Dear SB County Board of Supervisors:

Please find attached the following 2 documents:

- 1) **A petition signed by 1,041 individuals** who are requesting that you do not approve the STR Ordinance proposed by County Staff
  - a. This ordinance negatively affects not only people who live in SB County, but in locales throughout the country (and the world).
- 2) **Comments made by 466 of the signers** of the petition.
  - a. These comments display the logic & passion of people who believe fair regulation, not prohibition, is the correct solution to the management of STR activity in the County.

Sincerely,

Theo Kracke

Recipient: Santa Barbara County Board of Supervisors

Letter: Greetings,

Please Do Not Approve the Proposed SB County Short-Term Rental Ordinance!

The STR Ordinance proposed by County Staff prohibits Short-Term Rentals (STRs) in all Residential and virtually all AG zoned areas of SB County. Significant economic, environmental, and social benefits are provided by STRs, and prohibition is an over-reaching solution that devastates this important part of our local community. There are much better alternatives available for the management of STRs.

The housing and neighborhood compatibility problems associated with STRs are vastly overstated. In contrast, data-supported reports (and other analyses) show that STR's affect an insignificant percentage of the long-term housing supply, and nuisance reporting rates for STR's are slightly less (to substantially less) than the nuisance reporting rates for all residential properties.

Please do not take a "sledgehammer" approach to address issues that can be easily managed through Fair Regulation. An alternative Ordinance that properly manages STRs has already been drafted. This is an option that the Board of Supervisors could be voting on now, or at a hearing in the near future. Furthermore, there are already successful ordinances on the books in neighboring communities such as Goleta and Ventura, from which proven and successful regulations can be easily copied and adopted.

On Dec 6, please DO NOT APPROVE the STR Ordinance that was prepared by County Staff. Instead, please vote to develop and adopt an alternative Ordinance that preserves all the benefits of STR's, while minimizing (or eliminating) any negative effects.

Recipient: Santa Barbara County Board of Supervisors

Letter: Greetings,

Please Do Not Approve the Proposed SB County Short-Term Rental Ordinance!

The STR Ordinance proposed by County Staff prohibits Short-Term Rentals (STRs) in all Residential and virtually all AG zoned areas of SB County. Significant economic, environmental, and social benefits are provided by STRs, and prohibition is an over-reaching solution that devastates this important part of our local community. There are much better alternatives available for the management of STRs.

The housing and neighborhood compatibility problems associated with STRs are vastly overstated. In contrast, data-supported reports (and other analyses) show that STR's affect an insignificant percentage of the long-term housing supply, and nuisance reporting rates for STR's are slightly less (to substantially less) than the nuisance reporting rates for all residential properties.

Please do not take a "sledgehammer" approach to address issues that can be easily managed through Fair Regulation. An alternative Ordinance that properly manages STRs has already been drafted. This is an option that the Board of Supervisors could be voting on now, or at a hearing in the near future. Furthermore, there are already successful ordinances on the books in neighboring communities such as Goleta and Ventura, from which proven and successful regulations can be easily copied and adopted.

On Dec 6, please DO NOT APPROVE the STR Ordinance that was prepared by County Staff. Instead, please vote to develop and adopt an alternative Ordinance that preserves all the benefits of STR's, while minimizing (or eliminating) any negative effects.

lynette la mere	santa barbara, CA	2016-11-18	vacation rentals give families and college students a way to travel and immerse into the community outside of the standard tourist routes. We use them all over the world and, because of vacation rentals in particular, feel a far deeper bond with a multitude of communities and people that we would never have achieved staying in hotels. Home sharing is a beautiful thing for the world and I - nor anyone I know - has ever "trashed" a neighborhood. Respect and love and community is what comes of it.
Alison Stonecipher	Santa Barbara, CA	2016-11-18	I am an Airbnb host and guest
John McWhirter	Carpinteria, CA	2016-11-18	I'm signing because fair regulation is what is needed, not a ban. Times have changed, and it is evident that people are traveling and choosing to stay in STR more and more. Anyone who has done it, knows the benefits. Mostly, there just aren't enough hotels in our area to accommodate the amount of travelers who've grown to love Santa Barbara and her surrounding areas. Save the Rentals.
Brooke Guajardo	Santa Barbara, CA	2016-11-18	I support the fair regulation of short term rentals.
Cassie Neumann	Bellaire, TX	2016-11-18	I want to keep my house in Montecito, and I need the rental income to do so.
Elizabeth Dodder	Solvang, CA	2016-11-18	I'm signing because short-term rentals are a rich way to visit a city! Instead of just visiting, you feel like you live there. And it makes you want to go back! This experience brings consumers with more money and a quiet lifestyle to our towns. It also creates repeat consumers, as well as uses less community resources than long-term rentals. They are out all day, spending money, and only use resources on limited nights (mostly weekends). When hotels are the only option, visits to our towns are not as nice - plus they sell out all the time anyway!
Marilyn Stienecker	Santa Barbara, CA	2016-11-18	I have owned several rental properties in SB and have ever experienced I problem with neighbors or the community. We comply with local taxes. People visit SB by staying and spending money. What more could you want.
Theo Kracke	Santa Barbara, CA	2016-11-18	I believe that Short Term Rentals are GOOD for Santa Barbara County & City!
Virginia Rubsam	Santa Barbara, CA	2016-11-18	STRs offer visitors more space, privacy and comfort than sterile hotel rooms. They enable elderly people to pay their mortgages. They pay TOT. What's wrong with regulating them instead of banning them?
Joyce Searls	Santa Barbara, CA	2016-11-18	I believe in regulation of short term rentals for the economic benefit of Santa Barbara residents and businesses.
Stephen Grosky	Boynton Beach, FL	2016-11-18	I have rented in Montecito twice, for a week each time, and think it is a very positive benefit to the area. I would not have stayed at a hotel.
Carey Uhler	Santa Barbara, CA	2016-11-18	I am all for owner occupied STR's. I only see it benefitting our community. We have always chosen the side of hospitality.
Jennifer Wills	Clovis, CA	2016-11-18	I am a frequent STR customer in SB county.
Bonnie Adams	Santa Ynez, CA	2016-11-18	I believe short term rentals greatly benefit the economy in Santa Ynez and in Santa Barbara county as a whole.
Loretta Razo	Los Olivos, CA	2016-11-18	I love the community building spirit of Airbnb ..... building trust and acceptance. ....the world needs more if this.
Janice Burrill, JD	Playa del Rey, CA	2016-11-18	I am a home owner in Summerland which supports STRs and fair regulation related thereto

Elyse ReitZin	Santa Barbara, CA	2016-11-18	I am signing because it is unlawful to say that someone in their own home can rent a room for 30 days but not 5 days
Michael Baiad	Los Olivos, CA	2016-11-18	The proposed ordinance would include "home-stays ", which is a distinctively different service and is misplaced within the ordinance. Please reconsider.
Martha Lee	Santa Barbara, CA	2016-11-18	Beach communities cannot be so self-serving as to deny families the ability to rent a house for their vacation, any more than Forrest rangers should deny the public the right to camp in the forrest. Beach towns should be exclusive in only one way: they alone get to live on the coast. The rest of the country should get to visit!
lynn robinson	Santa Barbara, CA	2016-11-18	The regulation is too sweeping. There needs to be more balance.
Geri Servi	Santa Barbara, CA	2016-11-18	STRs are beneficial to the community of Santa Barbara!
Janet Colby	Pasadena, CA	2016-11-18	I also have a home in Montecito. I support a regulated Short Term Rental Ordinance.
Kipsy Steinmetz	West Simsbury, CT	2016-11-18	Short term vacation rentals help the economy in SB.
Ken Fredrickson	Solvang, CA	2016-11-18	Home stays when the owner is on site in residential zones should be allowed.
K Brown	Desert Hot Springs, CA	2016-11-18	Please consider smart and fair regulation as the way forward.
Mike Bono	Santa Barbara, CA	2016-11-18	I do not and will never do rentals in my house. However, a couple neighbors do and I'm 100% supportive of them. It's nonsense to assert that short-term rentals are a nuisance; in fact just the opposite is true (more difficulty with long-term renters ... and regular home owners). Let's do something appropriate to all parties concerned. Best Wishes, Mike Bono
Tim Ball	Santa Barbara, CA	2016-11-18	Favor regulation as it provides revenues and mitigates potential problems.
Ilyce Dawes	Encino, CA	2016-11-18	My home stays much nicer and I can check on check on it regularly when I have a short-term renter rather than a long-term renter.
Jim Williams	Santa Barbara, CA	2016-11-18	I think STR is economically viable and beneficial without banning. Please seek another outcome than a complete ban.
Barry Chersky	Los Olivos, CA	2016-11-18	I am a supporter of a fair regulation approach which would address real issues when they arise without penalizing the various constituents who benefit from responsible STRs. I also represent those, including myself, who host home stays, in which the owner is present. This distinct arrangement would be prohibited by the proposed ordinance.
Bruce Bohuny	Ridgewood, NJ	2016-11-18	I love visiting Santa Barbara with my family, and we would go without being able to rent a home.
Marcia Nelson	Santa Ynez, CA	2016-11-18	We have a successful VR on ranch property that affects no one in a negative way. We live here and we regulate it closely. We bought our property with it being legal and we depend on it. We cannot afford to rent long term as it wears it out too fast and the repairs overtake what we take in for rent. We are devastated at this proposal. We have faithfully paid TOT each and every month and it is a good income for the county. We are perfect examples of a vacation rental that works for everyone and affects no one in any negative way.
Stephanie Hausfater	Beverly Hills, CA	2016-11-18	It's the right thing to do

