Summary Text:

The Santa Barbara County Department of Behavioral Wellness (Behavioral Wellness) provides a continuum of substance use disorder services to Santa Barbara County residents, in part through contracted providers including Community-Based Organizations (CBOs). The above referenced contract is on the agenda to request approval for a contract renewal with Pacific Pride Foundation (PPF), to provide necessary Alcohol and Drug Outreach, Harm Reduction, and Overdose Prevention Services and HIV Early Intervention Services. Approval of the recommended actions will allow Behavioral Wellness to continue to provide lifesaving overdose, early intervention, and substance use prevention services.

Background:

The country is fighting a nationwide opioid epidemic with opioid overdose (OD) deaths surpassing deaths from automobile accidents. Opioids include prescription pain pills and heroin. Santa Barbara County reflects this trend with the vast majority of deaths in the County involving opioids. To address opioid abuse, Behavioral Wellness began providing alcohol and drug outreach, harm reduction and overdose prevention measures through training and distribution of the opioid antidote, Naloxone.

Since 1998, Behavioral Wellness has contracted with Pacific Pride Foundation (PPF), the foremost expert with over 40 years of experience in advocacy and education of the emerging needs of the Lesbian, Gay, Bisexual, Transgender, Queer/Questioning (LGBTQ+) community. With offices in Santa Barbara and Santa Maria, PPF has a strong presence in the community and is a respected leader providing high quality, compassionate health and social service programs not available through any other organization in the County.

With the LGBTQ+ community being twice as likely to abuse alcohol and substances, and with the rising concern over opioid overdoses and deaths in the County, in 2017 Behavioral Wellness contracted with PPF to provide two new services that focus on outreach and prevention through trainings to individuals and community members about the LGBTQ+ community. This training model has been highly successful throughout the country in reducing harm. PPF provides trainings to support those struggling with substance dependency and provide Overdose (OD) Prevention and Reversal trainings. The training programs and harm reduction Naloxone distribution fills a much needed gap in prevention services for anyone struggling with substance dependency and the LGBTQ+ population. Pacific Pride Foundation provides county-wide alcohol and drug prevention outreach and harm reduction programs with a focus on LGBTQ+ issues.

LGBTQ+ Trainings

Training for LGBTQ+ individuals and community organizations is aimed at increasing cultural competence, awareness, education and understanding of specific issues and particular pressures surrounding the LGBTQ+ community in its relationship to alcohol and drug issues. The need for LGBTQ+ trainings will directly acknowledge and provide the unique and nuanced care necessary to create safe environments for, and assistance to, LGBTQ+ people living with addiction and in recovery. These trainings will focus on topics such as creating a safe environment, cultural competency and issues specific to the LGBTQ+ people for accessing services around alcohol and drug use.

Overdose Prevention and Reversal Trainings

In 2010, to address the current opioid abuse problem in our county, Behavioral Wellness increased funding for opioid treatment and organized town hall meetings and forums on the dangers of prescription drug abuse. The County included prescription drug abuse as one of the four (4) top priorities in our Strategic Prevention Plan (SPP), FY 2012–2017 and again in FY 2017-2022 Behavioral Wellness began exploring successful prevention treatment options and training all contracted treatment providers to address opioid abuse, regardless of any client’s drug of choice (DOC). In addition, Behavioral Wellness created Policy and Procedures, modeled after the California Drug Overdose Treatment Liability Act, AB 635, signed into law on January 1, 2014 (Civil Code § 1714.22). Naloxone negates or neutralizes, in whole or part, the effects of opioids in the body. In addition, included in all ADP treatment provider contracts was OD awareness and prevention requirements.

This two-pronged approach to the most vulnerable population will provide a uniform method for a more positive outcome and will enhance services for those struggling with substance dependency. The prevention trainings are evidence-based and rely on a proactive methodology to address the opioid epidemic in Santa Barbara County. The use of Naloxone during the first two quarters of our current fiscal year has resulted in 179 known reversals.

HIV Early Intervention Services

HIV Early Intervention Services will now be provided to individuals receiving AOD treatment. Federal law requires that a minimum set-aside of five percent of the total SAPT Block Grant Award be spent on HIV Early Intervention Services for AOD clients receiving AOD treatment services. Services will consist of HIV information sessions, Counseling, and HIV testing at treatment site and through mobile testing units. Services will take place in both North and South Santa Barbara County including the Youth Opioid Response (YOR) Place in Lompoc and Isla Vista.

