# Santa Barbara County COVID-19 By The Numbers

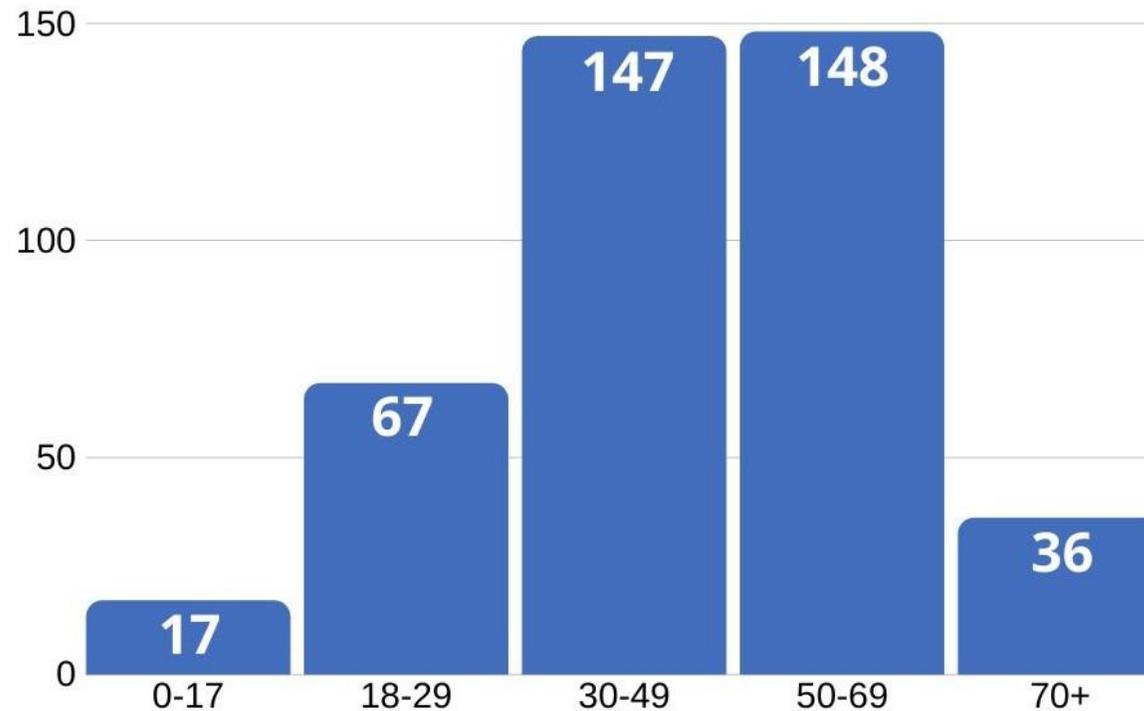

As of 4/20/2020

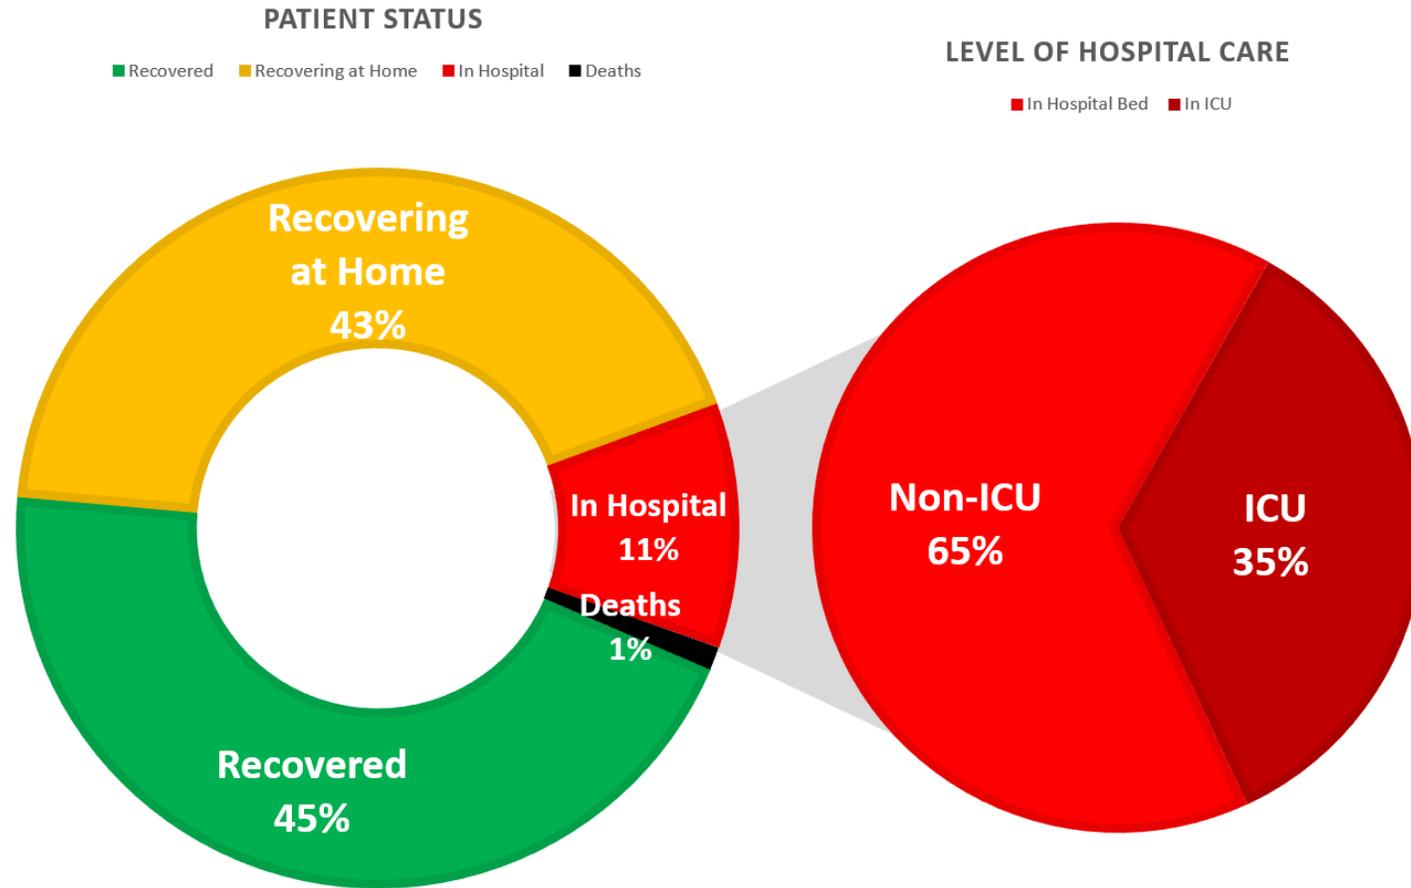

# Santa Barbara County COVID-19 By The Numbers

As of 4/20/2020

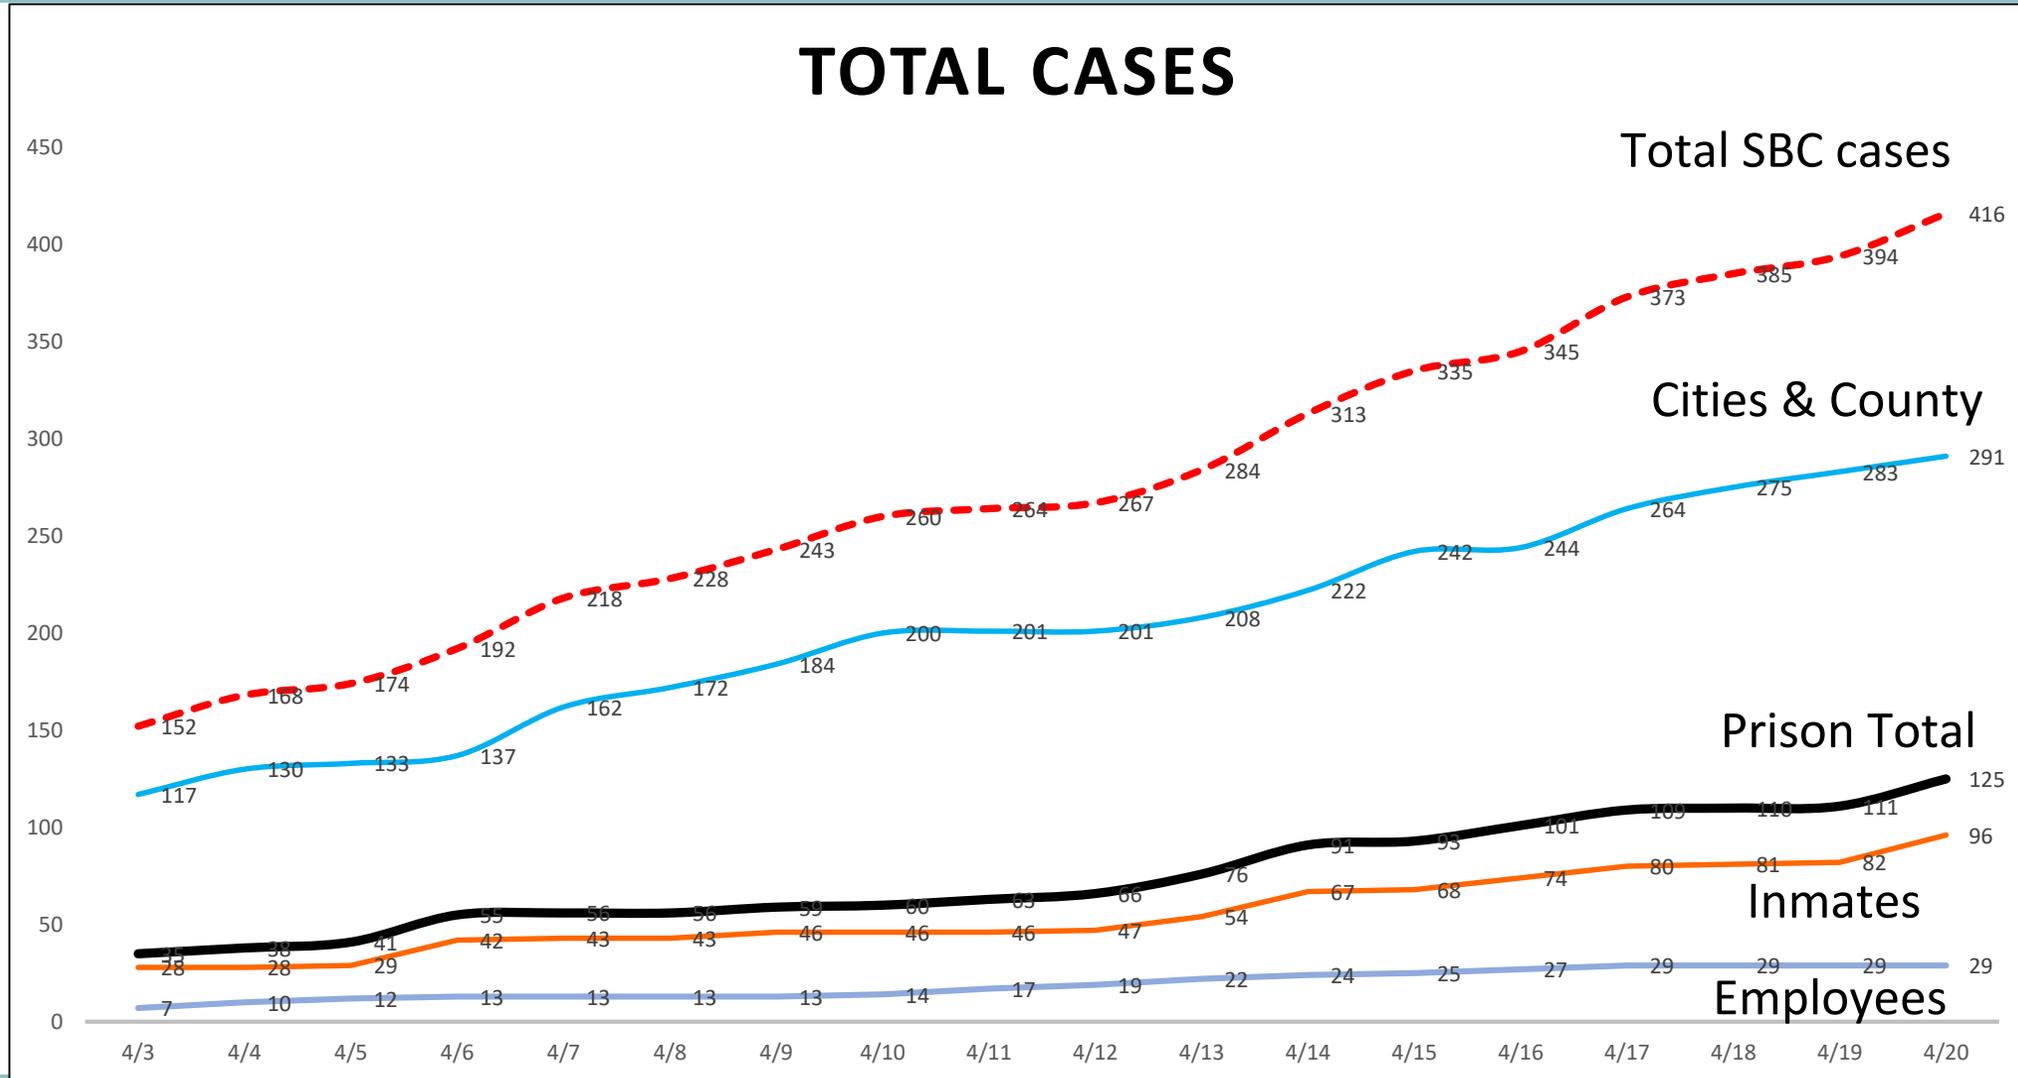

Total # of Confirmed Positive Cases: 416

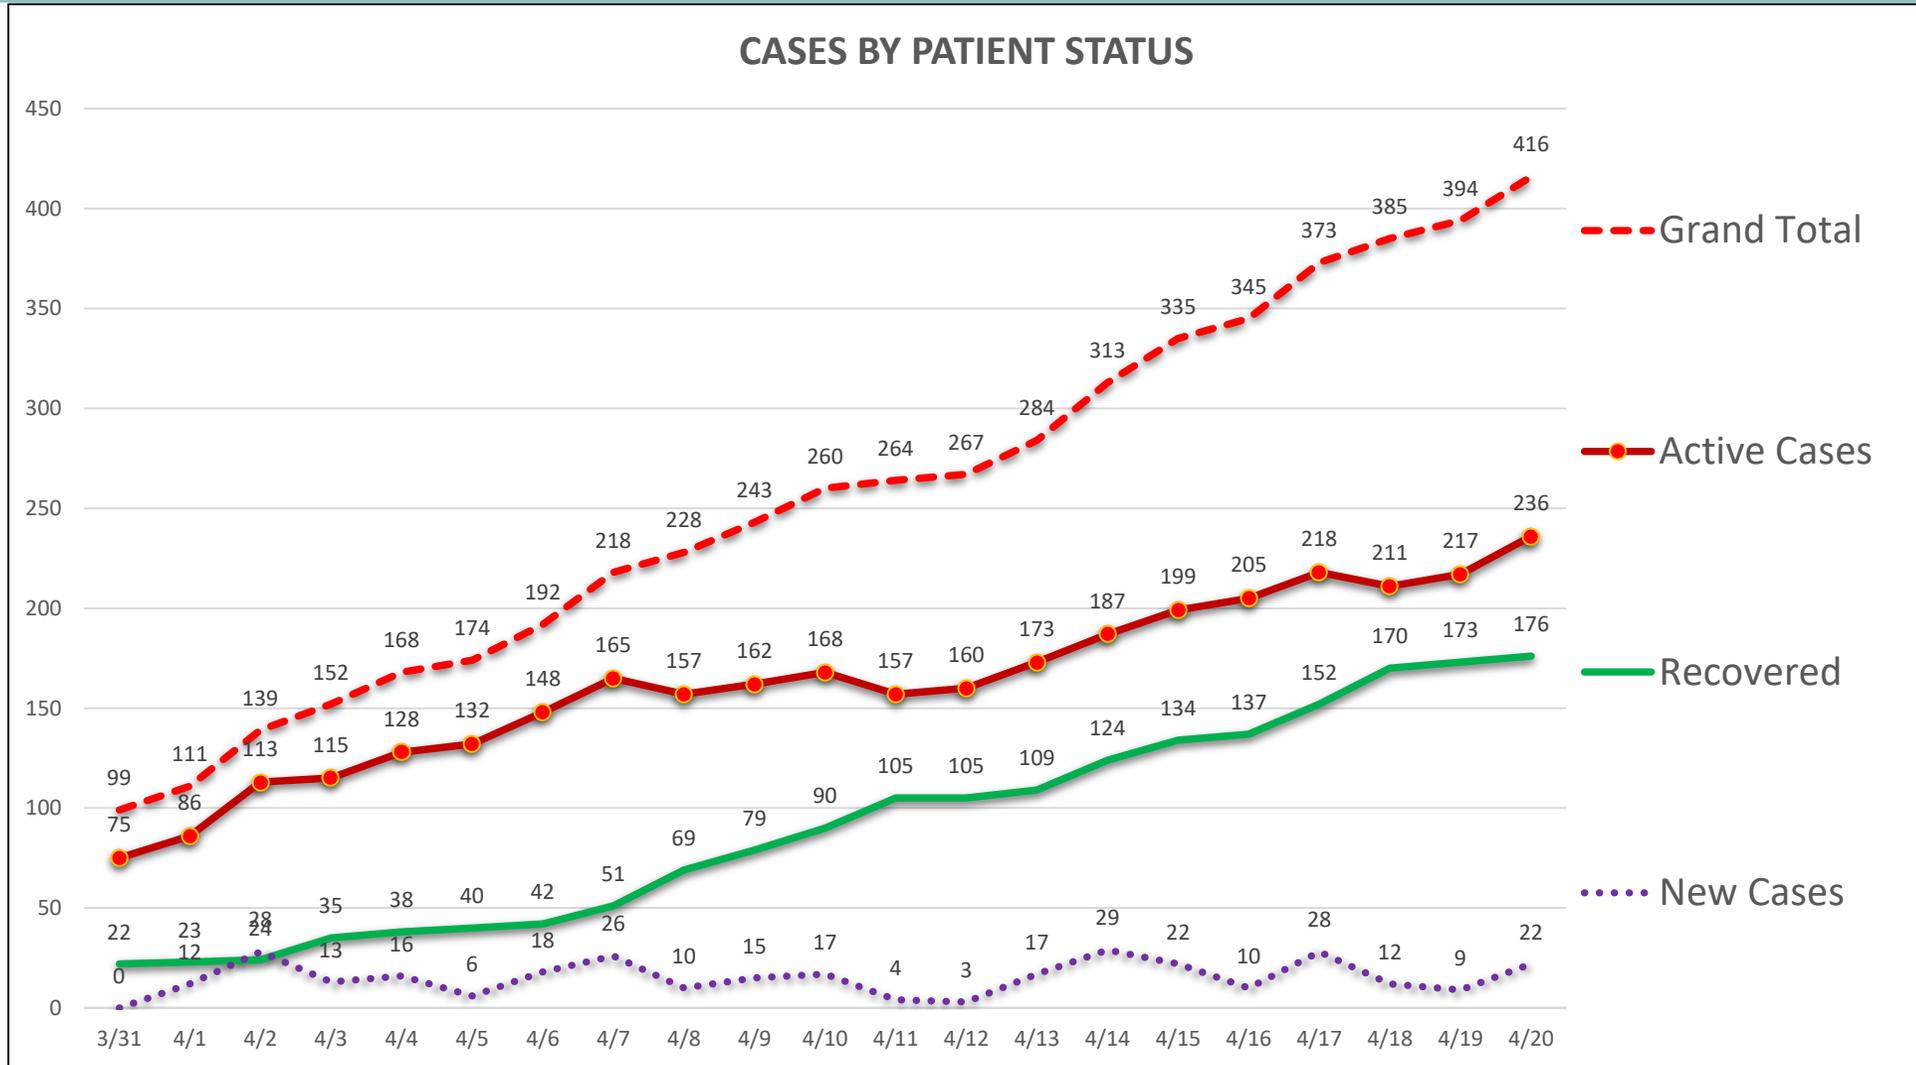

# Santa Barbara County COVID-19 By The Numbers

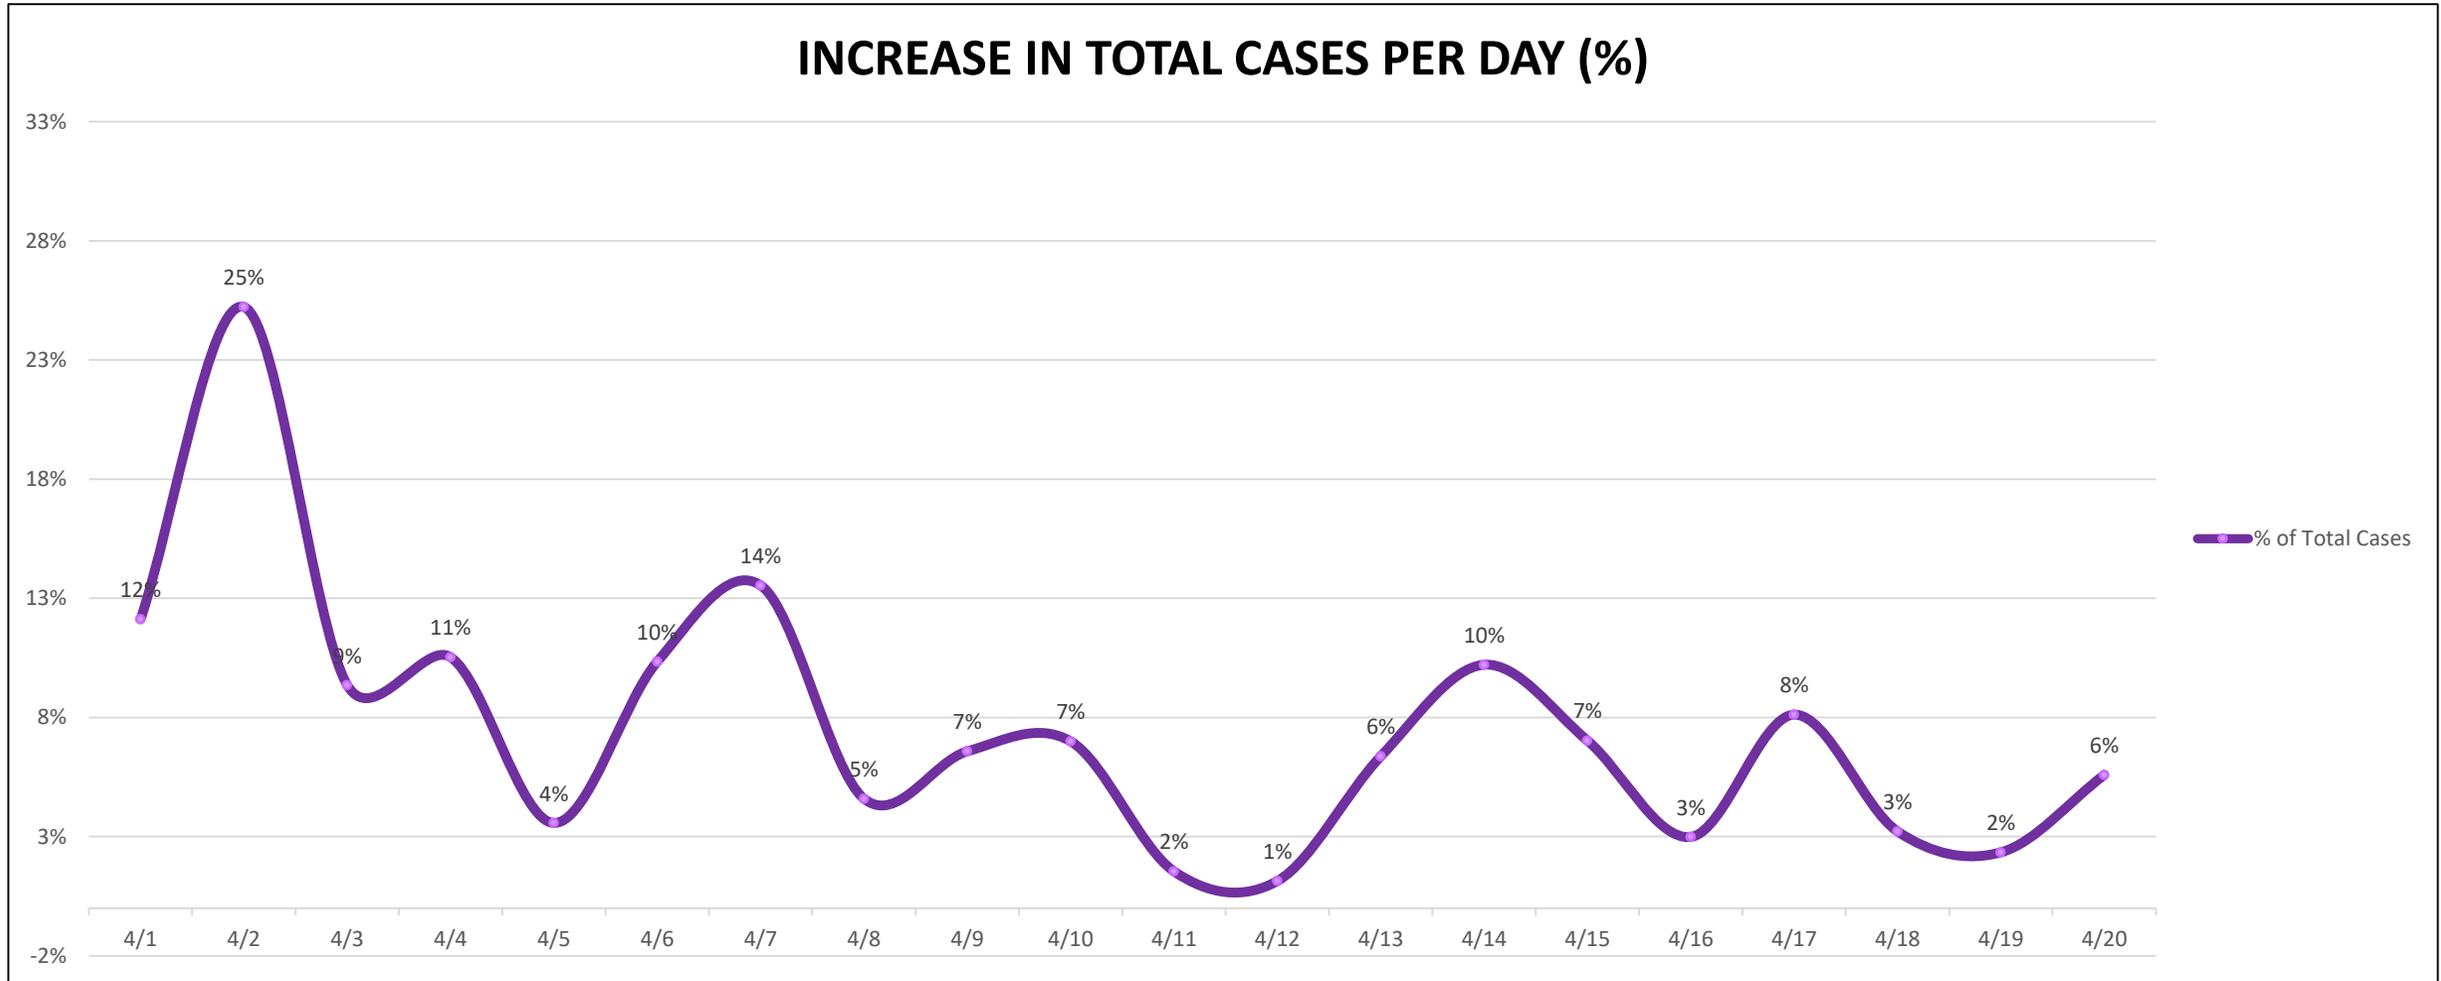