Heather Ridenour	Santa Barbara, CA	2016-11-18	I think that STRs are an important part of what we as a community can offer to travelers, especially families, visiting our community. We have used STRs when traveling with children and without, as I'm sure many of us have! I believe to allow for this option is a benefit to both residents and visitors. Please allow for this very important aspect of hospitality. It's really such a plus in my opinion, as a homeowner in SB for almost 30 years. It's a vote for connecting with the larger world community, as well, and I think we could all use some good cheer and friendship spread through the hospitality of STRs. Thank you! Heather Ridenour
Karen Luloh	Santa Barbara, CA	2016-11-18	We have enjoyed many visits to Santa Barbara & Montecito staying in STR's and feel the loss of such accommodations would be a great loss to travelers.
David Cartmell	Saugerties, NY	2016-11-18	I rent in Feb/Mar for 2-3 weeks every year in S B, Montecito, Summerland and think this adds greatly to your economy!
Eden Johnson	Chico, CA	2016-11-18	We moved away from SB but our senior parents still live at Vista Del Monte. We return often for about a week and depend on local short term rentals to be able to stay comfortably and affordably. In the several years that we lived in Montecito and the Riviera, we never heard any of our neighbors complain about short term rentals, in fact most enjoyed sharing the city with newcomers. We also found that many visitors are interested in buying in SB and are grateful to be able to experience the different neighborhoods SB has to offer. So do the right thing SB, regulate these true cottage businesses, and use the tax dollars to police negligent owners or difficult visitors who create problems, but let the free market work for the vast majority on both sides, who want this service to continue.....AND.....don't forget how important this revenue is to the city and county coffers.
jerusha eames	Denver, CO	2016-11-18	I love visiting Santa Barbara and having it feel like home!
Leo Arehart	Santa Barbara, CA	2016-11-18	I agree with regulation not prohibitive acts. The revenue created by STR's as well as needed jobs shows that prohibition would hurt far more than help.
Susan English	Los Alamos, CA	2016-11-18	The sledge hammer popes by the Planning Commission is not the best approach to STRs in Santa Barbara County. They can be licensed, taxed and regulated to alleviate the overstated "problems" while generating significant cash indirectly to the community and directly to the General Fund. The "one size fits all" proposed ordinance is inappropriate for those of us in the more rural areas of the County. Please send this back to the drawing board.
Cheryl Hess	Santa Barbara, CA	2016-11-18	I strongly believe STR do not affect long term availability. We have NEVER had a complaint and always paid our taxes. Renting occasionally has made it so we can afford to live in Santa Barbara.
Debra Smitham	Golden, CO	2016-11-18	Our family has rented "short-term" near SB for the last seven years. We treat rental homes like our own, and are very clean and quiet. Our daughters would be heartbroken if this special family tradition came to an end. Please consider continuing to share your most beautiful part of the country with responsible, courteous renters, who in turn support your local businesses with lots of shopping and dining dollars. Thank you.
marco farrell	santa barbara, CA	2016-11-18	Please address the small number of problems through regulation, not by banning it for everyone. Not everyone hosting str's are out of town landlords getting rich, there are many local folks who have retired, or lost jobs, or had life changes, and being able to rent out a room or two in their house is sometimes the only way to be able to keep their home in this difficult economy. Banning strong will NOT result in more / less expensive rentals, but only serve to hurt many of those who are dependent on the extra income to survive...

linda van dyke	Los Angeles, CA	2016-11-18	Im signing because we used to be able to rent beach houses there and now can't do it because of the long term rental
Todd Shays	Culver City, CA	2016-11-18	We have rented homes in the Santa Ynez valley area several times a year for the last many years as our escape from Los Angeles. We have no interest in staying in hotels on these visits as staying in a home is an entirely different experience. If Santa Barbara bans short term rentals we'll stop coming (and spending money at local restaurants, grocery stores, wineries and independent shops) and find another place more welcoming to visitors. It is insane that three county commissioners would slam the door on tourists by instituting an outright ban on short term rentals to address perceived problems that are not borne out by facts. Any concerns can be addressed through responsible regulation rather than an outright ban.
Nancy Soans	Santa Barbara, CA	2016-11-18	I'm signing because it seems unlawful for City of SB and Hotel Lobbyists to dictate what I can and cannot do to afford living in my hoe in Santa Barbara. The service I provide helps people who would not otherwise come to Santa Barbara and stimulate our economy to be able and want to come. People have stayed with me from all around the world seeking an at home experience in our town to spend money in restaurants and shops from. Most say they do not want to stay in a hotel setting. Additionally, after ending a 20 year marriage and working full time, I can still only afford to live back home in Santa Barbara by sharing a room in my home part tiime to travelers. It also allows me to accommodate my children when they visit.
Michael Conaway	Santa Barbara, CA	2016-11-18	STRs have provided outstanding contributions to Santa Batbara by providing quality short term rentals to the city with minimal problems. The revenue has enable to city to receive large amounts of tax revenue that could be productively utilized to enforce fair STR rules that allow those who follow the rules to provide a wonderful service to quality visitors from throughout the world while helping the city close down improper speculation that removes long term housing from the market. Without STR revenue the city is without financial resources to enforce those who will continue to do STR and not be forced to quit taking rentals away from our young professionals
Matthew Hanover	Los Angeles, CA	2016-11-18	I am enjoying hosting people from all over the world and learning about their cultures and making life-long friends, in addition to having a nice side income.
R. Romano	Santa Barbara, CA	2016-11-18	I believe in regulation, not prohibition. I also feel strongly that these STRs are an essential part of the social and economic fabric of the city of Santa Barbara.
Claire de Heeckeren d'Anthes	Santa Barbara, CA	2016-11-18	People should be able to do what they want with their property. I'm all for constructing more rental housing where appropriate and as a landlord, I have a rental at well below market value because I think current prices are ridiculous - I'd rather have a good tenant. However, it isn't a God-given right to live in SB. On the other side, many have made great sacrifices to buy a home here or and want to stay in their long-time home despite the high cost of living here. A homeowner should be able to dispose of his/her property as they wish unless they are creating a nuisance. No party houses, OK.
Lee Neuenschwander	Santa Barbara, CA	2016-11-18	I support short term rentals in Santa Barbara. I do not rent my home. But I appreciate being able to rent a home when traveling. Much better for traveling families.
Todd Smith	Santa Barbara, CA	2016-11-18	I am a concerned citizen who is applied at this proposed ordinance as an infringement on basic property rights for all residents.

