Santa Barbara County Board of Supervisors
105 East Anapamu Street
Santa Barbara, CA 93101

Dear Sir or Madam:

I support adoption of the Eastern Goleta Valley Community Plan ESH map. The draft map currently omits rare species' habitats, even though they are by definition ESH. The Board should direct staff to include all known types of ESH on the ESH map because including only some ESH on the ESH map is misleading and is likely to result in unintended removals by people relying on the ESH map. Please add the rare species' habitats to the ESH so that it is more complete and informative, then approve the ESH map. Thank you for your time.

Sincerely,

Ann Khanna.