# Santa Barbara County COVID-19 By The Numbers

# Santa Barbara County COVID-19 By The Numbers

# Santa Barbara County COVID-19 By The Numbers

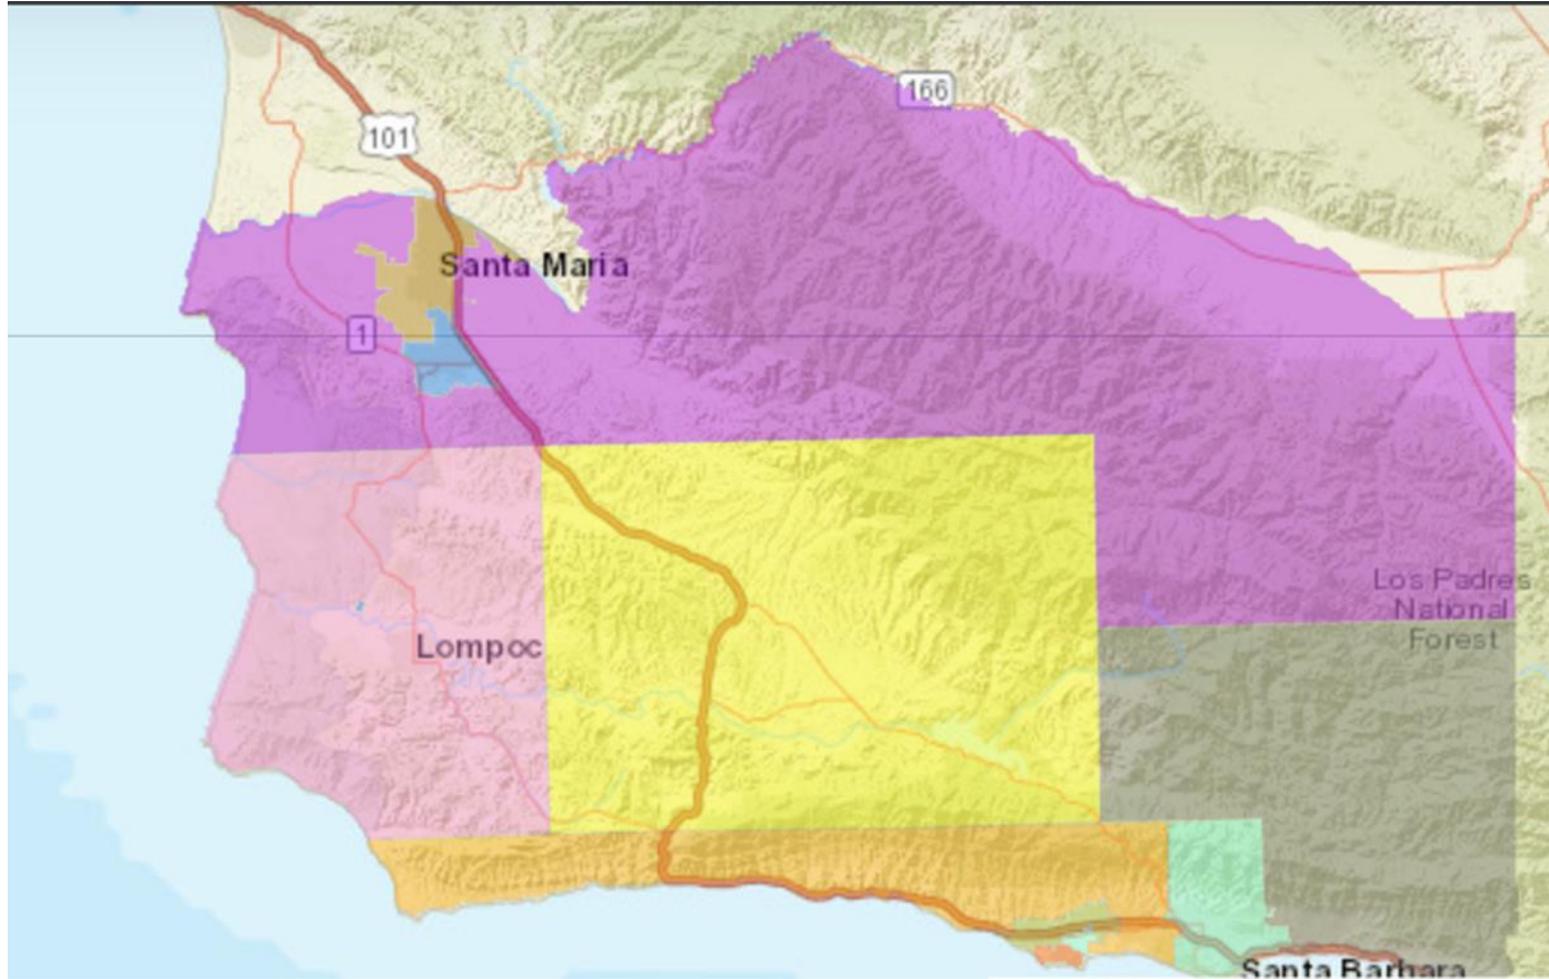

# Takeaways

---

- Lower number of cases than predicted in model.
  - Governor Newsom's Executive Order
  - Community efforts to adhere to physical distancing & Health Officer Orders to prevent spread
- The number of cases are still increasing.
- Active cases still growing.
- Need to see consistent decline in cases over time.