Lara Willbanks	Santa Barbara, CA	2016-11-18	There are many people in my neighborhood who do short term rentals. They are homeowners to live in their home and use the revenue to do home improvement projects. There has NEVER been a problem in our neighborhood with STRs. And people should to a reasonable expent be able to do what they want with their property. Our country was founded on this right.
Mary Dyer	Santa Barbara, CA	2016-11-18	I am signing this petition because I think it is best to regulate, not outlaw STRs. They bring a benefit to our community. I rent space in my own home as STR and would not consider long term as I like to keep the space free for visiting family as needed. I am in the city so have had to change to 30+ night rentals. This means less \$ so I've had to rent out more often which means higher water usage and parking issues. Our neighbors have never had any problems with our guests and have actually used our rental for overflow when they have family gatherings. Please consider reasonable action of regulating.
Daniel Hess	Los Angeles, CA	2016-11-18	SB county has become a second home to me and that was all because STR gave me and wife the ability to stay there and feel like it was our home. We never abused the service - as most users of STRs - so we don't see the reason to suddenly make it unavailable to those who'd like to use it. STRs bring in money and passion to the area, by prohibiting it you are actively choosing to cut off the area from progress and success.
Lloyd Dallett	Santa Barbara, CA	2016-11-18	This town needs vacation rentals. It brings much needed commerce to the entire community. It bring tax dollars to the city. It helps people keep their homes!
Willbanks Barry	Santa Barbara, CA	2016-11-18	Renting out home when we are away is how we make our payments for mortgage & taxes.
Jay Cole	Mammoth Lakes, CA	2016-11-18	Short term rentals can be done responsibly. The tax revenue for the City is substantial. Many vacation homes are not candidates for local housing rentals -- thus do not contribute to the issue of affordable long-term rental housing. Elected officials have a mandate to develop civil policy based on the facts and to serve community as a whole. Let's demand extraordinary citizenship from short-term rental operators. But let's not succumb to fear-mongering. We all know where that has taken us. Jay Cole - 23 year citizen of Santa Barbara.
Anna Huerta	Santa Barbara, CA	2016-11-18	At several of the council meetings which I attended, many supporters for short term rentals laid out the many benefits for the town merchants, the city in huge revenues, the guest, and the owners. Yet these arguments continue to fall on deaf ears. The council has yet to come up with a true reason for banning these businesses.
Jason Parish	East Fremantle, Australia	2016-11-18	I'm a regular visitor to Santa Barbara for periods of 2 weeks to several months with my family as my wife is a Professor who does work with UCSB. These types of accommodation are important for us to enjoy our stay.
Judy Tischler	Santa Barbara, CA	2016-11-18	i am a homeowner with pre-existing rights of use
Timathea Workman	Glendale, CA	2016-11-18	I do not think the perceived threats to the economy and neighborhood are accurate. The overall ban throws the positives out with the negatives.
Jeff Mickeal	Santa Barbara, CA	2016-11-18	Concerned home owner and short term rentals should be allowed with reasonable regulations and enforcement.
Doris Willbanks	Santa Barbara, CA	2016-11-18	I feel we have been successful in maintaining a peaceful integration and respect between our short-term tenants and our neighbors. We continue to work hard on this. We live in the Bay Area but enjoy having our home in Santa Barbara near our grandchildren where we can block out our own weeks to spend some of our retirement time with them. Being able to have some tenants during the time we are not there helps us pay for this ownership.

kathleen barnato	sb, CA	2016-11-18	I see the need for str in our area. I like the Goleta city policy best, complaint driven.
Jonathan Wills	Clovis, CA	2016-11-18	We love to vacation there and we will no longer come to Santa Barbara if we have to stay in a hotel. The city is failing to see the revenue that people like me generate in your city
Timothy Boudreaux	Saint Paul, MN	2016-11-18	What's done in the privacy of ones home is their business. If someone wants to rent a room one weekend, and the next weekend have a family member come stay, that should be okay. Please pass sensible regulations. Airbnb and Uber are here to stay.
Julie Lopp	Santa Barbara, CA	2016-11-18	I'm signing because I feel that home stays should be legal.
stephen wilson	Santa Barbara, CA	2016-11-18	It's financially irresponsible of the city to ban all STR rather than police the few bad landlords
Terry Henry	Porterville, CA	2016-11-18	I use this service and I don't want it to go away. I come to SB for medical on a monthly basis and STR's provide me with an alternative to the overpriced and cold hotel experience.
Grace Jackson	Los Angeles, CA	2016-11-18	My parents retirement depends on our short term rental.
Marsha zilles	Santa Barbara, CA	2016-11-18	property owners have rights to their property and a better solution than banning everything needs to be worked out
Richard Dallett	Santa Barbara, CA	2016-11-18	Please consider thoughtful regulations
FuLi Waldenburg	Clackamas, OR	2016-11-18	It's not a fair regulations, I thought it's a land of free. Our dream of keeping a home here in Santa Barbara we've worked hard to get since I have moved to USA 35 yrs ago would vanish for not be able to keep up the mortgage due to this sudden change. Is owning a house in Santa Barbara only possible for the ones that are rich and famous? This is a life long dream. Please be fair, don't destroy my and other's dream. Thank you!
Phillip Nlenhuis	Hudsonville, MI	2016-11-18	I have a relative who lives in Santa Barbara. Every time we visit we stay at a vacation rental. staying at the "cottage" makes our visit to SB far more enjoyable and relaxing. We're not "just tourists." We're able to relax and enjoy SB from a quiet cottage and neighborhood. We would be very disappointed if we had to revert back to the typical hotel.
Sam Hammond	Santa Barbara, CA	2016-11-18	I like the idea of the public opening their homes to a different kind of traveller. This has the opportunity to bring a larger number and more diverse travelers to our community, helping boost the economy through sales and taxes
Terry Haynes	Santa Barbara, CA	2016-11-18	This ordinance is wrong. We have trouble in our area from LONG TERM rentals. 8 people in a 2 bedroom house and 10 cars on the street parked illegally. County say we can do nothing! Concentrate on enforcing CURRENT CODES. We have NO problems in our area with short term rentals. This ordinance is pointless.
Julie Wills	Clovis, CA	2016-11-18	We have enjoyed our family vacations in Santa Barbara for years, always renting a home so we can be together!
Jeff Nygren	Santa Barbara, CA	2016-11-18	Once again we have an over zealous government. We already have parking laws and noise ordinances on the books. The overbooked hotels want all of this business to themselves, to jack up their rates even further. Bottom line, people will stop coming here, and we lose their vacation dollars. A foolish move for a supposedly top resort.

Susan Carey	Palos Verdes Peninsula, CA	2016-11-18	I believe hotels can be too expensive especially for 1 or more week rentals and availability is often limited. And why shouldn't home owners have the opportunity to have extra income in an company that is not "thriving" for everyone, especially the elderly on fixed incomes.
Joe Bounds	Goleta, CA	2016-11-18	I know many small business owners throughout this county whose livelihood depends on this industry. Prohibiting short term rentals would be detrimental to our local economy and would negatively effect quadruple the amount of lives that fairly regulating it would.
Joseph McCaffrey	Skaneateles, NY	2016-11-18	I'm a retired surgeon who's son lives and works in California. When my wife and I visit for 2 - 4 weeks we GREATLY prefer short term rentals to other options.
Deborah Shaw Booth	Santa Barbara, CA	2016-11-18	I believe STRs are an asset to our community and offer alternative housing and options to residents and visitors alike.
Cliff O'Sullivan	Santa Barbara, CA	2016-11-18	I am completely opposed to the proposer bill that would ban short term rentals. The vacation rental business is a vital part of the Santa Barbara economy.
Jill Morison	Santa Barbara, CA	2016-11-18	Jill morison

Wendy Geis-Rockwood	Santa Barbara, CA	2016-11-18	I support Short term rentals for our community as an important part of our economy and as option needed for residents and visitors. Please adopt fair regulation not the ban proposed.
Morgen McLaughlin	Buellton, CA	2016-11-18	I support short-time rentals in Santa Barbara County.
Emily Ortiz	Santa Barbara, CA	2016-11-18	its unfair that you control a house owner- AND the hotels are too expensive!!
Lori Pearson	Santa Barbara, CA	2016-11-18	Home owners have a right to help with there Morgage payments , retirement etc. (government should not be able to dictate whom stays at our homes! ) as long as we are respectful to our neighbors.
Lori Pearson	Santa Barbara, CA	2016-11-18	I support short term rentals in Santa Barbara.
Virginia Doehler	Santa Barbara, CA	2016-11-18	It's a win-win for the county to allow HOSTED short term rentals. It is very short-sighted to just axe it all, losing not only TOT, but dollars spent at restaurants, etc. Most short term hosts will not convert to long term rentals. Many people will not come to SB if they must only have the option of a hotel. Many hosts use that money to be able to keep their house up to a good standard. Looking at other cities in the country, they have been wise not to cut it all out, but to regulate it in various ways
Theodore Theilmann	Carpinteria, CA	2016-11-18	I believe this ordinance is an afront to our constitutional rights to use our property in a manner that harms no other citizen, and the that enforcement of existing regulations would mitigate any issues that people that would abuse this trust. I also believe that the effort to eliminate the people's right to rent their property is the result of large hotel and property management corporations to limit competition and maximize their profits at the expense of the common individule. I also believe that this negative effort is in direct opposition to the mandate of the California Coastal Commission to protect and encourage the rights of the public to enjoy our costal property with out restriction from privileged and well connected landowners and corporate interests.
Mary Helen Marks	Phoenix, AZ	2016-11-18	I like VRBO rentals. More fun and affordable
Allison Levine	Los Angeles, CA	2016-11-18	I approve short term rentals in Santa Barbara!!!!

