depicted in Paragraph 4, “Funding Amount”.
  - v. Invoices can be submitted by one of the following methods.
    - a. Via either email at [wuegrants@water.ca.gov](mailto:wuegrants@water.ca.gov) or upload it on DWR’s GRanTS website ([Grants.water.ca.gov](http://Grants.water.ca.gov)).
    - b. Mail the invoice with the original “wet signature” to the following address:  
Sarah Ko  
Department of Water Resources

Division of Regional Assistance  
715 P Street, 6<sup>th</sup> Floor  
Sacramento, CA 95814

All invoices submitted shall be accurate and signed under penalty of law. Any and all costs submitted pursuant to this Agreement shall only be for the tasks set forth herein. The Grantee shall not submit any invoice containing costs that are ineligible or have been reimbursed from other funding sources unless required and specifically noted as such (i.e., match costs/cost share). Any eligible costs for which the Grantee is seeking reimbursement shall not be reimbursed from any other source. Double or multiple billing for time, services, or any other eligible cost is illegal and constitutes fraud. Any suspected occurrences of fraud, forgery, embezzlement, theft, or any other misuse of public funds may result in suspension of disbursements of grant funds and/or termination of this Agreement requiring the repayment of all funds disbursed hereunder plus interest. Additionally, the State may request an audit pursuant to Paragraph D.5 and refer the matter to the Attorney General's Office or the appropriate district attorney's office for criminal prosecution or the imposition of civil liability. (Civ. Code, §§ 1572-1573; Pen. Code, §§ 115, 470, 487-489.)

9. WITHHOLDING OF DISBURSEMENTS BY STATE. If State determines that the Project is not being implemented in accordance with the provisions of this Funding Agreement, or that Grantee has failed in any other respect to comply with the provisions of this Funding Agreement, and if Grantee does not remedy any such failure to State's satisfaction, State may withhold from Grantee all or any portion of the State funding and take any other action that it deems necessary to protect its interests. Where a portion of the State funding has been disbursed to the Grantee and State notifies Grantee of its decision not to release funds that have been withheld pursuant to Paragraph 10, the portion that has been disbursed shall thereafter be repaid immediately as directed by State. State may consider Grantee's refusal to repay the requested disbursed amount a contract breach subject to the default provisions in Paragraph 10, "Default Provisions." If State notifies Grantee of its decision to withhold the entire funding amount from Grantee pursuant to this Paragraph, this Funding Agreement shall terminate upon receipt of such notice by Grantee and the State shall no longer be required to provide funds under this Funding Agreement and the Funding Agreement shall no longer be binding on either party.
10. DEFAULT PROVISIONS. Grantee will be in default under this Funding Agreement if any of the following occur:
- A. Substantial breaches of this Funding Agreement, or any supplement or amendment to it, or any other agreement between Grantee and State evidencing or securing Grantee's obligations.
  - B. Making any false warranty, representation, or statement with respect to this Funding Agreement, the application, or any documents filed to obtain grant funding.
  - C. Failure to operate or maintain the Project in accordance with this Funding Agreement.

- D. Failure to make any remittance required by this Funding Agreement, including any remittance recommended as the result of an audit conducted pursuant to Paragraph D.5.
- E. Failure to submit timely progress reports.
- F. Failure to routinely invoice State.
- G. Failure to meet any of the requirements set forth in Paragraph 11, "Continuing Eligibility."

Should an event of default occur, State shall provide a notice of default to the Grantee and shall give Grantee at least ten (10) calendar days to cure the default from the date the notice is sent via first-class mail to the Grantee. If the Grantee fails to cure the default within the time prescribed by the State, State may do any of the following:

- A. Declare the funding disbursed be immediately repaid.
- B. Terminate any obligation to make future payments to Grantee.
- C. Terminate the Funding Agreement.
- D. Take any other action that it deems necessary to protect its interests.

In the event State finds it necessary to enforce this provision of this Funding Agreement in the manner provided by law, Grantee agrees to pay all costs incurred by State including, but not limited to, reasonable attorneys' fees, legal expenses, and costs.

**11. CONTINUING ELIGIBILITY.** Grantee must meet the following ongoing requirement(s) to remain eligible to receive State funds:

- A. Grantee must adhere to the protocols developed pursuant to The Open and Transparent Water Data Act (Wat. Code, § 12406) for data sharing, transparency, documentation, and quality control.
- B. If the Grantee diverting surface water, the Grantee must maintain compliance with diversion reporting requirements as outlined in Water Code section 5100 et seq.
- C. If applicable, maintain compliance with the Urban Water Management Planning Act (Wat. Code, § 10610 et seq.).
- D. If applicable, maintain compliance with Sustainable Water Use and Demand Reduction requirements outlined in Water Code Section 10608, et seq.
- E. On March 4, 2022, the Governor issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. The EO may be found at: <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf>. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under State law. The EO directs DWR to terminate funding agreements with, and to refrain from entering any new agreements with, individuals or entities that are determined to

be a target of Economic Sanctions. Accordingly, should the State determine that the Grantee is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this Agreement. The State shall provide the Grantee advance written notice of such termination, allowing the Grantee at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.