# Preliminary Demographic Data

# Data Overview

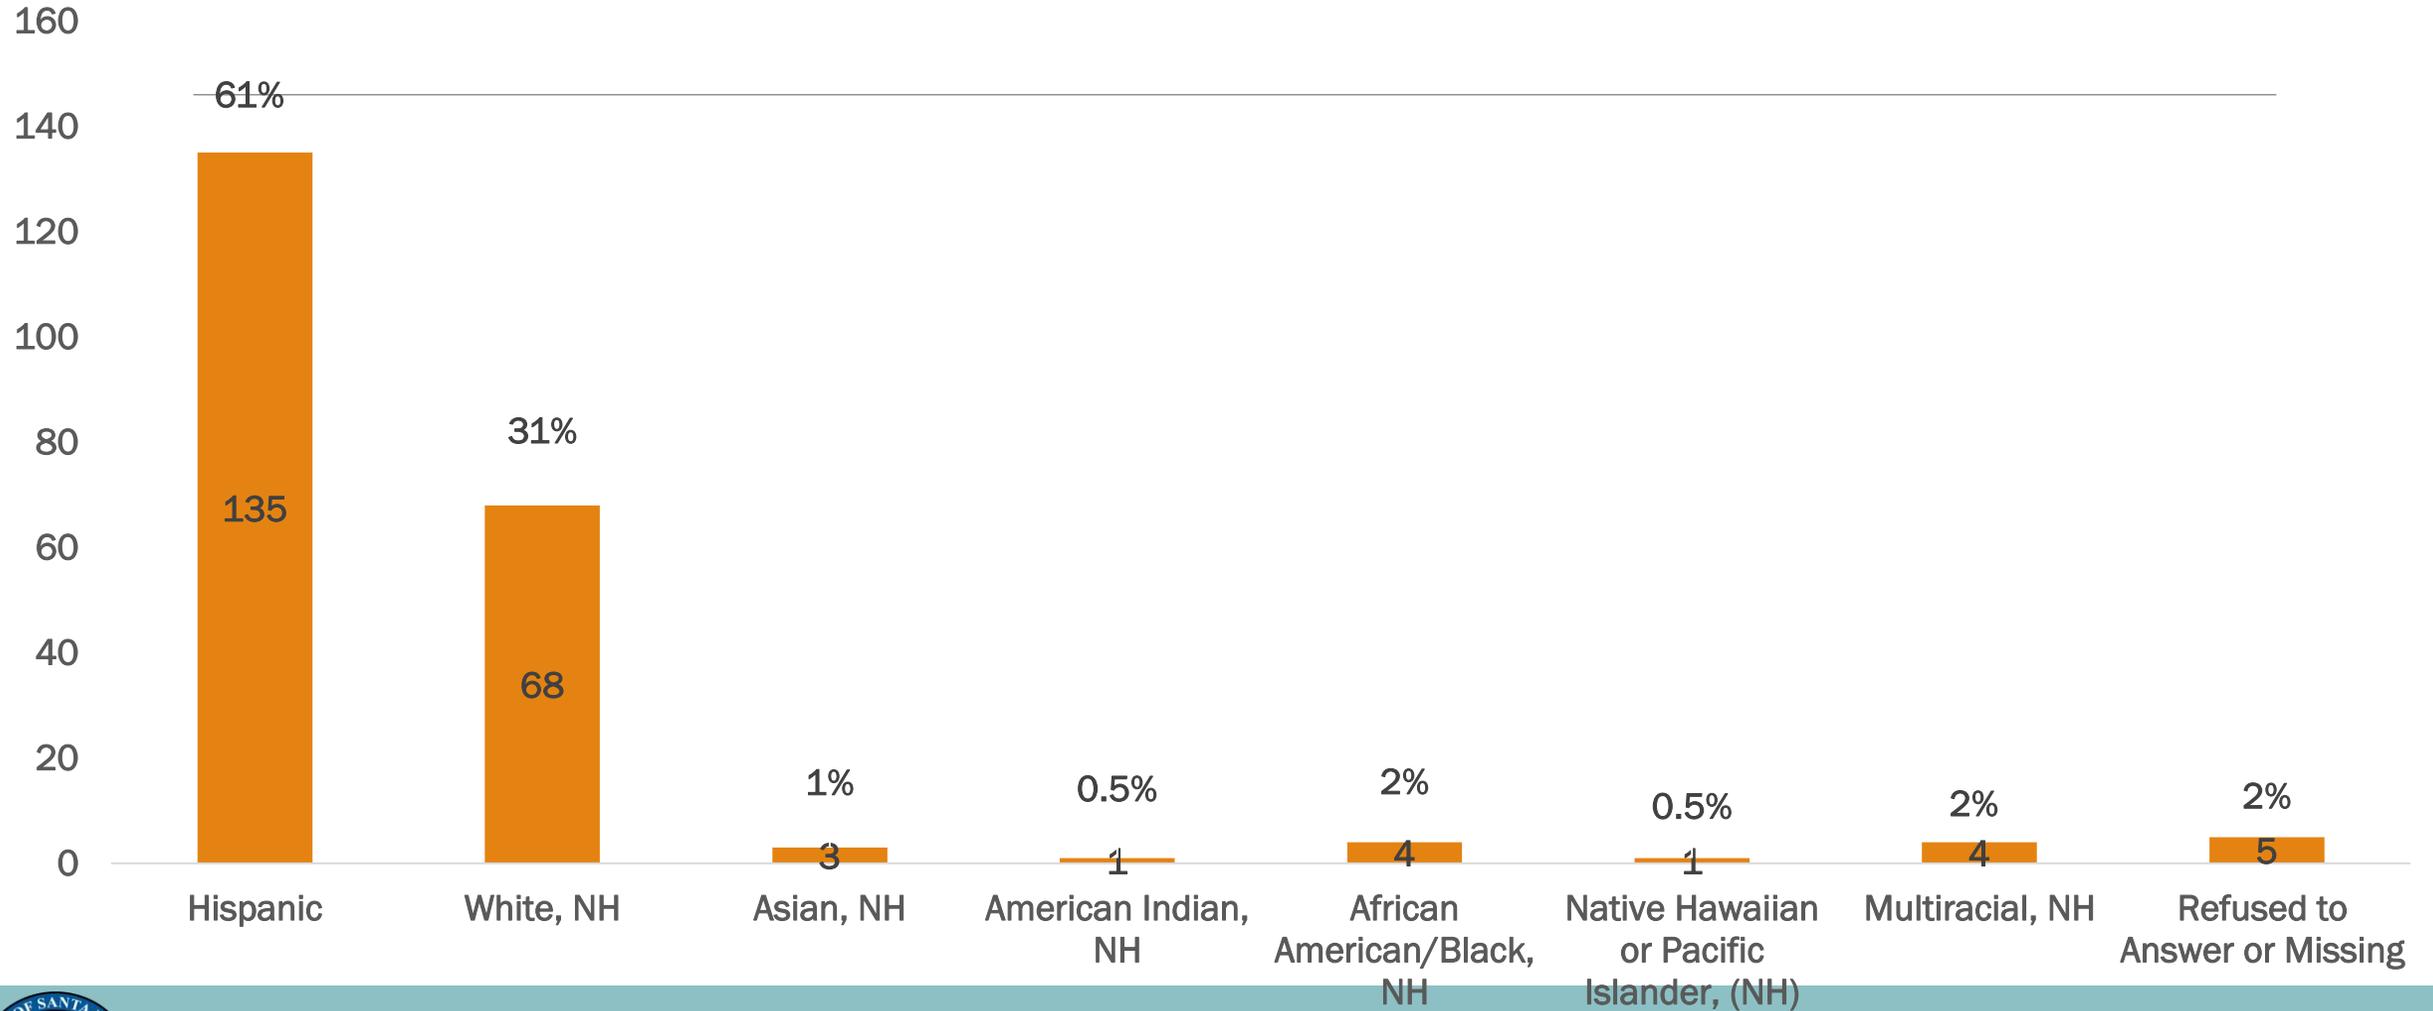

---

Total Number of Cases with demographic data: N=307

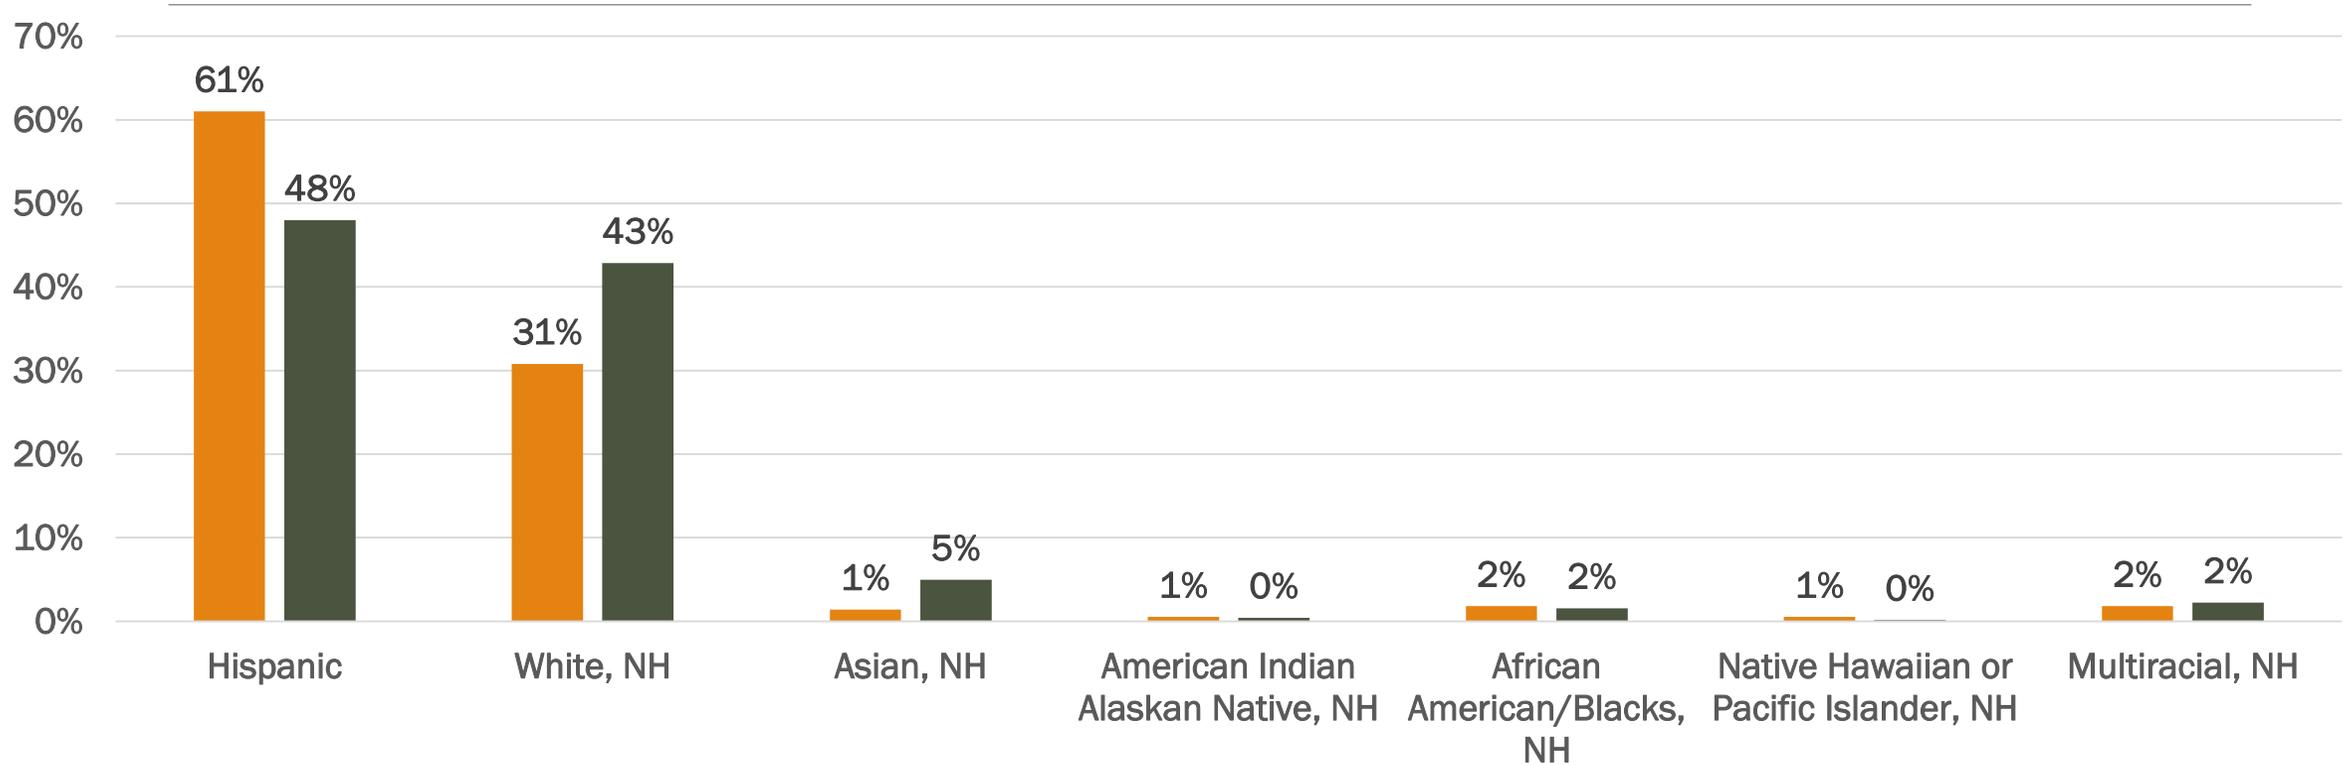

- Number Interviewed:  $n=221$ 
  - *Total number for each graph, unless otherwise indicated*
- Number Incarcerated:  $n=86$ 
  - Limited demographic information available (only race/ethnicity)