Angelica Furstenburg	Santa Barbara, CA	2016-11-18	I'm signing not only because this is my job that's paying bills and helping me get by, but also for our guests. We always have excited wonderful people visiting Santa Barbara County that need time away but don't have enough time to be long term.
Katherine Henry	Santa Barbara, CA	2016-11-18	It should be allowed where it is already zoned for this use and the government should not make the process so prohibitive. There are plenty of apartments being built and I know personally that rentals are not as hard to come by as I have two properties I have been trying to rent out to long term tenants. Also vacation rental properties are better maintained than the ones with long term tenants. Just go see for yourself. Usually owners of vacation rental properties are more persnickety about who stays in the property and how it is taken care of.
Larry Lindenstein	Santa Barbara, CA	2016-11-18	County gets way to involved in our private lives and dealing. One more way to have someone looking over your shoulder
Ruth Tew	Phoenix, AZ	2016-11-18	I'm signing because I was born in Santa Barbara and short term rentals make it more affordable for me to bring my family to visit for a week and we Love it there and are very respectful of the neighbors, beaches etc.
Jennifer Waddill	Santa Barbara, CA	2016-11-18	The city MAKES money off of the whopping 2% that is short term rentals
Rose Hodge	Carpinteria, CA	2016-11-18	I agree with the petition and believe the Board of Supervisors is not listening to the people.
Katrina Murdoch	Santa Barbara, CA	2016-11-18	<p>I understand the concerns with STRs, but banning them is a drastic measure with more negative consequences than positive ones.</p> <p>I am a host. We also have a well established service business here, but, because of various unrelated financial losses we now depend on the rent income from our home . We cannot move out of SB, our business is here. Renting out home while still living on the property is our only way to get back on our feet financially, and we also really enjoy providing a much needed option for families that want to vacation in SB.</p> <p>Our guests are families, they are very respectful of the home and the neighbors. We. Make sure of it. They ALL say that if they had not been able to rent a home, they would have gone to a different city. In addition, Over 30% of our guests come to attend a destination wedding. If they could not have rented a home, or several in many cases, they ALL say that if the STR option had not been available in SB, the wedding would have taken place somewhere else. Think of the financial impact banning STRs would have on not just the tourist industry, but also on the Santa Barbara WEDDING INDUSTRY. Santa Barbara is a huge DESTINATION WEDDING venue (I know, two my my kids are international wedding photographers and my best friend is a large wedding caterer). Many BUSINESSES in SB -- wedding planners, Rental venues, caterers, Djs, florists, photographers etc... would all lose a large share of their business.</p> <p>I understand if there needs to be some regulations to ensure no disturbance to neighbors etc,, but to outright ban STRs would hurt a lot more local people. Please do NOT ban STR</p> <p>Thank you.</p>

Mary Anne Theilmann	Carpinteria, CA	2016-11-18	I'm signing because I have read the California Economic Forecast Report (from May of 2016) that was presented to the Board of Supervisors. The facts are clear. This data analysis shows that the results of an ordinance such as this will not have the impacts desired, e.g. there will not be a significant increase in long term rental availability. Read the reports for yourself and decide. <a href="http://californiaforecast.com/samples-of-our-research/" rel="nofollow">http://californiaforecast.com/samples-of-our-research/</a>
Joan Lillevand	Novato, CA	2016-11-18	I love coming to Santa Barbara and staying in neighborhoods where it's quiet. I usually travel with a companion - so that means there are only two of us. We don't have parties, we love enjoying the gardens and eating and walking in your beautiful city. Please don't take away our options.
Walter Henry	Porterville, CA	2016-11-18	I have visited the area dozens of times over the last 20 years. The hotel situation is abysmal and expensive. All of the short term rentals have been quiet and well-run and we have always been respectful. Control is needed for specific issues, most certainly, but banning these is not a solution to a lack of affordable housing. the City needs to address that issue strategically and thoughtfully without short-sighted "solutions" like this.
Janet Gunson	Santa Barbara, CA	2016-11-18	I think this would eliminate revenue for SB in general and families in particular. Please do not approve a ban on short term rentals.
Jack Meyer	Santa Barbara, CA	2016-11-18	STR's increase the availability of lodging in our area, often provide more economic lodging, and continue to stimulate local business revenues. I cannot imagine why this should be on the local agenda.
Kevin Anderson	La Jolla, CA	2016-11-18	Save The Rentals!
Carla Reeves	Santa Barbara, CA	2016-11-18	we have enough ordinances on the books. This is overkill to please a few people!
Kiley Shae Allen	Santa Barbara, CA	2016-11-18	I believe Short Term Rentals can benefit everyone throughout the City and County of Santa Barbara if fair regulations are put in place. Save the Rentals!
Judy Jackson	Carpinteria, CA	2016-11-18	We are on a fixed income. Renting our house a few times a year allows us to maintain it
Kathy Mitchell	New York, NY	2016-11-18	I love Santa Barbara and I don't want any residents hurt by this ordinance.
Dino Ohanian	Santa Barbara, CA	2016-11-18	I am signing because this proposal to ban STR's does not make any sense at all...Why give up millions in Transient Occupancy Tax just because of a few bad eggs...Anyone that does not play by the regulations should be fined or they should lose their license to operate. I especially do not see any problems with owners who live on the property as they have a vested interest in vetting their guests thoroughly before allowing them on their property. STR's are a great thing for the community as it builds good will and generates a large economic boon to the county. As far as the housing availability problems, they have been definitely overstated by the mob mentality as proven by several expert surveys. As far as the denigration of the neighborhoods, that simply just is not true, as in many cases the owners pour their rental cash back into their properties which, in turn, elevates the values of the entire neighborhood. Why can't we all just get along and bring economic fortune to all of the county...Just use some of that newly passed 12% Transient Occupancy Tax to find and get rid of the bad apples...It's called common sense!
David Gowing	Solvang, CA	2016-11-18	Please see my letter to the board of Supervisors mailed in early Nov. Thank You David Gowing
Laura Wells	Santa Barbara, CA	2016-11-18	An ordinance is not necessary - there are plenty of regulations in place to manage the few issues that may come about. We have too much government managing every aspect of our lives.

