Reasons to support exemption findings (attach additional material, if necessary):

The Santa Barbara County Board of Supervisors is the responsible agency to adopt a Resolution for the Measure A Five-Year Local Program of Projects and Reaffirm Resolution 10-101 and reaffirm the existing distributions of Measure A revenue distributions. The adoption and reaffirming of resolutions is not a project by definition. The term project refers to the general policy making activity which is being approved and which may be subject to several discretionary approvals by governmental agencies. The term project does not mean each separate governmental approval. Further, the request to adopt a Resolution will not create any unusual circumstances which would create a possibility that there would be a significant effect.