# Race/Ethnicity of Interviewed (N=221)

# Race/Ethnicity of Interviewed (N=221) vs Pop

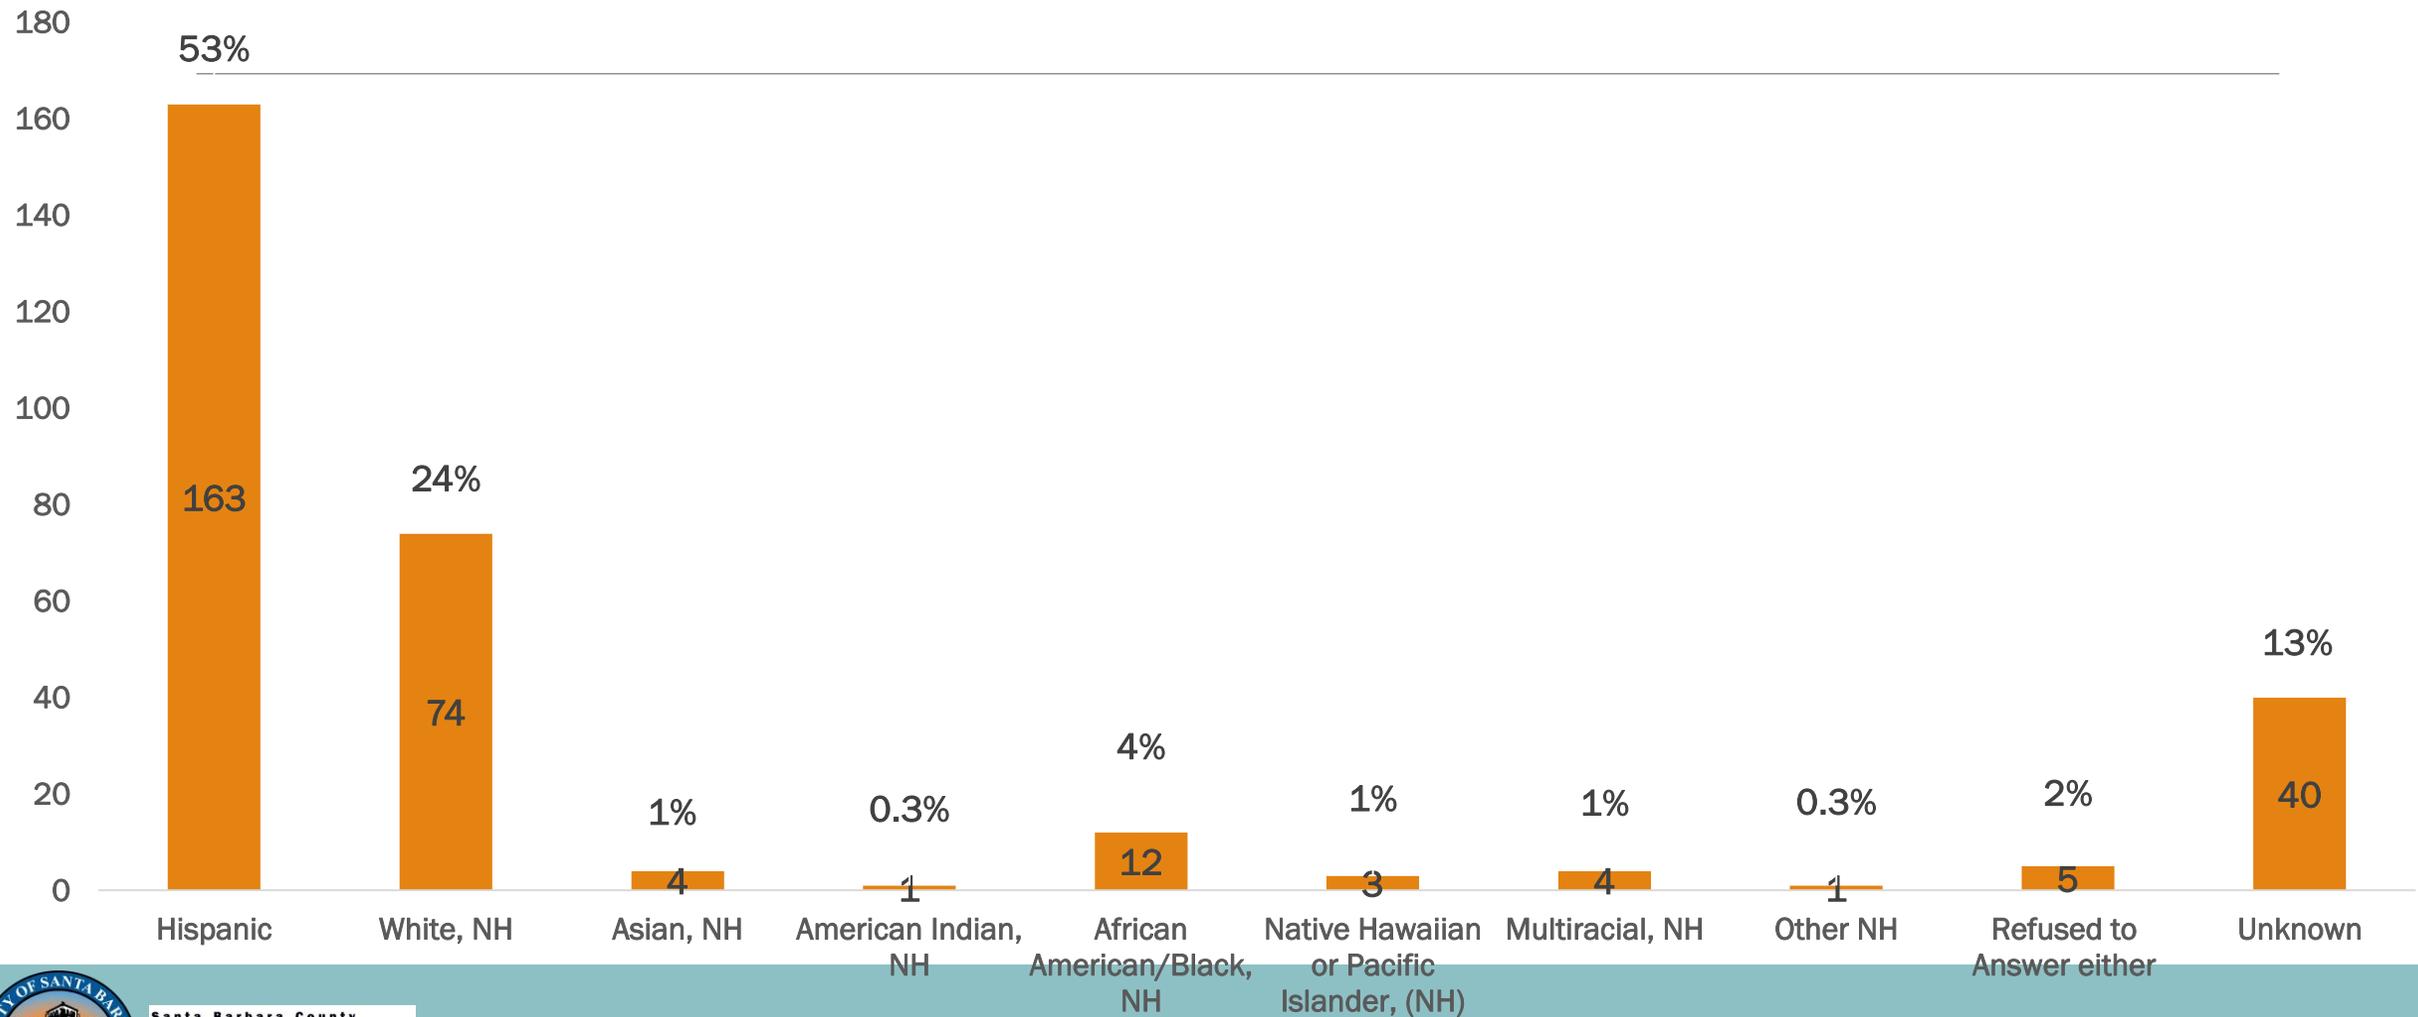

Interviewed

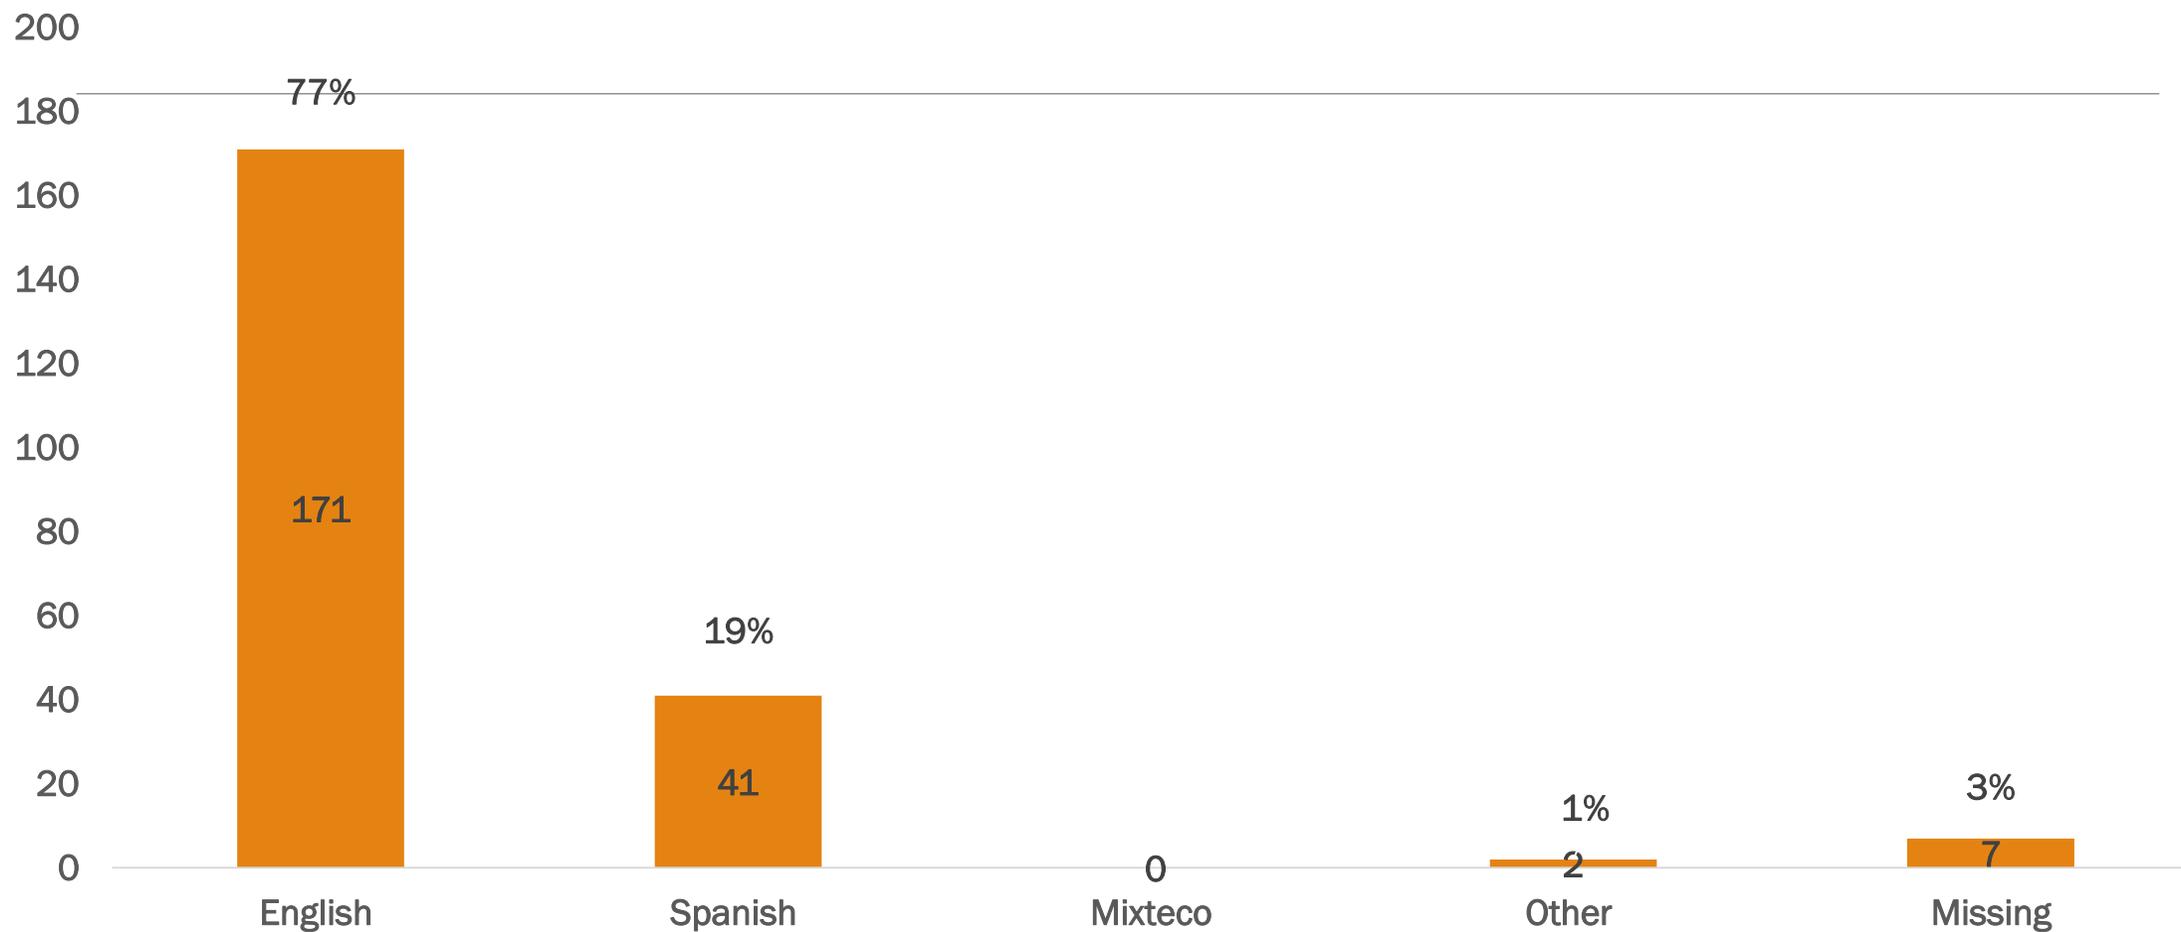

SBC Population

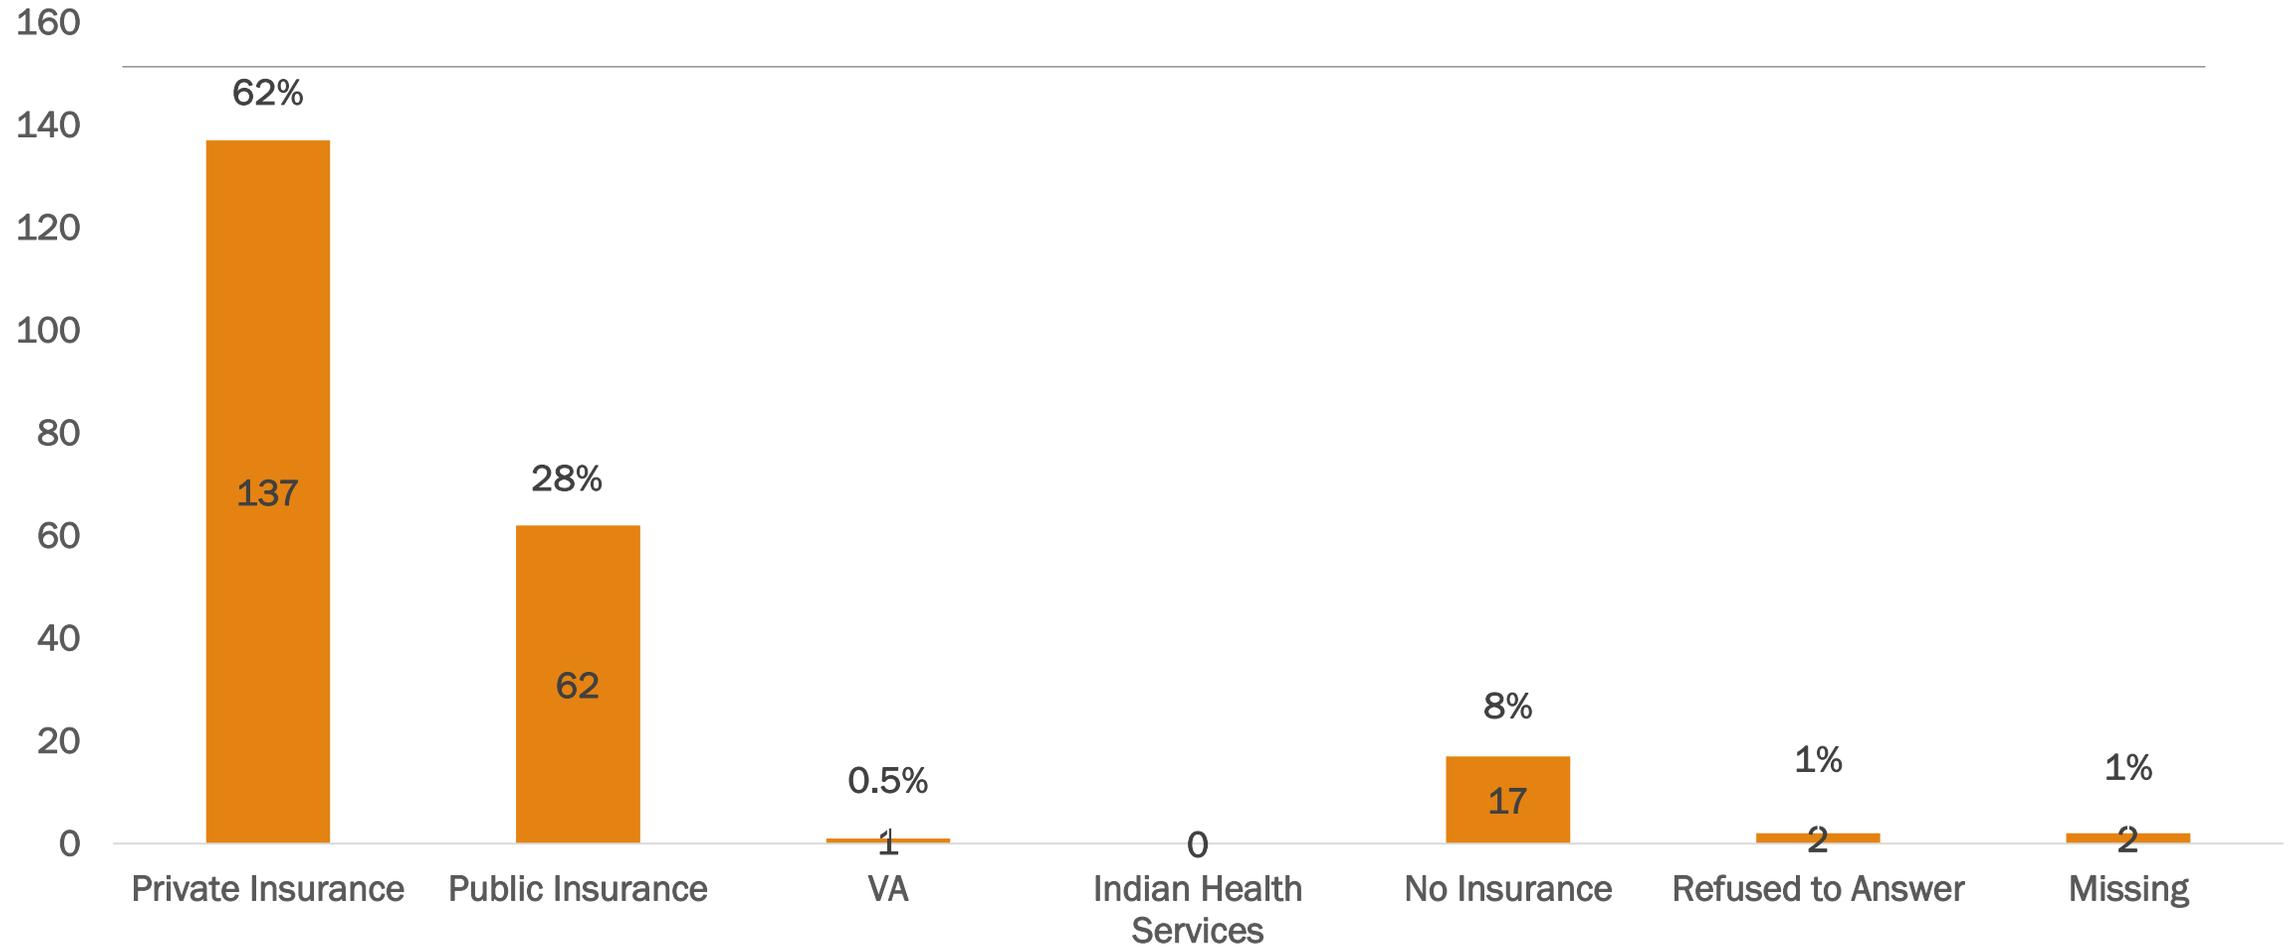

# Race/Ethnicity (Interviewed +incarcerated population; N=307)

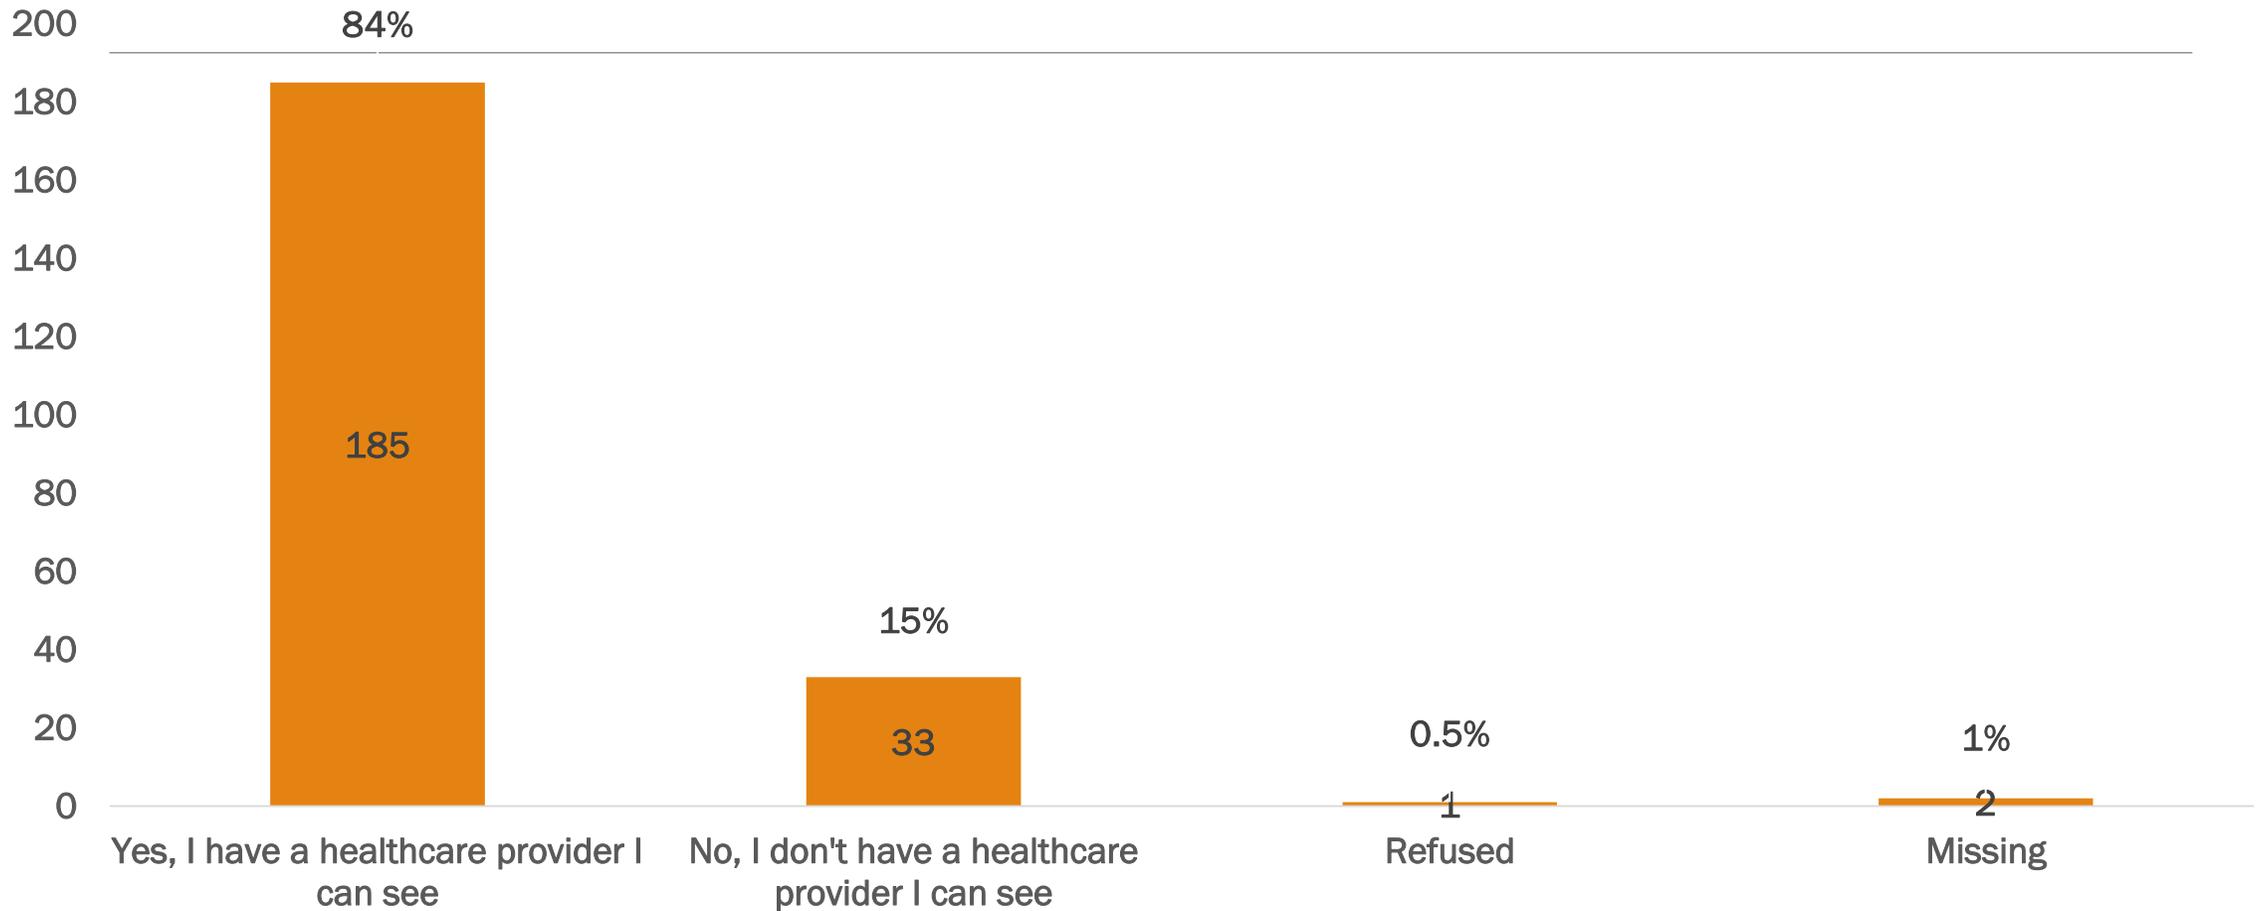