Bob Dunkel	Santa Barbara, CA	2016-11-18	I believe strongly that STRs benefit all. They bring money into SB. Hotels are at capacity and there is not enough room and board in town to support the demand. STRs offers this capacity shortage. Tax can be collected to benefit the city and owners can offset costs of their own by benefiting from the profits. A win-win for all parties involved.
Richard Nagler	Solvang, CA	2016-11-18	Better regulation is better than banning.
Anand Auja	Los Angeles, CA	2016-11-18	Because I come to SB a lot and it's better to be able to rent a house and only be able to stay in hotels.
Dorothy Wallstein	Santa Barbara, CA	2016-11-18	I am sick of the hotel lobbyists who squash the rights of homeowners to supplement their income.
Jenna Berg	Santa Barbara, CA	2016-11-18	Short Term Rentals provide far more benefits to the county than currently recognized and far outweigh the negatives. Fair Regulation benefits all.
Lynette Meyer	Santa Barbara, CA	2016-11-18	I'm signing because I do not want to restrict competition. STR is not a problem but a solution.
Brian Rust	Newport, KY	2016-11-18	I love coming to SB and renting.
Melinda Hardin	Cooperstown, NY	2016-11-18	I realize there is a housing problem for people who need long-term rentals, but short term rentals are so important to tourists who don't want to stay in a hotel, but who want to have their own kitchens, etc. I'm not sure I understand why they would be banned. I do understand why you would want people to pay tourist taxes.
Ryan Christian	Eastvale, CA	2016-11-18	We love to visit Santa Barbara and help boost the local economy when we stay in STR's.....
bill sternard	Excelsior, MN	2016-11-18	Want to continue to visit Santa Barbara and staying in wonderful homes owners have made available to public.
Allison Luthi	Prairie Village, KS	2016-11-18	I'm signing because I booked a beautiful condo through Paradise Retreats in April 2016 for a long weekend. I use condos and houses a lot when I travel. They are so much nicer than a hotel. I am a homeowner and appreciate being able to rent a home for a week or less when I travel. I would hate to not be able to come back to Santa Barbara for a vacation.
Craig Harris	Santa Barbara, CA	2016-11-18	As long-time residents of Santa Barbara, we have many friends across the US and overseas that frequently come to visit Santa Barbara, many of whom prefer to vacation rentals over hotels. We have heard from numerous friends that if Santa Barbara bans vacation rentals they will no longer make annual trips to Santa Barbara. They will find other cities/destinations for vacations that allow the rental of vacation homes. Please allow vacation rentals to stay in Santa Barbara!
Kristin Shofner	Delray Beach, FL	2016-11-18	I am signing because short term rentals are good for Santa Barbara. They bring the right kind of people who will spend money and help the local businesses grow. Stopping them is pure nonsense.
Matt LaPrairie	Austin, TX	2016-11-18	I love visiting Santa Barbara with my family and we always stay in a rental home. Being confined to a hotel room doesn't sound appealing and would really take away from the authentic, local Santa Barbara experience.
Craig Galione	San Diego, CA	2016-11-18	I love to take my family to visit Santa Barbara every year.
Frank Riolo	La Mesa, CA	2016-11-18	I like visiting Santa Barbara and you don't have enough options to stay during peak times without short term rentals
Eileen Soderstrom	Chicago, IL	2016-11-18	My family's happiest vacations have been in rental houses in Santa Barbara! Please do not ban this practice

Gail Devine	Sudbury, MA	2016-11-18	I won't be able to visit beautiful Santa Barbara if only monthly rentals are allowed. But I will go elsewhere in CA.
David Tridle	Naples, FL	2016-11-18	Inability to be able to have a short term rental of a condo or house would guarantee I would never be a tourist in Santa Barbara again.
Linda Ryan	Santa Barbara, CA	2016-11-18	I believe STR's benefit and do not harm the larger Santa Barbara community, including individuals and business.
Patti Sandow	Santa Barbara, CA	2016-11-18	Short term rentals are ok.
John Ennals	Cupertino, CA	2016-11-18	I WAS A SHORT TERM RENTER IN THE COUNTY FOR A RELATIVES WEDDING. THIS A WAY TOO RESTRICTIVE.
Annalee Gooding	Carbondale, CO	2016-11-18	I love Santa Barbara and I use to have a home there which I had to sell and it's nice to go back and be in a home. People prefer that over staying in a hotel
Christine Silverberg	Calgary, Canada	2016-11-18	Eliminating short term rentals reduces the opportunity for Canadians to spend time in the U.S. If this is not permitted on a short term basis, then vacations will be held elsewhere, impacting the U.S. economy in the jurisdiction prohibiting such STR's.
Karen Larsen	San Rafael, CA	2016-11-18	We often vacation in Santa Barbara County and would be very disappointed if we were no longer able to do so. Certainly visitors to the area, whether they stay in a hotel or rent a home/condo contribute to the economy. Personally, I very much dislike staying in hotels and I can't see why they would want to keep folks like us away?!
Maureen Wilde	Richardson TX, TX	2016-11-18	Stayed in a short term rental in Santa Barbara I would never have wanted to stay in any of the hotels there....
Scott Summers	Martinez, CA	2016-11-18	We have rented homes in Santa Barbara through various STR agencies over the last 5 years. I would hate to have to pick another city or county to visit.
Greg Welsh	Los Gatos, CA	2016-11-18	Is this an attempt for the local SB hotels to have a monopoly. I'm fine with paying a city fee or tax to do short term rentals.
Nancy Holland	Ridgefield, CT	2016-11-18	Having lived in Santa Barbara and now residing in CT, we visit Santa Barbara at least twice a year. The convenience, the cost differential, the ability to learn about different neighborhoods (as we want to purchase a home in SB) by being able to rent a home, far outweighs the benefits of a hotel for us. We are semi retired adults that have rented homes in SB for years. We are respectful of the homes, and the neighbors and our noise level is minimal. This regulation is overkill in my opinion--there are better ways to enforce than by doing a total ban of STR.
Marcie Matassa	Fullerton, CA	2016-11-18	We love short term rentals. We treat the property as if it were our own and have never had any bad experiences. Please do not approve this proposed ordinance.
Christy Johnson	Wildomar, CA	2016-11-18	I rented a home in Santa Barbara for a weekend to celebrate my mom's 70th birthday. It was her dream come true.  Besides, I don't believe that it's fair to people who purchase homes as an investment to be told they can no longer rent them out.
Melissa Stanley	Cypress, CA	2016-11-18	I think short term rentals are a good thing for the city and the county, Santa Barbara is a great place, please do not do this! this is from hotel lobbyists?
shrikant anagol	Glendale, CA	2016-11-18	I have used str in Santa Barbara county before
Debra Martin	Los Gatos, CA	2016-11-18	I am a UCSB alumni. I love Santa Barbara. I love visiting with family and friends and we like to stay in a rental house. Please do not ban short term rentals! A house is so much more welcoming than a hotel.

Valerie McClain	Dublin, CA	2016-11-18	A group of friends since college (up to 12 of us) meet every year. Since we are scattered throughout northern and Southern California, Santa Barbara has been our go-to destination. A short term rental makes our visit more fun. It's not a sterile hotel; it's usually more economical and it is much more personal. Don't stop this wonderful opportunity to enjoy Santa Barbara like a native!!!
melinda thomas	Summerland, CA	2016-11-18	I agree with the overstated negatives mentioned.
Eileen sternard	excelsior, MN	2016-11-18	We use short term rental homes all over the world when we travel. Santa Barbara is an area we love to stay in and we are very respectful of the homes and cities we stay in.
David Johnsen	Dallas, TX	2016-11-18	I oppose the banning of STRs in Santa Barbara County. I typically stay in STRs in SB County several times a year. I prefer the comfort and flexibility of an STR versus a hotel room. I know if hotels are the only option, I will no longer frequent Santa Barbara County, and will likely spend my money in Napa/Sonoma.  Thank you for your consideration.  David Johnsen
Roberta Cradick	Bloomington, IN	2016-11-18	I'm signing because SB is my favorite place to vacation. I cannot take a month's vacation away from work, therefore STR are ideal for me. I am deeply disappointed that the SB county doesn't want my money anymore or desires to share paradise unless I stay in one of the over priced and not as comfortable hotels
Audra Fong	Burbank, CA	2016-11-18	Our family lives in Santa Monica, we love to visit beautiful Santa Barbara and Montecito. Because we have two small children, a vacation rental is the best and most convenient option for us. Plus when extended family comes with us, we like to stay in the same house. If SBC were to ban Vacation Rentals, we would be forced to look for other locations for our family vacations. And we would miss very much the lovely restaurants and activities SBC has to offer. Please don't ban vacation rentals!
Susan Sitcoff	Montreal, Canada	2016-11-18	I love Santa Barbara and want to keep coming.
Barbara Herbst	Brookline, MA	2016-11-18	I would hate to see this vacation housing option disappear. Being able to stay in a home contributes immensely to the overall enjoyment of our visit to Santa Barbara County.  If this option was unavailable, I will choose another location to visit to the detriment of the local economy.
Michael DiTommaso	Trabuco Canyon, CA	2016-11-18	Because I frequently stay at Santa Ynez Villas with my family to get away from LA and relax and enjoy my vacation.
melcher les	Dallas, TX	2016-11-18	our family loves to visit Santa Barbara but we need to rent a house to accommodate our family.... hotel rooms are not conducive to our needs.
Amy Soares	Orange, CA	2016-11-18	I love Santa Barbara, and having a toddler, it's very difficult to stay in a traditional hotel, short term rentals allow us to visit more and have greater flexibility with a little one
Michael Finnerty	Winnetka, IL	2016-11-18	We love Santa Barbara and short term rentals are a great way to experience what it must be like to live there. Please don't take that away.
Tim Ryan	San Francisco, CA	2016-11-18	I have used short term rentals in Santa Barbara several times for my family vacation (usually about 1 week each time). The ability to rent a whole apartment or home fits my families needs very well, much better than a hotel. If the short term rental option is no longer available we will look elsewhere when choosing a vacation destination.