12. SUBMISSION OF REPORTS. The submittal and approval of all reports is a requirement for the successful completion of this Funding Agreement. Reports shall meet generally accepted professional standards for technical reporting and shall be proofread for content, numerical accuracy, spelling, and grammar prior to submittal to State. All reports shall be submitted to the State's Project Manager and shall be submitted via email or DWR's "Grant Review and Tracking System" (GRanTS). If requested, Grantee shall promptly provide any additional information deemed necessary by State for the approval of reports. Reports shall be presented in the formats described in the applicable portion of Exhibit F. The timely submittal of reports is a requirement for initial and continued disbursement of State funds. Submittal and subsequent approval by the State, of a Project Completion Report is a requirement for the release of any funds retained for such project.
- A. Quarterly Progress Reports: Grantee shall submit Quarterly Progress Reports to meet the State's requirement for disbursement of funds. Quarterly Progress Reports shall be sent directly to the Project Manager via email or uploaded via GRanTS, and the State's Project Manager notified of upload. Quarterly Progress Reports shall, in part, provide a brief description of the work performed, Grantee's activities, milestones achieved, any accomplishments and any problems encountered in the performance of the work under this Funding Agreement during the reporting period. The first Quarterly Progress Report should be submitted to the State no later than three months after the execution of the agreement with future reports then due on successive three-month increments based on the invoicing schedule and this date.
  - B. Project Completion Report: Grantee shall prepare and submit to State a Project Completion Report for the Project. Grantee shall submit the Project Completion Report within ninety (90) calendar days of project completion. The Project Completion Report shall include, in part, a description of actual work done, any changes or amendments to the Project, and a final schedule showing actual progress versus planned progress, copies of any final documents or reports generated or utilized during the Project.
  - C. Documentation of Consistency with Water Code section 10609.50, et seq. (SB 552; Stats. 2021, ch. 245) County Requirements: During or upon completion of the Project, the Grantee shall submit evidence of the task force or other allowed alternative process (see Water Code Section 10609.70 (a)(1-2)). The Grantee shall also provide evidence of completion of the County Drought Resilience Plan (as standalone or as an element of an existing county plan), as described in Water Code section 10609.70(b). Substantial changes generally include changes to the scope of work, schedule or term, and budget.

- C. Discovery of any potential archaeological or historical resource. Should a potential archaeological or historical resource be discovered during construction, the Grantee agrees that all work in the area of the find will cease until a qualified archaeologist has evaluated the situation and made recommendations regarding preservation of the resource, and the State has determined what actions should be taken to protect and preserve the resource. The Grantee agrees to implement appropriate actions as directed by the State.

### **WORK PLAN**

**Project Title** – County Drought Resilience Planning 2023 Grant

**Grantee** – Santa Barbara County Public Health Department, Environmental Health Services

**Project Description:** The Project will support Santa Barbara County (County) in meeting Senate Bill (SB) 552 (Stats. 2021, ch. 245) requirements. SB 552 requires county governments in (1) establishing a County Drought Task Force (CDTF) and (2) preparing a comprehensive Drought Resilience Plan (DRP) that identifies risks and drought mitigation strategies for state small water systems and domestic wells. The Grantee will coordinate with a consultant to complete the Project.

#### **Task 1: Drought Resilience Plan Development**

The consultant will develop a DRP that is consistent with the California DWR's County Drought Resilience Planning Guidebook (Guidebook) (March 2023) and other local, regional, or state requirements. The DRP will focus on small water systems (less than 200 connections), state small water systems (5 to 14 connections), and domestic wells (less than 4 connections) and assess social and physical factors that may affect these systems during a water shortage.

As part of the risk assessment and response plan, the steps may consist of:

- a. Describe the hazard. Review historical drought data and characterize conditions for each system, region, and basin to analyze long-term trends in streamflow and precipitation.
- b. Define the scope and community assets. Identify the wells and water users of interest in the County using existing geospatial datasets and resources that document small water systems, state small water systems, and domestic wells. Analysis may use DWR's Water Shortage Vulnerability Explorer and California's Groundwater Live tools.
- c. Conduct vulnerability assessment. Evaluate physical and social factors related to drought.
- d. Analyze risks. The consultant will compile results from the previous steps and coordinate with the CDTF to identify risks of water shortage to local communities.
- e. Summarize assessments. Key findings will be summarized in tables and figures.
- f. Assess capabilities. Consider technical and financial resources required to manage data and information guiding the assessment. At a minimum, evaluate the availability of water hauling services and temporary storage tanks.