# Primary Language

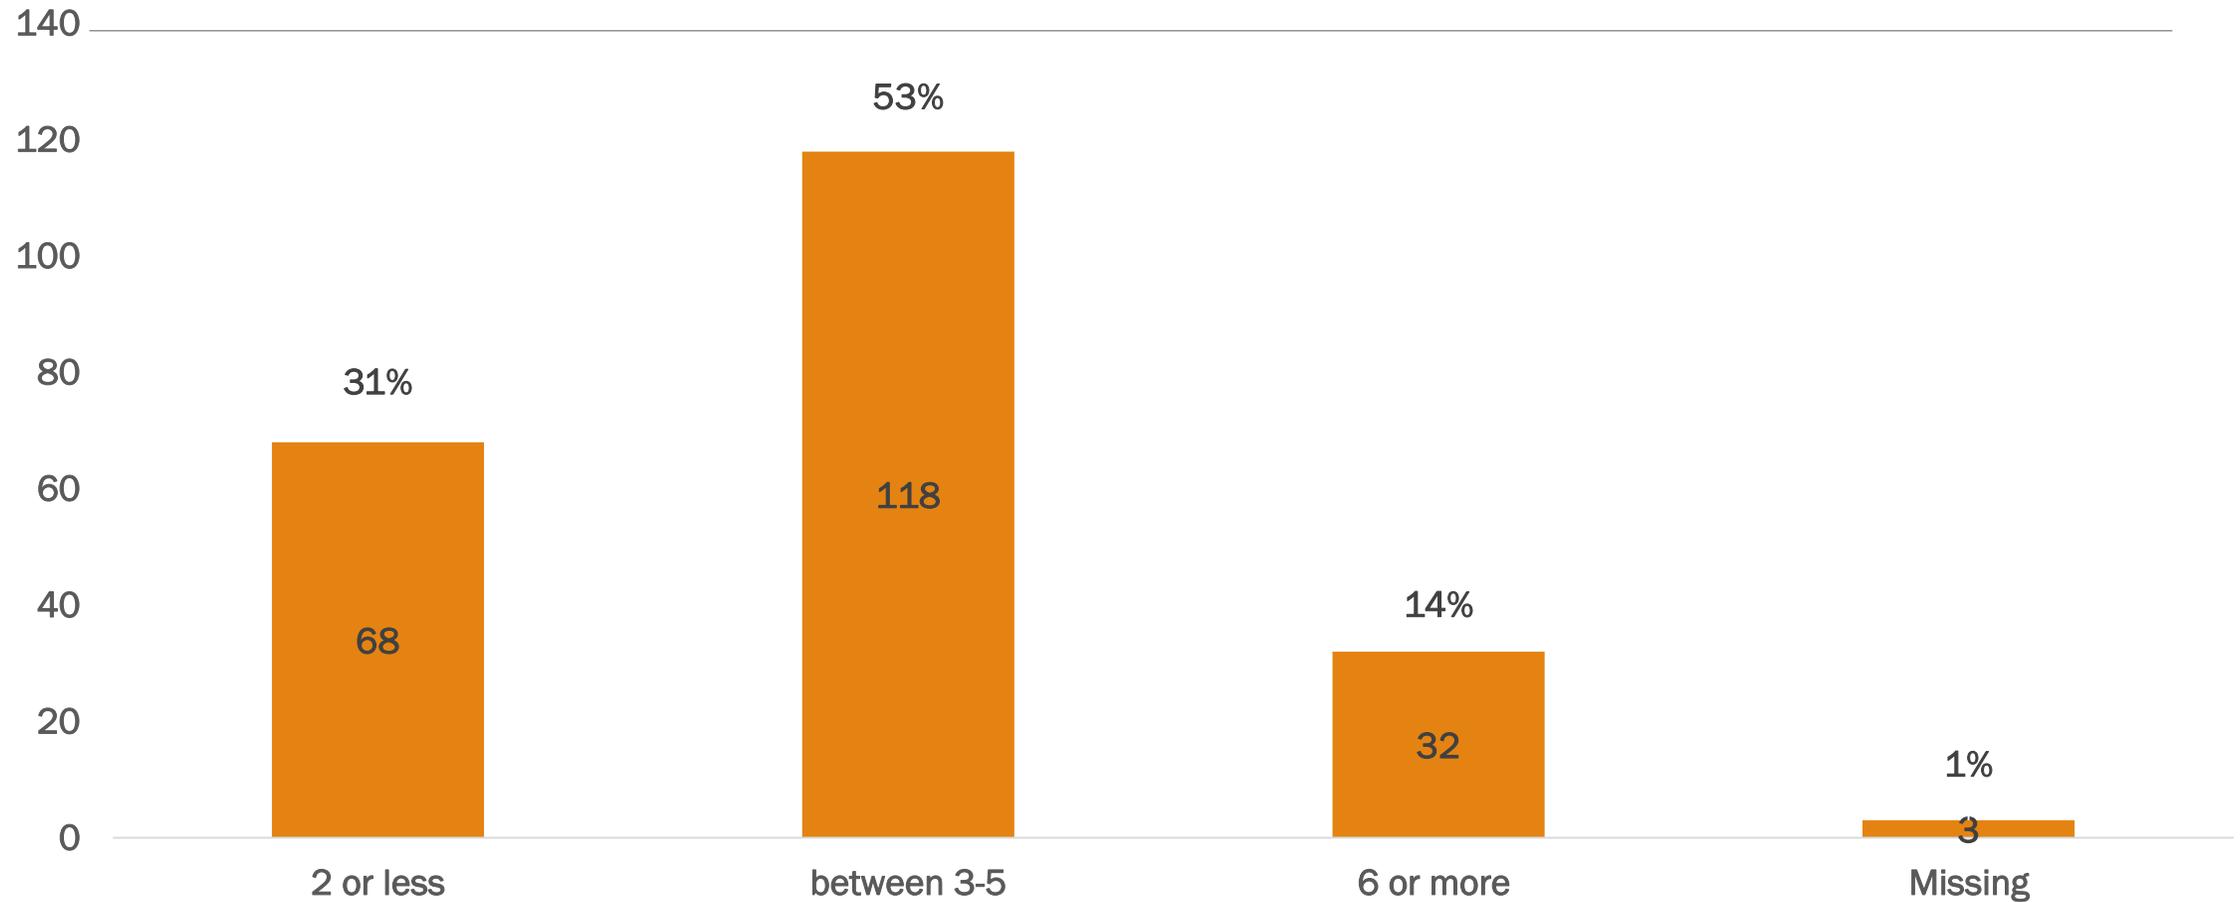

# Health Insurance

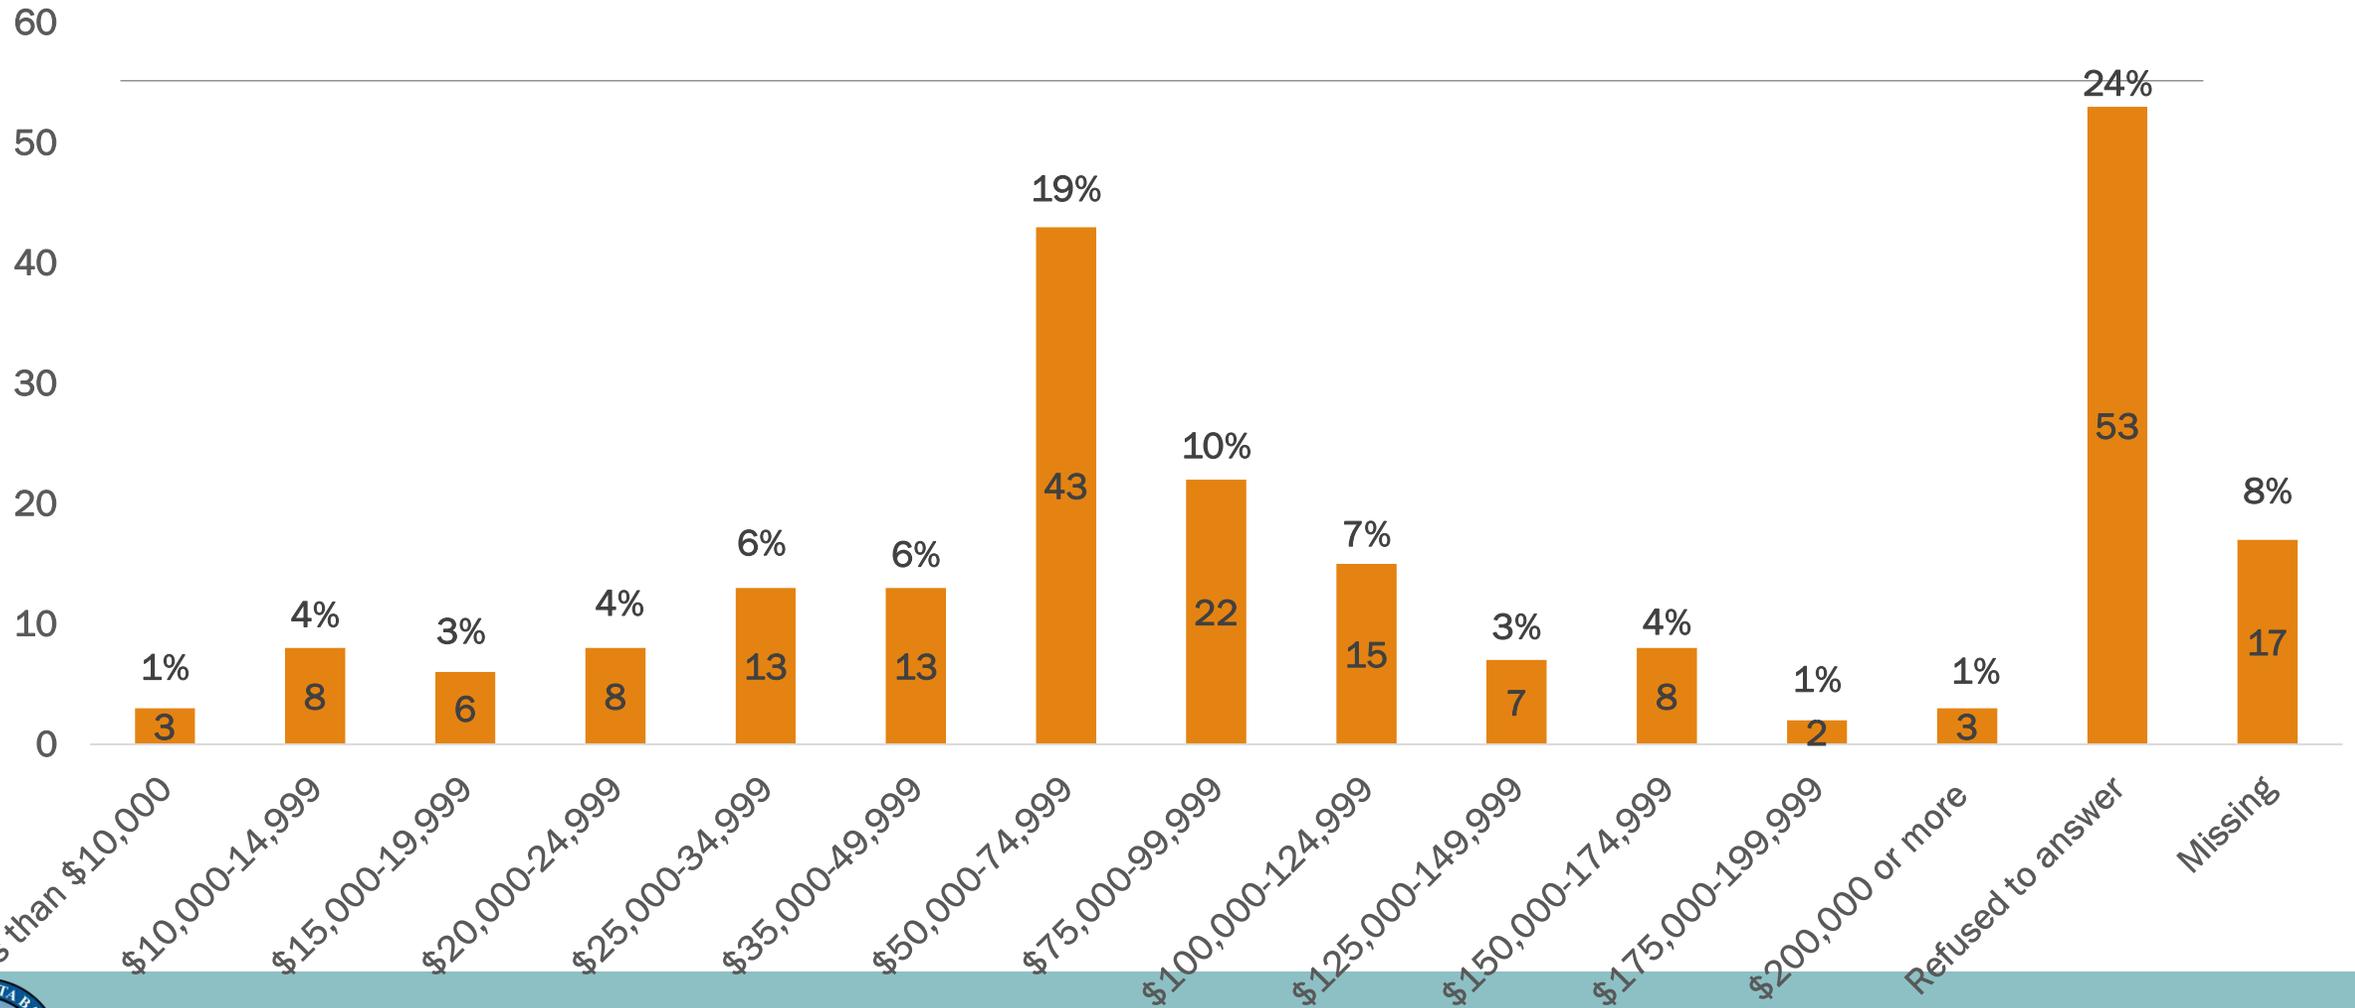

# Do they have a healthcare provider they can see?

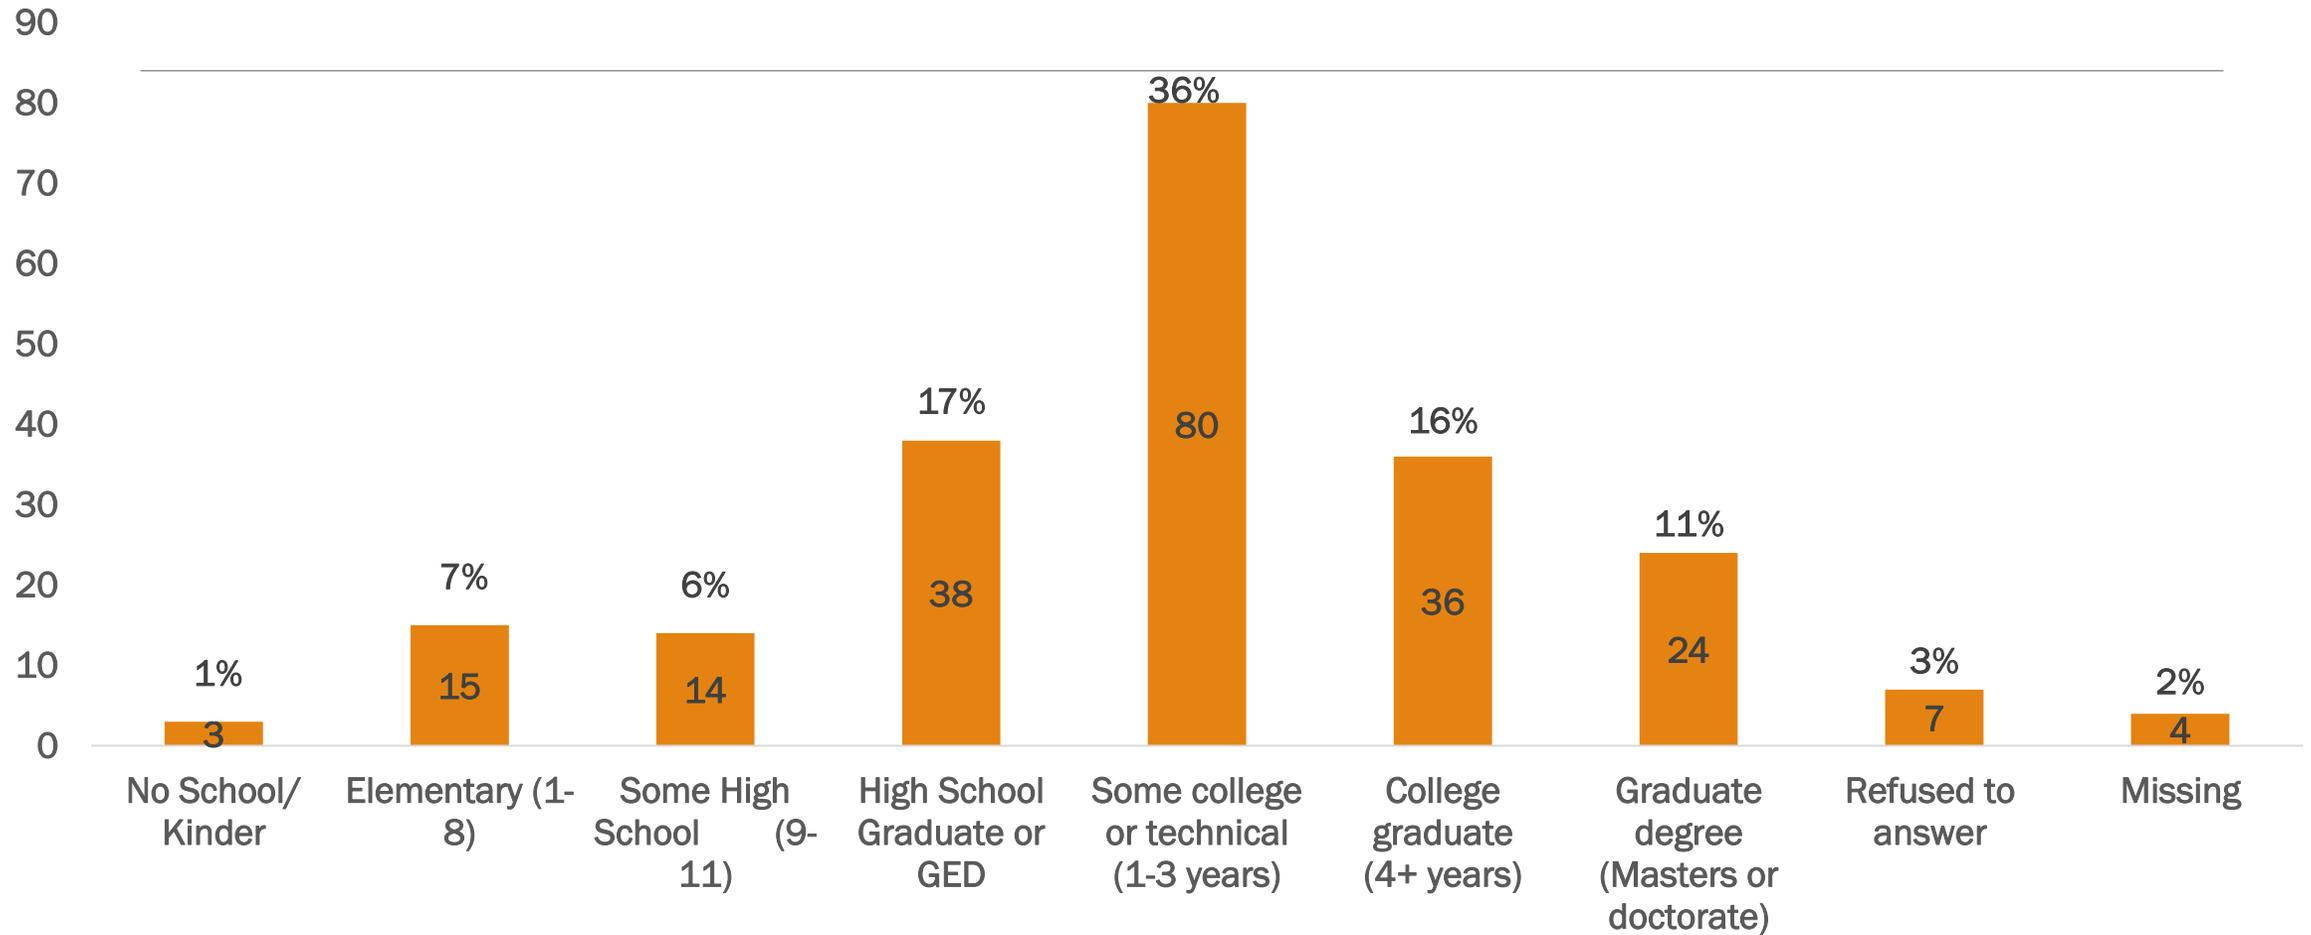

# Household Size (all individuals living in the home)

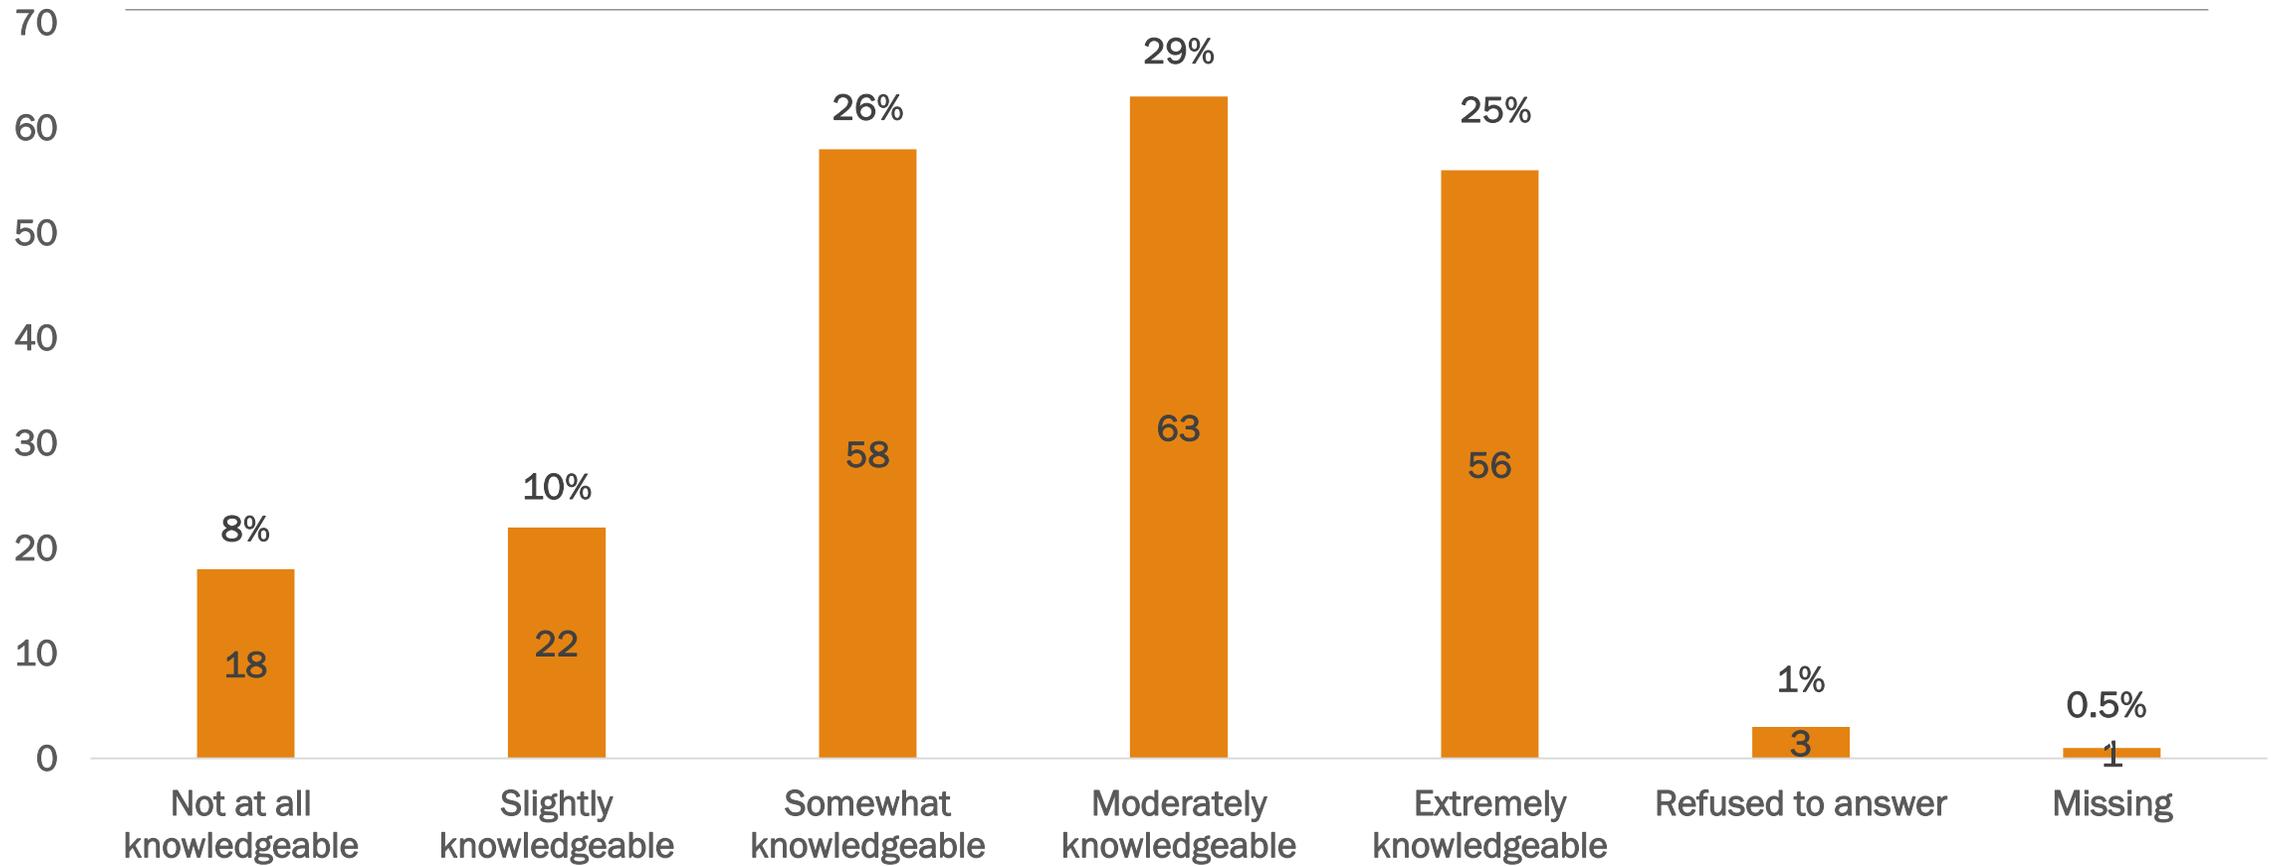