Kim Massoudi	Newport Beach, CA	2016-11-18	Montecito is one of our favorite vacation spots
Dani Musso	Alameda, CA	2016-11-18	I'm signing because short term rentals are a very convenient way for my family to visit SB and enjoy the area, especially with my grandchildren. Staying in hotels isn't always convenient for us and we might have to choose to pick another location to vacation!!
Cindy Leili	Warren, CT	2016-11-18	We love in Santa Barbara!
Martha Williams	Wheaton, IL	2016-11-18	I'm signing because I often rent a home when I visit my children who live in Santa Barbara and they do not have room in their home to house us and when we come we stay 7-10 days and we do not want to stay in a hotel for that amount of time. We enjoy our stay in your beautiful city and would hate to see this short term rental option go away.
Sarah Rothenberg	Pasadena, CA	2016-11-18	Come on! This is crazy.
marcy sinel	bedford, NY	2016-11-18	We recently spent time in Montecito in a rental for two weeks over the summer. It is now near and dear to our hearts and we want to experience the lifestyle over the summer months without staying in a hotel. Shutting down this option for travelers who care about this area of the United States and want to travel there is very much not the welcoming energy that attracts us to this wonderful area. It is an odd thing to ban vacation rentals in this area. It would effect homeowners who need the income to support their investment and travelers who want to experience this area. Also it is just wrong.
Chris Kinkade	Burbank, CA	2016-11-18	If this ordinance goes through I will not be visiting Santa Barbara much as I find the short term rentals that I have used have been very beneficial in allowing me to enjoy the city.
Leo Niedzwiecki	Jacksonville, FL	2016-11-18	save the short term rental
Anne Andrews	Irvine, CA	2016-11-18	There are not enough hotel toms for the old Spanish days which we come to every year. My daughter had a wedding two years ago and we reserved for homes for the different parts the bridal party and it was essential to us being able to have our various events from out of town all of these locations barbecues traditional dinners. We come to Santa Barbara many times a year and rent a home for all the conveniences enjoy and enjoy learning and living in the new neighborhoods. It is encouraged us to spend a lot of time in your community and belong to things like the botanical gardens in the old Spanish these committees where I invite people from all over the country to join me and you're very unique lovely festival of old California traditions. We also come for or shows and rodeos and 30 there just simply aren't enough hotel rooms for the type of events we come to and the kinds of things that we do in groups
Robert Fisher	Palo Alto, CA	2016-11-18	I have rented luxury homes several times in Santa Barbara. I look forward to doing it again in the future.
Suzie Masters	Cypress, CA	2016-11-18	I enjoy using the short term rentals and think it's a perfect solution for families. It's good for the local economy too!
James Brandys	Amherst, NY	2016-11-18	I'm signing because Santa Barbara is a special place and people need special places to stay whether it's for one week or a month.
Steven Lowery	Cincinnati, OH	2016-11-18	Spent a week in a rental in montecito while my kids attended a surf happens camp in carpinteria. Was so nice to be able to have a home environment to stay in rather than finding a hotel for the week.
Michael Gaynor	Santa Clara, CA	2016-11-18	I rent homes for 7 day vacations with my family of 14 in Santa Barbara County every year. If the rentals are banned then I will go to another locations since the use of a hotel defeats the purpose of a family vacation.

Tami Karlsson	Covina, CA	2016-11-18	I rent regularly for vacation which brings revenue to Santa Barbara.
Krisanne Caciola	Solvang, CA	2016-11-18	Common sense regulation alternatives are in order. A prohibition is over-reaching and unfair.
Cynthia Miller	Kansas City, MO	2016-11-18	I have used STRs for years in many US cities. While I believe standards are needed, wholesale avoidance hurts tourism.
Darren Walworth	Yorba Linda, CA	2016-11-18	I am part of a group of four friends who rent a house in Santa Barbara for a long weekend every spring. We love SB and respect the neighborhoods we stay in. We behave as if it is our home neighborhood. We do the same thing in the fall in the Palm Springs area. We have stayed in hotels for these trips before, but we have found it is much better to share a great rental property. Without the availability of short-term rentals in Santa Barbara, we would choose another location for our annual spring golfing trip.
Frank DiTomaso	Valencia, CA	2016-11-18	This ordinance requires considerable more vetting.
Darlene Hanley	San Anselmo, CA	2016-11-18	Please do not approve the proposed Santa Barbara short term rental ordinance. There is obviously a need for families to rent these homes while visiting their children that have gone away to College. These homes make it more affordable for families to get together.
kristin burns	river forest, IL	2016-11-18	We lived in SB for 6 years & visit every year by staying in a short term rental. Our kids get to continue their friendships with their SB friends and continue to make new memories together!!
Ana Grace	La Cañada Flintridge, CA	2016-11-18	Short term rentals allow people to afford to live in their current homes by having access to another source of income. I have used short term rentals for my family. I always follow the laws and quite ordinances in the rentals. Overlegislation is not productive for short term rentals or our society.
Robert Ziino	Middleton, WI	2016-11-18	I was a SB home owner for 15 years and love coming back to visit the city that I love and enjoy staying in short term rentals
Greg McDougall	Squamish, Canada	2016-11-18	I'm a user of this service and I believe it is in the interest of the consumer as well as the business community at large (excluding biased special interest groups) to have this service available.
Jennifer Anderson Warwick	Oconomowoc, WI	2016-11-18	I'm signing because I enjoyed a one week family vacation in SB with my extended family. Memories were built that will last a lifetime and an experience that cannot be duplicated by staying in a hotel or extended stay hotel. Having the experience of staying in a STR was a big component of making a family vacation a success. We have often considered returning to SB based on our experience with the STR.
Ana Infante	Lomita, CA	2016-11-18	I'm signing because we love Santa Barbara County and visit often with our family. We prefer to stay in a home with our multigenerational family rather than a hotel. We visit often and spend money to support local businesses.
Michael G. Smith	Dallas, TX	2016-11-18	I do not want you to prohibit short term rentals in Santa Barbara STRs.