Approval of the recommendation action will allow Behavioral Wellness to continue their outreach to the most vulnerable population to educate the community, provide HIV Early Intervention Services, and to improve harm reduction through OD reversals.

Performance Goals and Measures:

PPF’s performance outcomes and goals include, but are not limited to, the following:

1. Number of Prevention and Reversal trainings conducted;
2. Number of individuals educated about the opioid epidemic and opioids in general;
3. Number of individuals trained to train targeted individuals to use Naloxone to reverse an OD;
4. Number of Naloxone kits distributed;
5. Number of successful OD reversals; and
6. Number of HIV tests administered.

During the first two quarters of FY 20-21, PPF had the following outcomes:

LGBTQ+ Outreach activities: From a total of 102 clients on average participants reported a 13% increase in knowledge regarding sexual orientation and gender identity, an 16% increase in knowledge of welcoming practices.

Harm reduction: Pacific Pride provides overdose prevention and reversal and distributes Naloxone/Narcan to clients, clients’ families and CBO’s. They provided 2 general educational presentations and sessions, trained 5 people in 2 naloxone training sessions, distributed 931 Naloxone kits, and recorded 179 known reversals.

They are on track to meet their program expectations. HIV Early Intervention Services are now being provided again through PPF and anticipate success in reaching goals.

Fiscal and Facilities Impacts:

Narrative: The above referenced contract is funded by State funds. The funding source is included in the FY 21-24 Budget. Execution of this contract will not increase the use of general fund dollars by Behavioral Wellness.

Key Contract Risks:

As with any contract funded by State and Federal sources, there is a risk of future audit disallowances and repayments. There is the risk that the State will disallow units of service or determine costs to be non-allowable, resulting in repayment. Behavioral Wellness contracts include language requiring contractors to repay any amounts disallowed in audit findings, minimizing financial risks to County.

1. PROGRAM SUMMARY.

Human Immunodeficiency Virus (HIV) Early Intervention Services Program (hereafter, "HIV/EIS Program") provides HIV Early Intervention Services to individuals receiving AOD treatment. HIV services shall be provided at the treatment site or at other locations. The Contractor shall primarily provide services via mobile testing units. Federal law requires that a minimum set-aside of five percent of the total SAPT Block Grant Award be spent on HIV Early Intervention Services for AOD clients receiving AOD treatment services. HIV Services provided by Contractor shall include: HIV Information Sessions, HIV Tests via OraQuick *ADVANCE*® Rapid HIV-1/2 Antibody Test, HIV Risk Assessment Counseling, HIV Disclosure Counseling, and Referral Counseling.

The HIV/EIS Program will be headquartered at 608 Anacapa St., Ste. A, Santa Barbara, California. Testing will take place on a regular basis in both North and South Santa Barbara County at locations that will include: The Youth Opioid Response (YOR) Place in Lompoc and Isla Vista.

2. PROGRAM GOALS.

- A. Reduce the spread of HIV/AIDS among Alcohol and Drug Program (ADP) clients in Santa Barbara County.
- B. Provide HIV tests in combination with required counseling to clients at high risk for the virus.
- C. Educate clients about HIV risk factors to empower them to stay healthy.
- D. Reduce exposure to HIV in the AOD treatment population using HIV testing to inform and educate clients about risky behaviors and methods to reduce exposure risk.

3. DEFINITIONS.

- A. OraQuick *ADVANCE*® Rapid HIV-1/2 Antibody Test: The OraQuick *ADVANCE*® Rapid HIV-1/2 Antibody Test detects antibodies to HIV-1 and HIV-2 in saliva or blood specimens obtained by fingerstick. As is true of all HIV screening tests, a reactive test result needs to be confirmed by an additional, more specific test. Results of the test can be read in as little as 20 minutes.

4. SERVICES.

- A. Contractor shall provide HIV Early Intervention Counseling Services, which are those activities involved in the prevention and delay of the progression of HIV/HCV by encouraging HIV counseling, testing, and assessment of the progression of the disease:

tools that are sensitive to age, developmental level, culture, gender, and sexual orientation.

- ii. Risk Assessment HIV - a brief evaluation of HIV behavioral risk factors used to decide who should be recommended for HIV testing, interventions, or other services. A risk assessment is usually done as part of targeted testing because it requires asking a person about behavioral risk factors for HIV and other infectious diseases.

B. Contractor shall provide HIV Testing, as described in Section 3 (Definitions) throughout both North and South Santa Barbara County locations.