# Annual Household Income

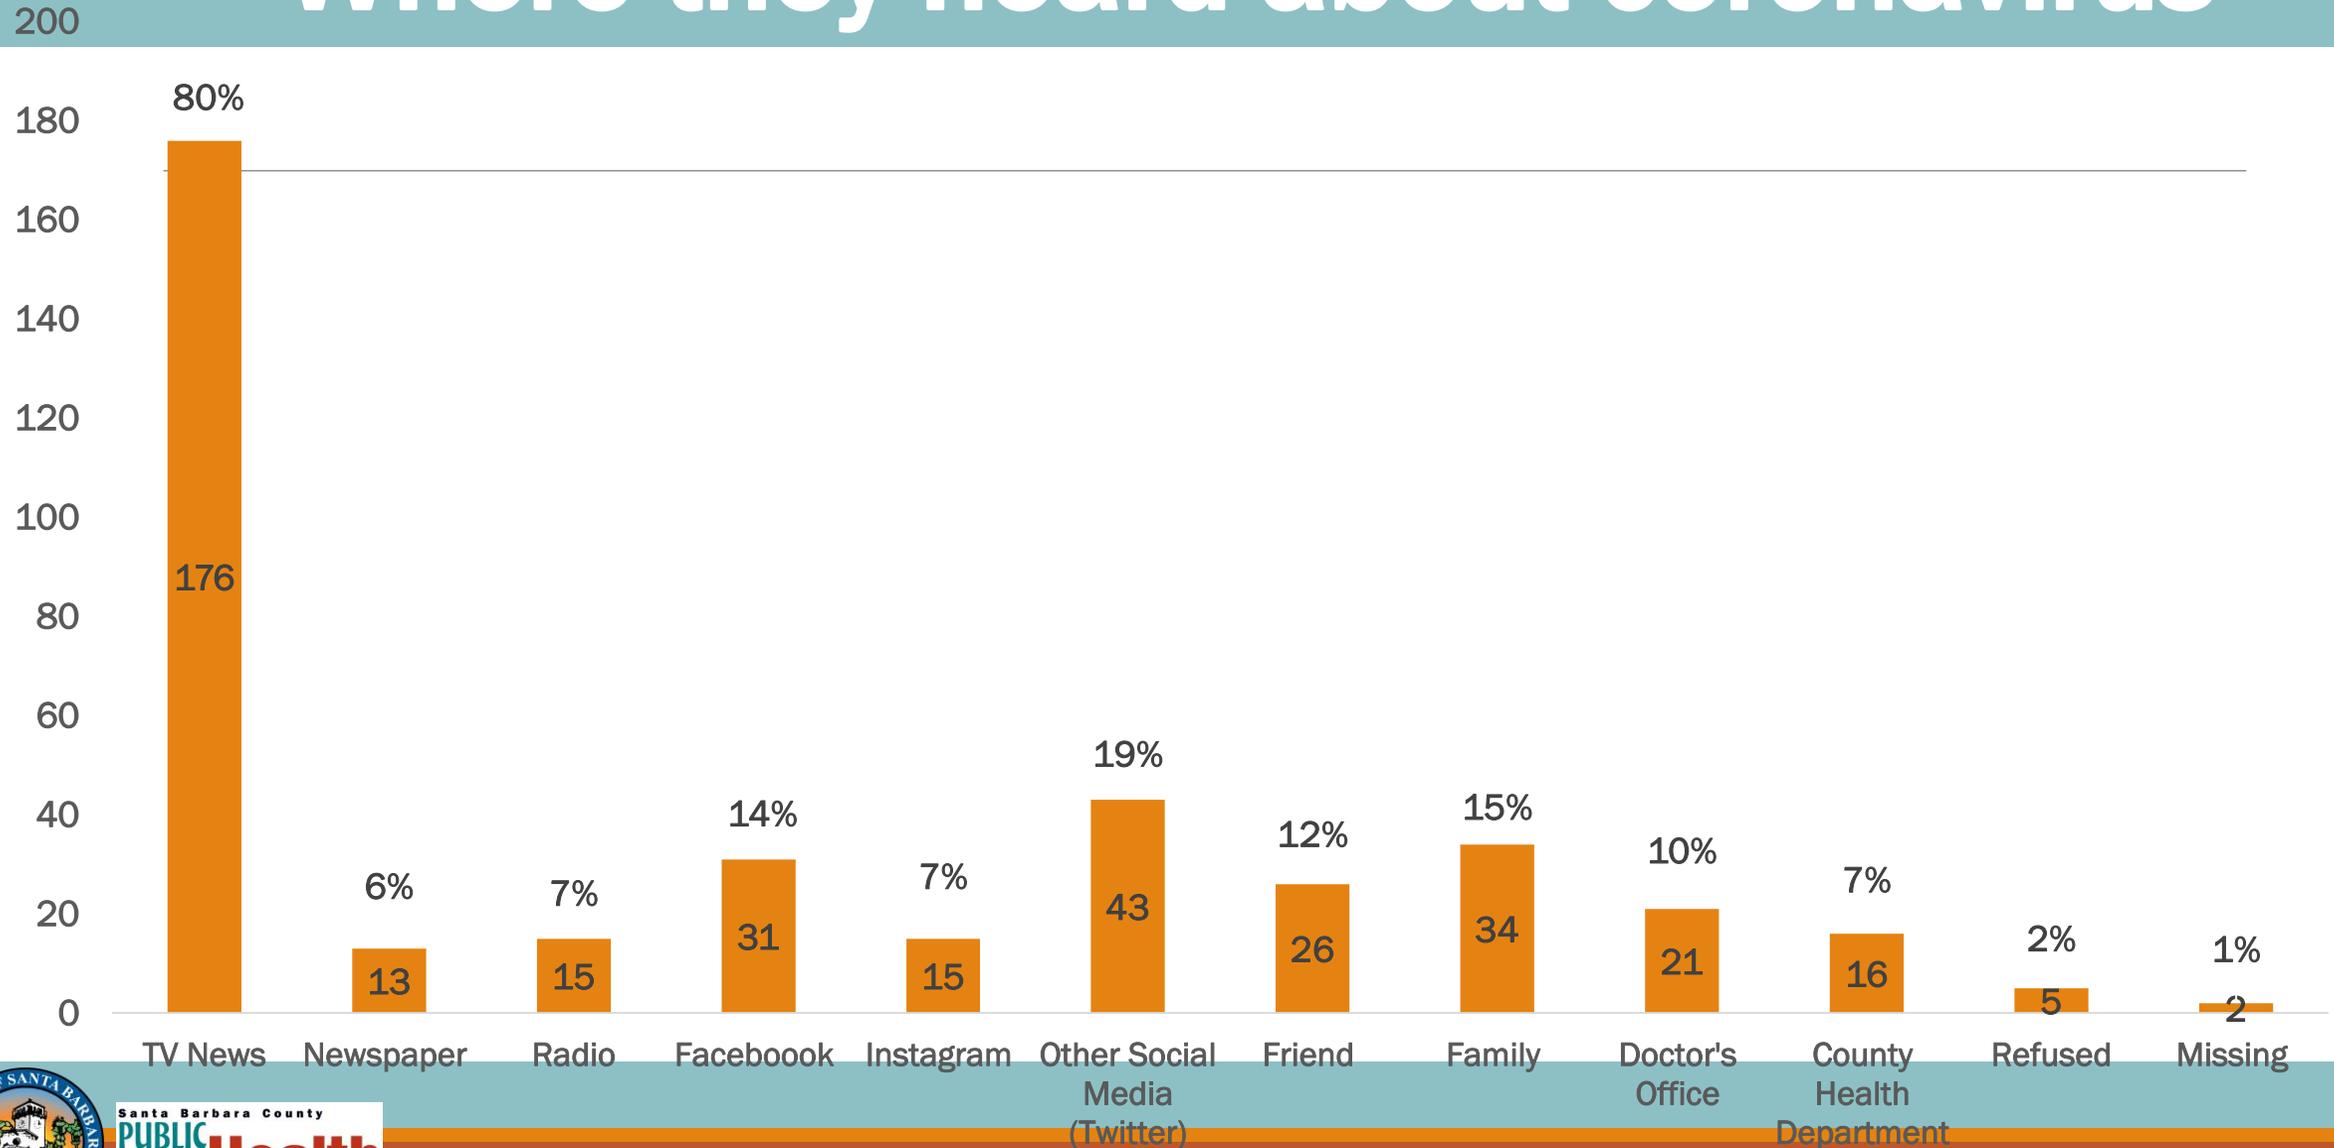

# Education Level

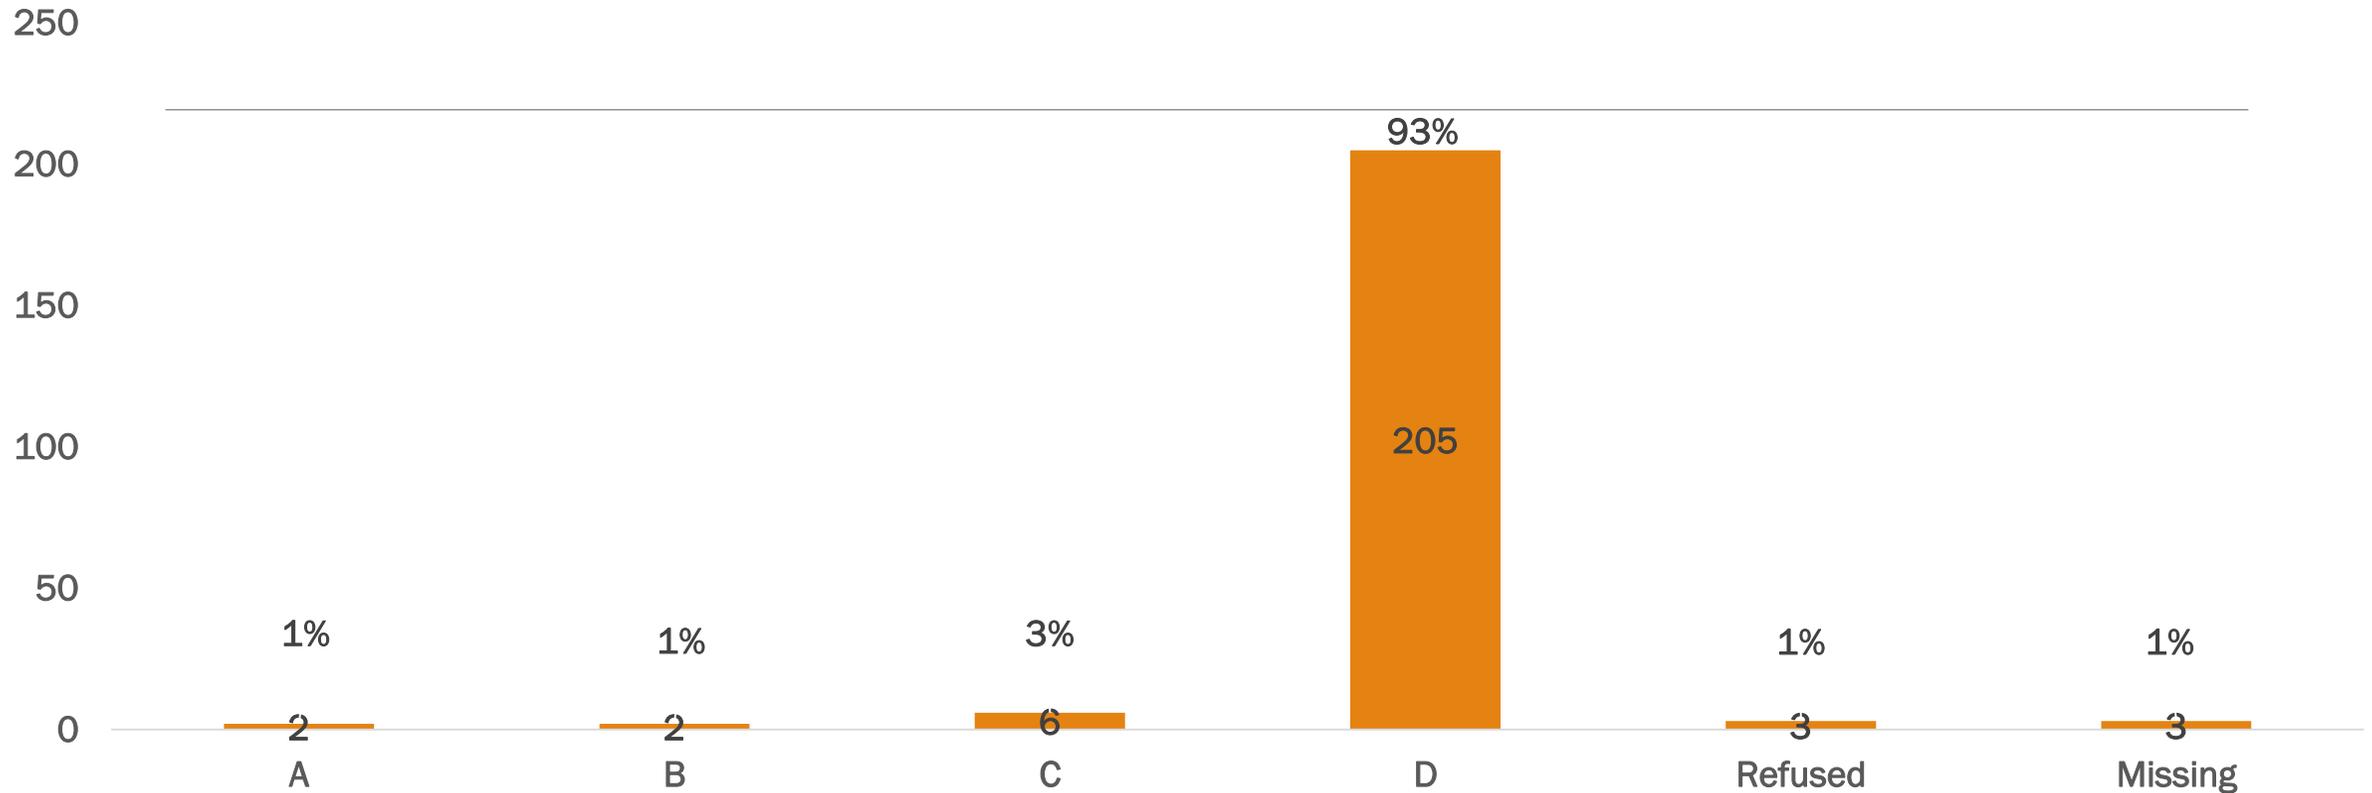

# Knowledge of Coronavirus (before getting sick)

# Where they heard about coronavirus

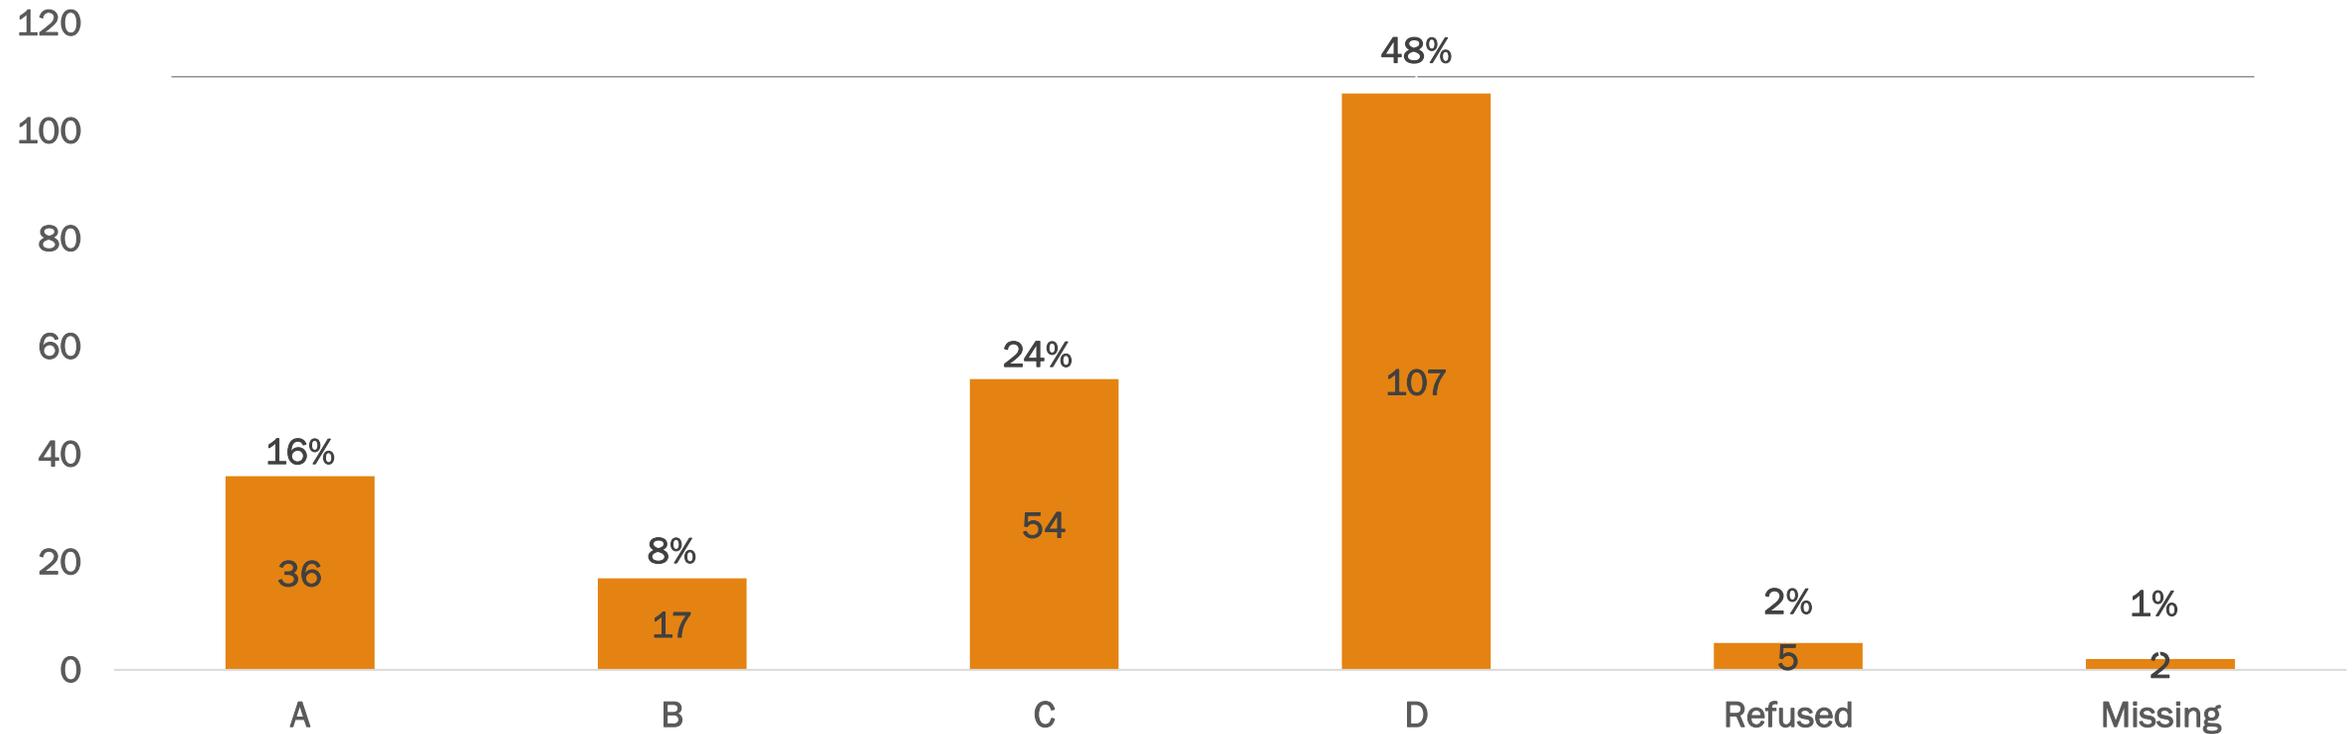

# Knowledge of Hand Washing (before getting sick)

- A. I did not know anything about regular hand washing
- B. I had heard about regular hand washing, but I didn't understand why it was important
- C. I understood the importance of regular hand washing, but I was unable to practice it
- D. I understood regular hand washing and I was able to practice it