Sue Gramacy	Granada Hills, CA	2016-11-18	I'm signing because our family loves Santa Barbara and have gone for three years by renting a property. We have already rented again for next year. My grandkids have been going since they were young and it is their favorite vacation even better than Hawaii. We are going again in 2017, please don't take away from us. My Grandkids will be devastated. Their Great-Grandma Helen took them when she first was diagnosed with Alzheimer's so it would be something they could remember doing with her. She has now passed away and they asked me if we could go back again. Please don't take this memory away from them. Thank you! Vote against Sue, Bob, Madi, Julia & Rachel
Susan Coyne	Pittsfield, MA	2016-11-18	I like to visit Santa Barbara often and STRs are more affordable than hotels.
Suzan R. Lewis	Dallas, TX	2016-11-18	Please do not prohibit Santa Barbara STRs.
Jörg Spiekerkötter	Germany	2016-11-18	I subscribe as a past and future guest to Santa Barbara. Dr. Jörg Spiekerkötter
Jessica feezell	Albuquerque, NM	2016-11-18	We use STRs every time we visit family in Santa Barbara. As a young family of four, we need a small kitchen and space for the adults to be up after the kids have gone to bed. This is both hard to find and cost prohibitive in a hotel. When in town, we eat out 2/3 of the day, shop at local stores, and help support the economy in SB; we couldn't do this without short term rentals.
Diana Barnes	La Mesa, CA	2016-11-18	This penalizes people that want to enjoy rentals and that are respectful of the homes they rent and the neighborhoods where they are located. Why is the government always so ready to penalize all of us for the sins of a few????
Larry Grantham	Manhattan Beach, CA	2016-11-18	My wife, 2 daughters and I are frequent visitor (6 times per yr.) to the Santa Ynez Valley renting homes in Los Olivos, Solvang and Santa Ynez. We respect the need for some governance but the proposed STR Ordinance is overreaching. We will not be able to visit the valley if this ordinance passes. Please vote No. Thanks, Larry
Allan Jones	Solvang, CA	2016-11-18	I am signing because short term rentals are good for county revenue. They can also be managed properly for a win-win for everyone.
Judith Shadzi	Valley Center, CA	2016-11-18	My family has enjoyed Short Term Rentals in Santa Barbara every summer for the last 4 years.
Alicia Trelles-Duckett	Chatham, MA	2016-11-18	Short-term rentals are THE ONLY WAY for families like us to visit relatives in California; can you imagine a week for 6 people at the Hilton?? We support your business community when we visit. Don't shoot yourself in the foot and forego all that out-of-state revenue.
Thomas Barnett	Batavia, IL	2016-11-18	I love SB and visit as often as possible. Many friends and family live there.
Nancy O'Leary	Jamaica Plain, MA	2016-11-18	If we can't rent a home we will not visit Santa Barbara and of course spend our vacation dollars there. We dislike hotels and want to stay with our family in a single home!
Robin Trabucco	Solvang, CA	2016-11-18	While I understand the need to police the abusers of Short Term Rentals, the proposed ban seems to punish those who have had no negative impact to the community, who pay the bed tax as required, who do not take business from hotels and who provide a need in the community as well as provide income to SB County. I believe there are far more considerate people who follow the rules than the few abusers. Please restrict the abusers not the others and reconsider the proposed blanket ban.
Brennan Kelliher	Redondo Beach, CA	2016-11-18	I have enjoyed visiting Santa Barbara with my family in a short term rental.

Lara (Runnels) Olsen	Los Angeles, CA	2016-11-18	I'm signing because my family (2 adults, 2 kids) enjoys traveling to Santa Barbara, which we do about 3-4 times/year. It would be prohibitively expensive for us to stay in the extremely expensive Santa Barbara hotels. We have been doing short-term rentals for years. If this were not an option, we would be unable to visit Santa Barbara.
Marc Venegas	Manhattan Beach, CA	2016-11-18	We love visiting Santa Barbara County and experiencing the local scene several times a year. We have a family of four so renting a house for a week is a perfect way to get away and relax. Please vote NO on the STR ban!
Peter Zimmer	Millersville, MD	2016-11-18	My wife and I have visited Santa Barbara year for 50 years and now have the time for a longer stay and prefer not to always stay in a hotel.
Mendes Napoli	Beverly Hills, CA	2016-11-18	I rent in the area. We love visiting there. We spend a lot of money when we are there in restaurants, local business and activities. None would happen without the ability to rent.
Sophia Hayes	St. Louis, MO	2016-11-18	My group and I come on occasion to UCSB for research stays. Having a living area--NOT a hotel--is key for me to bring students with me. Eliminating short-term rentals would severely effect people like me--scientists who work with very, very limited budgets.
Linda Mercer	Alamo, CA	2016-11-18	I have a vacation home rented for my family in 2017. It is a beautiful spot, fit for many people, not a single family home.
Ginny Devine	CHATHAM, NJ	2016-11-18	This would make it impossible to visit family in Santa Barbara. What are you thinking??
George Vlahos	Sudbury, MA	2016-11-18	I like to visit Montecito every year with my family. We are peaceful people, and respect the community we rent homes in. I hope this proposed ordinance does not pass, because we will be forced to look elsewhere to spend our family time and money.
Timothy Daniels	Toronto, Canada	2016-11-18	I've visited Santa Barbara every winter for the past seven years. While there are excellent hotels etc. in SB, I prefer to rent a private home or apartment. I'm a visual artist and need a little more space than a hotel can provide so I can continue to paint while I'm visiting your beautiful city. My wife and I spend money on food, entertainment, shopping and recreational activities. Some trips we've stayed for over a month but on several occasions we've stayed for less than three weeks. I understand that the decision to ban short term rentals is complex but I'm hoping that a reasonable compromise can be reached. I'd really like to continue visiting.
Peggy Schmidt	Portola Valley, CA	2016-11-18	I have frequently used Airbnb lodging over the last 5 years in Santa Barbara. It's a different option to hotels (which I also occasionally stay in). Also I support the idea of "ordinary" people being able to rent out guest cottages, apartments, or homes. Please keep Airbnb in Santa Barbara!
Nicholas Parisi	San Jose, CA	2016-11-18	Short term rentals are an essential part of the SB economy and provide a product to families not available in any other product type
Anita Kepley	Sacramento, CA	2016-11-18	I am signing this petition because my husband and I have enjoyed the rental homes we have reserved in Santa Barbara County. We prefer the private and quiet locations with kitchen and living room amenities.
Lillian Stenfeldt	Burlingame, CA	2016-11-18	I'm signing because our family has rented homes for several years in Santa Barbara and enjoyed the area, its restaurants and shops. We want continued access to your lovely area.
Mary Ellen Hoffman	Santa Barbara, CA	2016-11-18	It's the right and fair thing to do.

rebecca Gowing	Santa Maria, CA	2016-11-18	We need to stop government intervening with home owner property rights. Please do not stop the Short Term rental business in Santa Barbara County. ESPECIALLY NORTH COUNTY->
Susan Schillings	Pleasant Hill, CA	2016-11-18	My daughter attends UCSB and we would like to visit often.
Rick Coe	Oklahoma City, OK	2016-11-18	Rick Coe
Donald Newberry	Gurnee, IL	2016-11-18	My company rents multiple homes for an annual sales meeting and customer event. Without having the chance to rent short term housing, it will force our company to look for a different city to meet.
Allison Trabucco	Solvang, CA	2016-11-18	The city should not take the lazy route in this. With the right regulations vacation rentals can be a great asset to the community and even make the city money through taxing and tourism. They offer an alternative that hotels do not and cannot offer.
Carroll Wimbish	Los Alamitos, CA	2016-11-18	I have enjoyed using short term rentals in the Santa Barbara community. I feel it's good for the local businesses and economy. /
Thatcher Thompson	San Francisco, CA	2016-11-18	We frequently visit our kids at Cate and friends in Santa Barbara. We typically rent a house because we often have 5-10 family members staying with us. Renting makes our stay more of a vacation with together time than separately reserving hotel rooms.
Warren Christensen	Los Angeles, CA	2016-11-18	I think this is a great way to experience a wonderful city like Santa Barbara...and it keeps me coming back again and again!
Dick Fischer	San Mateo, CA	2016-11-18	I come to Santa Barbara at least 4 times/year. We stay in a STR because hotels do not meet our needs. We spends hundreds, if not 1000s, of dollars each time we come. If the ordinance is enacted, we would not be able to come as often.
Melody Kunnecke	Bella Vista, AR	2016-11-18	I enjoyed renting a house for a week in Santa Barbara. I'd love to be able to do that again
Sheila Neary	Mission Viejo, CA	2016-11-18	I use short term rental and hope to keep it going
Anthony Johns	Instow, United Kingdom	2016-11-18	We love to visit the US and especially Santa Barbara each year. We prefer staying in self catering rather than hotels to experience the local culture. By stopping short term rentals in holiday destinations will only make properties become unused throughout many weeks of the year. We experience exactly this at a coastal location in the U.K where I am a business owner and local councillor. Tourists from homeland and international bring valuable income to our kind of location and economy. Victoria McAndrews	Baltimore, MD	2016-11-18	I am planning to visit Santa Barbara for two weeks in 2017.