The DRP will also consider:

- a. Identification of feasible water system consolidation opportunities
- b. Description of a Domestic Well Drinking Water Mitigation Program
- c. An assessment of short-term emergency and interim drinking water responses
- d. An analysis of long-term mitigation strategies and actions to implement recommendations
- e. Funding analysis

- f. Cross-walk of potential alignment with other County plans
- g. Health Equity and Environmental Justice Considerations
- h. Drought predictors

**Deliverables**

- Summary report of risk assessments, including maps and figures
- Matrix of short-term response actions and long-term mitigation strategies

**Task 2: Public Outreach and Community Engagement**

The consultant will conduct a minimum of three (3) community meetings for drought resilience planning. These meetings will ensure they are geographically distributed to collect input from diverse communities throughout the County. Possible meeting locations include Santa Maria Valley, the Santa Ynez Valley, the South Cost part of the County, and Cuyama Valley. The final number and location will be determined in consultation with the County. Outreach activities include:

- a. Promoting the community meetings weeks in advance via the County website and emailing community groups (e.g. The Coalition of Labor, Agriculture, and Business (COLAB), Rotary Clubs, CommUnify).
- b. Providing English and non-English (e.g. Spanish) information sheets (which includes infographics) that summarizes the meeting's main takeaways
- c. Hosting meetings in the evenings, offering a hybrid option for members to join virtually via video call or phone.
- d. Offering opportunities to collect anonymous open-ended feedback

Along with the CDTF, key groups that will be invited to attend meetings include, but not limited to: Santa Barbara County Water Agency, groundwater sustainability agencies, local water districts and municipalities, local environmental and advocacy organizations, agricultural farmers and businesses, UC Cooperative Extension, local landowners and well owners, state agencies, and tribal governments.

**Deliverables**

- Task Force Charter
- Records showing that outreach is inclusive of groups listed in SB 552
- Documentation of meetings (e.g. agendas, meeting minutes)

**Task 3: Final DRP and Presentation**

The consultant will incorporate data collected from Tasks 1 and 2 and review the DRP to ensure that it meets DWR's guidelines to support the implementation of drought plans, as well as subsequent delivery and public outreach relating to the plan. Feedback collected from the public meetings from Task 2 will be compiled into a comprehensive report, detailing all findings, results, and recommendations.

The final draft DRP will be presented by the consultant to the Board of Supervisors (BOS) that summarizes major findings, such as interim long-term recommendations for

drought resilience and mitigation. This meeting will outline key takeaways and provide a forum for the BOS to engage in discussion about the DRP and broader outcomes relating to the final deliverables. The presentation will include policy implications relating to the recommendations within, including recommended community outreach and resources to familiarize interested parties and partners with the core principles of the final DRP, and how they will be implemented. The final presentation may be conducted online or in a hybrid setting.

**Deliverables**

- DRP Presentation
- Final draft of DRP

**Task 4: Grant Administration**

This task includes project administration, invoicing, and reporting.

Grant administration includes working with DWR to develop and execute the Grant Agreement, administration of the Project including overseeing the budget and schedule, making payments to contractors, and other activities related to the completion of the Project.

Invoicing includes preparing and submitting invoices and appropriate backup documentation to the DWR Project Manager describing the work completed and listing the costs incurred during the billing cycle.

Reporting includes preparing and submitting progress reports. Prepare quarterly reports and submit them to DWR. Draft Grant Completion Report and submit for DWR comment. Prepare final Grant Completion Report incorporating DWR comments. All reports should be prepared as specified in Exhibit F of this Agreement.

**Deliverables**

- Invoices and supporting documentation
- Quarterly progress reports

**Task 5: Travel and Miscellaneous**

This task will cover the in-State travel costs for consultant staff. The Grantee will be reimbursed at the State's rate for travel in accordance with Paragraph D.41. The Grantee will cover any extra/excess travel and per diem costs. The consultant will submit records to the Grantee documenting travel, such as mileage records and hotel stays. Other project management activities that do not fall into Tasks 1 through 4, and are related this Project, will be covered in this task.

**Deliverables**

- Travel records for consultant staff

**Exhibit B****BUDGET**

All work associated with the Project must be completed prior to payment of retention. Backup documentation for cost share will not be reviewed for the purposes of invoicing. The Grantee is required to maintain all financial documents related to the Project in accordance with Exhibit G (State Audit Document Requirements for Grantees).

Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. From time to time, Department of Water Resources (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.
