Interests & Experiences

Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.

I am deeply committed to improving access, safety, and compassion in behavioral health and women’s services across Santa Barbara County. Having worked for years in specialized medical and behavioral health transportation, I’ve witnessed firsthand the gaps that exist for individuals and families navigating our health system, especially during times of crisis or transition. I believe that no one should face barriers to care because of mobility, geography, or lack of coordinated support. Serving on the Behavioral Health Commission and the Commission for Women would allow me to contribute a practical, field-based perspective that helps bridge policy with real-world service delivery.

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.