C. Contractor shall provide training HIV Education to Contractor's staff on understanding the relationship of substance abuse and the possible transmission of the HIV/AIDS viruses which includes education sessions covering understanding of HIV/AIDS, risks of drug use and drug injection, sexual behavior and HIV/AIDS,. D. Contractor shall provide HIV Early Intervention Referral Services which includes:

Should Contractor receive any such payment, it shall immediately notify County and shall immediately repay all such funds to County. EXHIBIT C
STANDARD
INDEMNIFICATION
AND
INSURANCE PROVISIONS

EXHIBIT C

Indemnification and Insurance Requirements

(For Professional Contracts version 2014 04 04)

INDEMNIFICATION

Contractor agrees to indemnify, defend (with counsel reasonably approved by County) and hold harmless County and its officers, officials, employees, agents and volunteers from and against any and all claims, actions, losses, damages, judgments and/or liabilities arising out of this Agreement from any cause whatsoever, including the acts, errors or omissions of any person or entity and for any costs or expenses (including but not limited to attorneys' fees) incurred by County on account of any claim except where such indemnification is prohibited by law. Contractor's indemnification obligation applies to County's active as well as passive negligence but does not apply to County's sole negligence or willful misconduct.

NOTIFICATION OF ACCIDENTS AND SURVIVAL OF INDEMNIFICATION PROVISIONS

Contractor shall notify County immediately in the event of any accident or injury arising out of or in connection with this Agreement. The indemnification provisions in this Agreement shall survive any expiration or termination of this Agreement.

INSURANCE

Contractor shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder and the results of that work by the Contractor, its agents, representatives, employees or subcontractors.

A. Minimum Scope of Insurance

Coverage shall be at least as broad as:

1. **Commercial General Liability (CGL):** Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including products-completed operations, personal & advertising injury, with limits no less than \$1,000,000 per occurrence and \$2,000,000 in the aggregate.
2. **Automobile Liability:** ISO Form Number CA 00 01 covering any auto (Code 1), or if Contractor has no owned autos, hired, (Code 8) and non-owned autos (Code 9), with limit no less than \$1,000,000 per accident for bodily injury and property damage.
3. **Workers' Compensation:** as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease.
4. **Professional Liability (Errors and Omissions):** Insurance appropriate to the Contractor's profession, with limit of no less than \$1,000,000 per occurrence or claim, \$2,000,000 aggregate.

If the Contractor maintains higher limits than the minimums shown above, the County requires and shall be entitled to coverage for the higher limits maintained by the Contractor. Any available

insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the County.

B. Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

1. **Additional Insured** – County, its officers, officials, employees, agents and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Contractor’s insurance at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 and CG 20 37 if a later edition is used).
2. **Primary Coverage** – For any claims related to this Agreement, the Contractor’s insurance coverage shall be primary insurance as respects the County, its officers, officials, employees, agents and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents or volunteers shall be excess of the Contractor’s insurance and shall not contribute with it.
3. **Notice of Cancellation** – Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the County.
4. **Waiver of Subrogation Rights** – Contractor hereby grants to County a waiver of any right to subrogation which any insurer of said Contractor may acquire against the County by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsement from the insurer.
5. **Deductibles and Self-Insured Retention** – Any deductibles or self-insured retentions must be declared to and approved by the County. The County may require the Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.
6. **Acceptability of Insurers** – Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum A.M. Best’s Insurance Guide rating of “A- VII”.
7. **Verification of Coverage** – Contractor shall furnish the County with proof of insurance, original certificates and amendatory endorsements as required by this Agreement. The proof of insurance, certificates and endorsements are to be received and approved by the County before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor’s obligation to provide them. The Contractor shall furnish evidence of renewal of coverage throughout the term of the Agreement. The County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.
8. **Failure to Procure Coverage** – In the event that any policy of insurance required under this Agreement does not comply with the requirements, is not procured, or is canceled and not replaced, County has the right but not the obligation or duty to terminate the Agreement. Maintenance of required insurance coverage is a material element of the Agreement and failure

to maintain or renew such coverage or to provide evidence of renewal may be treated by County as a material breach of contract.

9. **Subcontractors** – Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors.
10. **Claims Made Policies** – If any of the required policies provide coverage on a claims-made basis:
 - i. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
 - ii. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of contract work.
 - iii. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Contractor must purchase “extended reporting” coverage for a minimum of five (5) years after completion of contract work.
11. **Special Risks or Circumstances** – County reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Agreement. Contractor agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of County.
