Subject: Oppose Parking Fees at Beaches

There are few places average people can go that are free.
Sure the county needs funds, find them elsewhere, not on the backs of those who can least afford it.
Give the 99% a chance for free recreation at our lovely beaches.
We don't have private clubs and swimming pools.
We have nature.

Subject: VOTE NO!

I am a native Santa Barbaran and completely against imposing parking fees at my favorite local beaches. Figure out another way. My grandparents and parents lived here most of their lives and we do so because of the pristine beauty and access to these areas of nature without charge. My goodness, you MUST know it is almost impossible to afford to live here as it is....this is one more reason to drive people away.

It is your job to figure out a better way, not just the easy way.

Subject: BEACH PARKING

Supervisors , having attended two of three Parks Commission hearings , I hope that you heard the same messages that I did. I heard unanimous public (voters/taxpayers) opposition to the implementation of beach parking fees. I also heard that Coastal Commission approval must be granted before this plan could be implemented. Another thing that I heard was a Surfrider vow to fight against this proposal. Please take these factors into consideration in your deliberations on Oct. 9th. Thank you , Gilbert Loustalot . 4th generation S.B.Co. resident and taxpayer.

Subject: fees on public parks

I am opposed to having fees on our public parks and beaches. It is one of the perks of living here in Santa Barbara. Since this is such an expensive place to live, access to these perks should be free to everyone.

Subject: Beach Parking Fees

I personally think this is a good idea. There are public costs to maintaining our beaches, why should access be free. Don't let the vocal minority sway your opinion.
