Name of Proposal being submitted: RON DRAFT PLAN 1

Briefly describe your plan: My plan looks quite similar to the current district boundaries, having made as few changes as necessary to the current district boundaries. It continues to be geographically rational, with no islands. My plan meets the legal requirements for redistricting: 1. The population is divided as nearly equally as possible (with a maximum deviation of 0.15% and an average deviation of 0.04%); and 2. It does not discriminate on the basis of race.
--

Briefly describe the goals of your plan: (example: keep rural areas together, keep a city in a specific district, etc.) <ul style="list-style-type: none"> * Minimize the risk of gerrymandering; * Minimize resident confusion of who serves as one's supervisor; * Minimize Supervisors' effort to familiarize themselves with constituents new to their district & their issues; * Minimize the number of voters who are disenfranchised (being represented by a new Supervisor they did not vote for, or having to wait an extra two years to vote for Supervisor rather than at the usual 4-year interval).

What is the population of each district in your plan?
