Dear Mr. Hunter:

On November 20, 2007, you presented in concept your proposed resort development at La Purisima Golf Course. You also responded to questions and requested City Council support. On November 24, 2007, Lompoc City Council opted to support your project in concept, as presented. The Lompoc City Council feels that the proposed enhancement will benefit the Lompoc Valley economic climate by adding a destination business that provides onsite leisure activities and meeting facilities for small conferences.

The Lompoc City Council wishes you success.

Sincerely,

Dick DeWees  
 Mayor