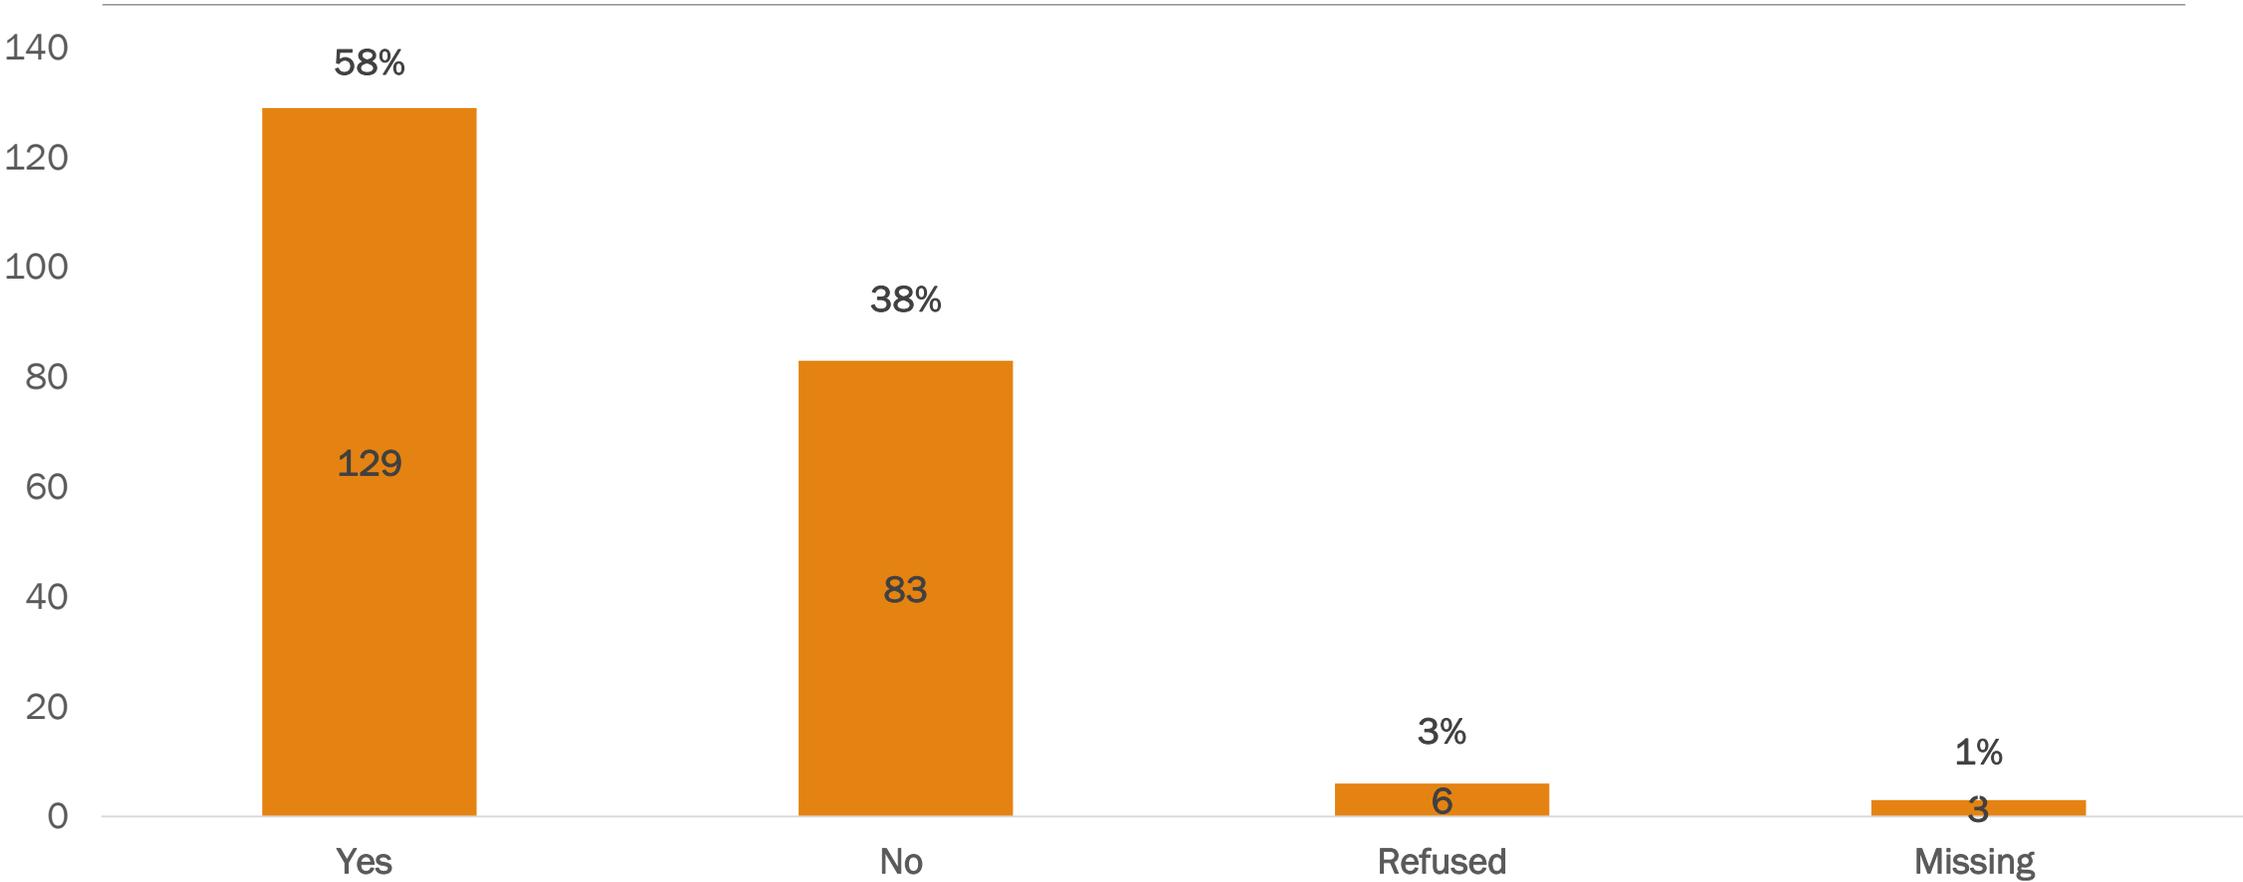

# Knowledge of Social Distancing (before getting sick)

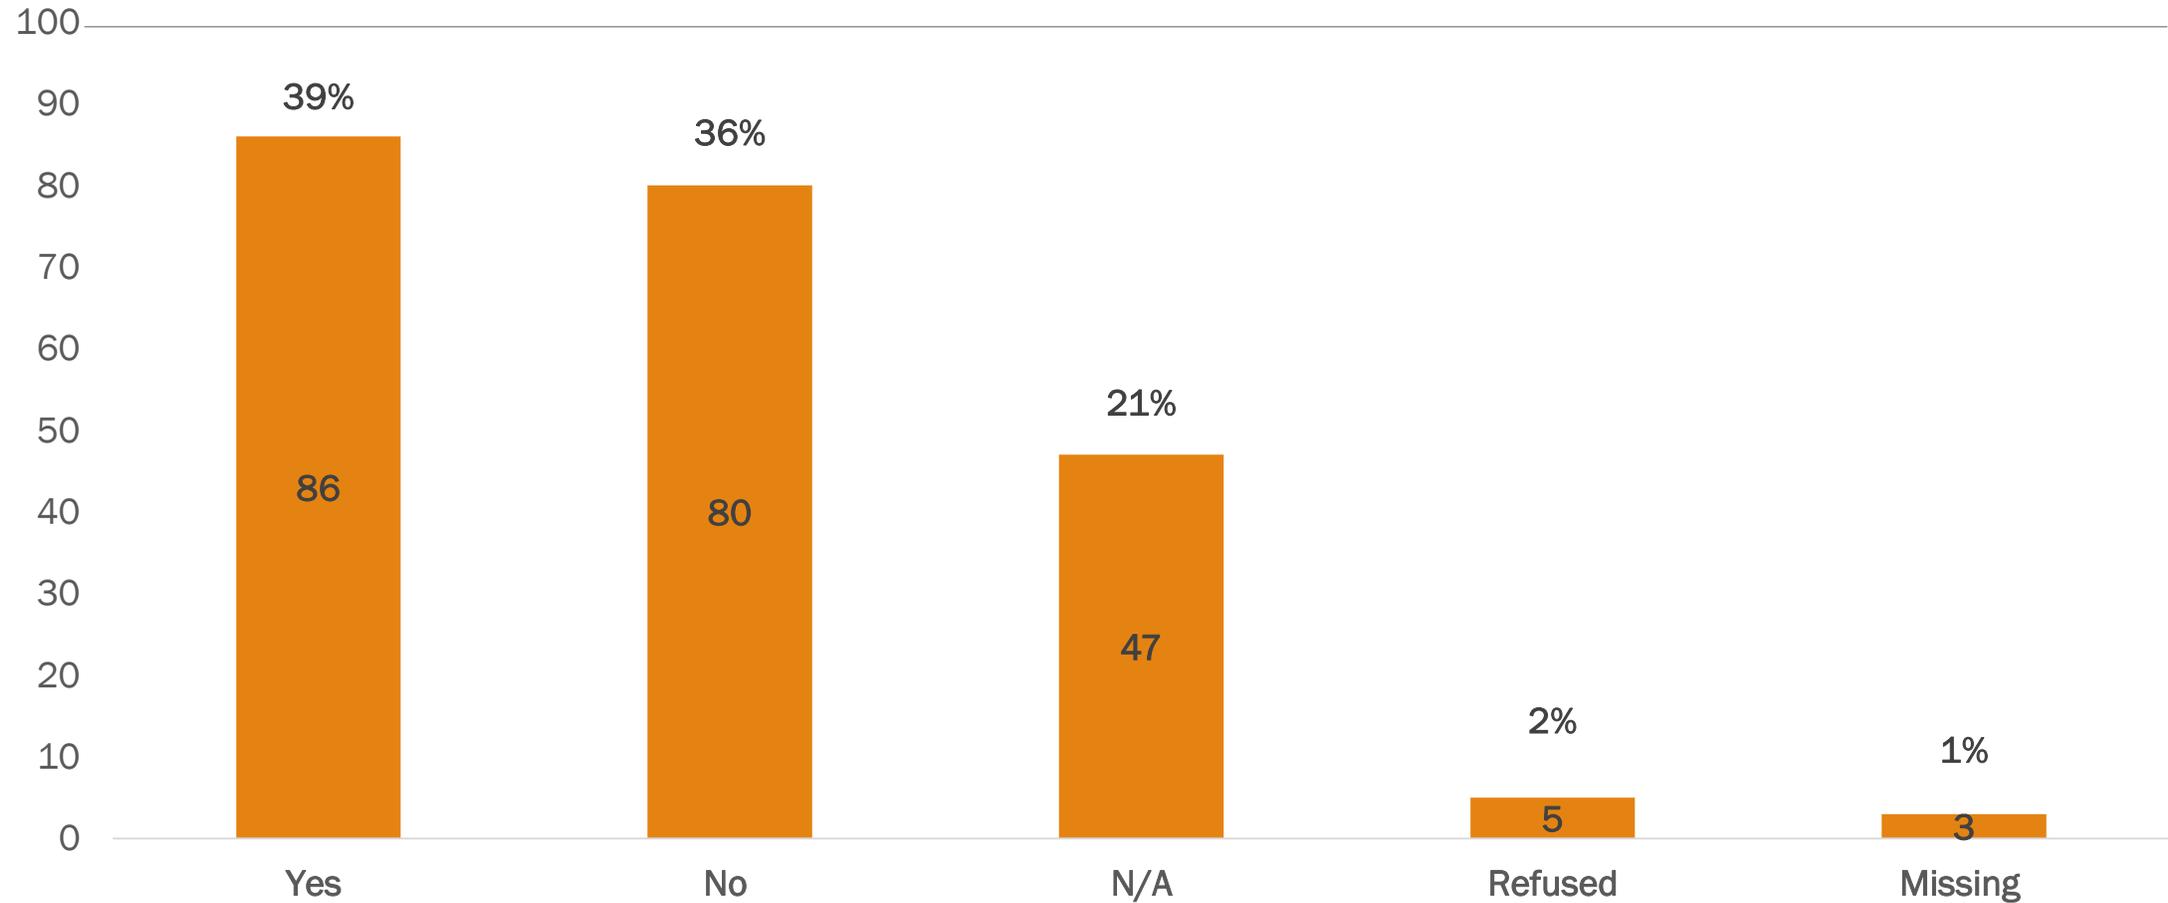

- A. I did not know anything about social distancing
- B. I had heard about social distancing, but I didn't understand why it was important
- C. I understood social distancing meant keeping 6ft apart from others, but I was unable to practice it
- D. I understood social distancing meant keeping 6ft apart from others and I was able to practice it

# Social Distancing at Home (before getting sick)

# Social Distancing at Work (before getting sick)

# Takeaways

- As testing expands and our data collection progresses, the distribution by race and ethnicity for cases may change.
- Data shows that Latino/Hispanic represent a disproportionately higher number of cases compared to their representation in Santa Barbara population.
- Continue efforts to reach community members whose primary language is Spanish.
- Conduct Outreach & Enrollment efforts to uninsured cases.
- Continue messaging physical distancing and hand washing.
- Continue to partner with businesses and worksites to ensure optimal physical distancing.

# Actions that must be aligned to achieve...

Ensure the ability to care for the sick in the hospitals

Prevent infection in those with a high risk of disease

Build the capacity to protect the health and well being of the public

Reduce social, emotional, and economic disruptions

# The Governor's Roadmap

- 1) The ability to monitor and protect our communities through testing, contact tracing, isolating, and supporting those who are positive or exposed
- 2) The ability to prevent infection in people who are at risk for more severe COVID-19
- 3) The ability of the hospital and health systems to handle surges
- 4) The ability to develop therapeutics to meet demand
- 5) The ability for businesses, schools, and child care facilities to support physical distancing
- 6) The ability to determine when to reinstitute certain measures, such as the stay-at-home orders, if necessary

# Economic Reopening Plan Development (4 - 6 Weeks)

- Organize a project team to develop a strategic plan for a phased reopening
- Engage REACH to assist with the plan and facilitate stakeholder collaboration efforts
- Identify participants and form Countywide Stakeholder Team related to government, schools and business industries
- Draft document and engage Stakeholder Team for comments
- Finalize Road Map to Phased Reopening for Public Health Director
- Present to the Board of Supervisors

# Draft Letter to Governor Newsom

---

- Collective comments from the Board of Supervisors
  - Economic and Financial Impacts
  - Impacting Our Most Vulnerable
  - Opening Back Up Our Economies
- Provide Direction to CEO

# Coordinated Response -Access to information

The screenshot shows the website for the Santa Barbara County Public Health Department. At the top left is the logo with the text "Santa Barbara County PUBLIC Health DEPARTMENT". To the right are navigation links: "ABOUT", "PREVENTION", "FAQS", "HEALTHCARE PROFESSIONALS", "NEWS", and "RESOURCES". The main content area features a large banner with a scenic view of a coastal town. On the left side of the banner, there is a teal box with the text "CORONAVIRUS DISEASE 2019 (COVID-19) PUBLIC INFORMATION PORTAL". A search bar with the placeholder "Enter keyword" and a "SEARCH" button is located in the top right of the banner. Below the banner are three red buttons: "BREAKING NEWS", "DAILY STATUS REPORTS", and "PROVIDER ALERTS".
