

MEMORANDUM OF UNDERSTANDING
between
SANTA BARBARA COUNTY PUBLIC HEALTH DEPARTMENT
and
SANTA BARBARA NEIGHBORHOOD CLINICS

November 13, 2018

SECTION ONE: PURPOSE

This Memorandum of Understanding (MOU) is by and between the Santa Barbara County Public Health Department (PHD) and the Santa Barbara Neighborhood Clinics (SBNC) and covers referral services for the patients of each organization.

PHD and SBNC have worked collaboratively for a number of years to provide medical services to the uninsured and underinsured residents of Santa Barbara County. Both organizations are Federally Qualified Health Centers. SBNC provides primary care, behavioral health and dental services, and PHD provides both primary care, behavioral health and specialty services. Both organizations have provided referrals to the other organization to provide access to both dental services and specialty services. Each organization wishes to better describe and clarify the mutual responsibilities for these referrals.

SECTION TWO: MOU POINTS OF CONTACT

1. PHD- The Primary Care Assistant Deputy Director or in his or her absence the Health Center Administrator for the Santa Barbara Health Care Center will serve as the primary contact for all services.
2. SBNC- The SBNC Chief Executive Officer/Chief Medical Officer and in his or her absence the Chief Operating Officer/Chief Financial Officer will serve as the primary contact for all services.

SECTION THREE: SCOPE OF WORK

- 1) Reason for referral
 - a) SBNC patient is in need of specialty care provided by PHD but not available through SBNC.

- 3) Objectives
 - a) SBNC Primary Care Providers (PCPs) will be responsible for coordinating the ongoing care of their patients. In order to provide high quality of care, improve patient outcomes

- and provide documentation of the continuum of care, PHD providers seeing SBNC patients will provide reports of patient visit outcomes to SBNC PCPs within 5 business days of the date of the patient visit.
- b) In order to ensure the sustainability of Specialty care clinics, it is imperative to maintain a balance of patients with third party payers to those that are truly self-pay patients. For the purposes of this MOU, SBNC referrals, excluding OB\GYN referrals, will be representative of their current patient payer populations and funding sources. PHD will work with SBNC to accept payments for patient care from any legitimate charity care program.
 - c) In order to fulfill its Mission and its Federally Qualified Health Center requirements, PHD must give first priority to its existing patients. However, PHD will work closely with SBNC referral coordinators and SBNC patients to provide access to Specialty care in a reasonable amount of time and will provide a higher priority to those patients in need of immediate care. For non-critical care, patients are to receive a scheduled office visit within 60 days or less.
 - d) Obstetric patients will not be referred to PHD for care after their first trimester without prior approval of the PHD Medical Director.
 - e) Upon referral to PHD, patients who are experiencing homelessness will be identified to best coordinate their unique care needs. SBNC will ensure proper coordination of enabling service needs (i.e. transportation, etc.).
