12. EXPERIENCE: Please explain why you are interested in serving and what experience you bring to the Commission or Committee for which you are applying.

I feel that I have entered the time in my career that my experience with individual clients and various agency programs over the last 23 years can only bring a new and helpful viewpoint to the Commission. I believe that education empowers, protects and changes our community. The Commission has an important role in that continued education in our community and I hope to be part of that continued change.

13. ADDITIONAL INFORMATION: Give any information explaining your qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for above Board, Commission, or Committee. Attach additional sheets as necessary.

My interest in serving on the Commission is an extension of my entire adult life where I have supported the empowerment and education of women of all ages. Over the last 23 years, I have stayed at my agency due to my belief that the Rape Crisis and Child Protection Center empowers and educates women of all ages to make changes in their individual lives as well as in their community. We believe that change starts with educating the community, and that is exactly what half of our agency does on a daily basis. Since my promotion, I supervise all our outreach and educational programs. This includes our ChildSAFE program that is in all the north county schools, as well as our Outreach programs that not only includes information on abuse, but human trafficking as well. As part of my role here at the Center, I have been involved with the Vets Stand down for the last 3 years, the Human Trafficking Task Force and Cal-Casa. As an individual I have had a 28-year membership with International Order of P.E.O. which provides college scholarships for women. I also belong to the northern Santa Barbara County Women's Fund. I feel that my experience, education and knowledge from several years working on the front-line can enhance the Board and their goals.