Lynda Corliss	Beaverton, OR	2016-11-19	We spend Christmas in SB with my elderly mom who could not stay in a hotel. We so enjoy our time together with our family and have enjoyed the short term house rentals as the only option that would work for us. We don't make noise or trouble - we just enjoy family time. Lynda
Cheryl Moloney	Weymouth, MA	2016-11-19	I see no reason to stop short-term rentals in Santa Barbara.
Bradley Bennett	Santa Barbara, CA	2016-11-19	I'm in support of fair regulation of legal short term rentals.
Cynthia Fox	Bakersfield, CA	2016-11-19	This will prevent us from enjoying your lovely city and county. What a shame!!
jackie bays	skaneateles, NY	2016-11-19	I have responsibly rented several STRs and greatly enjoy them more than hotel rooms!
Christy Holz	Santa Barbara, CA	2016-11-19	I am a STR owner and have first hand experience of the significant benefit STR's provide to families wanting to visit Santa Barbara. My guest spend alot of money locally and return to spend, largely due to the great atmosphere provided by my home and neighborhood.

Louise Lafferty	Dirnoch, United Kingdom	2016-11-19	Because I spend six months in the winter in SB in short term rentals coming all the way from Scotland .
Howard Townsend	Bonsall, CA	2016-11-19	Private homes allow amenities and ambiance that are not available with hotels. We will not visit Santa Barbara if STRs are not available. We have been regular visitors.
Mary BT	Osseo, MN	2016-11-19	We love to vacation and spend our vacation \$\$\$ in Santa Barbara. Short term rentals allow us to live in the community, buy groceries, cook our own meals and enjoy the city and area! Please do not ban short term rentals. We are planning to snowbird in Santa Barbara for 3-6 months a year using these rentals! If you ban rentals, we'll contribute our money to a neighboring towns economy.
Roberta Hughes	Sutter Creek, CA	2016-11-19	My family has been visiting Santa Barbara for many years, and it's an important part of allowing good, decent people to experience a meaningful time together, with the emphasis on keeping families together, enjoying the beauty and restful quiet that Santa Barbara offers. Please allow people to continue renting in Santa Barbara. We bring positive energy with us, as well as supporting the businesses in the local community. Thank you.
Trish Rayner-Gutierrez	Denver, CO	2016-11-19	I rent there several times a year for work and pleasure.
Earl Barzabal	Phoenix, AZ	2016-11-19	Santa Barbara hotels are for the most part overpriced, and I've stayed at 2 STRs this past year in Santa Barbara with larger groups, and it suited us perfectly fine!

Ted Booth	Goleta, CA	2016-11-19	I believe STR's do not present any significant harm to the community within the city or county & instead help promote tourism as well as provide numerous good jobs for locals that end up spending more \$ in our county which is more tax \$ for all to enjoy the benefits that brings. Adopt sensible regulations but do not ban! STR's are good for Santa Barbara!
Jean Diane Sargeant	Santa Barbara, CA	2016-11-19	The short term rentals have shown to be a great asset to the economy, and have allowed travelers from across the U.S. to see the beauty of S.B. and to return year after year to enjoy their stay. It is profitable and safe for the area homeowners who have placed their homes on STR.
Marcia Milner-Brage	Cedar Falls, IA	2016-11-19	Yearly to bi-yearly for the past 10 years, I have rented short term housing in Santa Barbara County for 1-2 weeks for my husband and I. If I can't stay in a home with a kitchen, I won't return to Santa Barbara.
Jean Diane Sargeant	Santa Barbara, CA	2016-11-19	The family vacationers and travelers coming to S. B. have been excellent guests to our community, and a benefit to the tourism economy, as well as a benefit to our S. B. homeowners who have many friends and relatives who wish to visit our area for extended vacation time.
Lindsay Pera	Templeton, CA	2016-11-19	This is nutty!
Keith Osborn	Roswell, GA	2016-11-19	Without short term rentals, we will be spending our time and money in another town and not Santa Barbara.
Susan Friedman	Los Angeles, CA	2016-11-19	I love visiting Santa Barbara county properties and we have rented for years. This would deprive our family of a fabulous vacation and the many restaurants and businesses we visit.
Marla Jamieson	Rancho Cucamonga, CA	2016-11-19	I rent Short Term Rentals all the time, I pay 2 different taxes on them and spend a lot of "vacation" money in the local areas of Santa Barbara County. This is all valuable revenue for the local real estate business, other local businesses, the cities and the county.
Andrew Manning	Los Olivos, CA	2016-11-19	I am a Short term rental supporter, property owner and I use other Short term rentals

Deborah Matz	New York, NY	2016-11-19	We enjoyed a lovely week in Santa Barbara in 2015 in a beautiful home to celebrate a special birthday. We would love to do it again.

Terilyn Hernandez	Denver, CO	2016-11-19	I am Santa Barbara born and raised. I value being able to stay in a home rather than an impersonal hotel when I visit my home town. It enhances the experience and keeps me from feeling like a visitor when in my hometown. My family and I also spend quite a bit more when we stay together in an upscale home and can focus on recreation.

Carol Roe	Santa Barbara, CA	2016-11-19	I believe short term rentals, especially for weddings, fund raising events and family parties, which COMPLY with all of the county regulations on time limits, noise, etc. should be allowed to continue to occur.
Lauren Stewart	New York, NY	2016-11-19	I just moved to New York this week, but lived in SB for 9 years and am signing in support of my parents and friends vacation rentals and real estate values, in support of the freedom property owners should have when they own their property, it's an opportunity for others to experience the incredible gift of SB County, and it is significantly impactful to the local economy and the future of the area.
Joan Arnold	Santa Barbara, CA	2016-11-19	Short term rentals are necessary alternatives for housing
Diana Mareno	Thousand Oaks, CA	2016-11-19	I urge the County Staff to use fair ordinances and regulations so that there can always be a peaceful vacation place where people can choose to go in the beautiful Santa Barbara County, whether it be a hotel, or private entity. Preserve the many peaceful rental choices and sanctuaries that provide this freedom.
Sheryl Wilder	Waseca, MN	2016-11-19	I love staying in your area! But I probably won't return and spend MN money there if I can't rent a house. I'll choose another winter vacation destination.
Paul Holliman	Santa Clarita, CA	2016-11-19	We love Santa Barbara. We rent homes here frequently and pump many dollars into your economy via restaurants and shopping.
Mary Robbins	Denver, CO	2016-11-19	I like to visit the area and have done so for years, renting a vacation home for less than 15 days
Catherine Stoltz	Fairbanks, AK	2016-11-19	we love to visit SB and love the option to rent a home. we care for it like we would our own.
Andy Macaulay	Toronto, Canada	2016-11-19	Any issues with STR's can surely be resolved with something short of prohibition. We've been coming for years and bringing our tourism dollars with us. Please don't force us to change that.
Lud CORRAO	Las Vegas, NV	2016-11-19	It is a wonderful place to visit and partake of the good food outlets, shopping and Ocean.
paolo mancini	Novato, CA	2016-11-19	it's the right thing to do.
Alice Haefele	Santa Barbara, CA	2016-11-19	Regulation and not prohibition please. STRs are an important source of income for many and help to stimulate our local economy.
Chris Bail	Bloomfield Hills, MI	2016-11-19	I am signing because I think it is very wrong for Santa Barbara and the county to ban STR's. Are they crazy?!!
Robert Simmons	Fresno, CA	2016-11-19	This ordinance would eliminate any opportunity for me to visit my favorite place.
Cheryl Porter	Phoenix, AZ	2016-11-19	I don't approve of banning short term rentals
Aileen Kunzel	Lucerne, Switzerland	2016-11-19	I am signing because I have lovely memories of staying 1 month in a rental home in Santa Barbara, golfing, going on boat excursions and restaurant meals. Sophie McCabe	San Luis Obispo, CA	2016-11-19	I have rented my home in the past and it was a valuable source of income for me and it is an option that should be available to responsible home owners

Arielle Shankara	Santa Barbara, CA	2016-11-19	For elders who would like to continue maintaining and improving their properties... this sharing of homes enables us to keep the neighborhood esthetically pleasing for all. Big corporate hotel lobbyists should not dictate what private individual rights to, the pursuits' of comfortable well being should be. All or nothing is simply a totalitarian approach that progressively erodes individual liberties and the privacy to manage ones personal domains.
Ned Shepard	Beverly Hills, CA	2016-11-19	I loved experiencing the magic of Santa Barbara county through my air bnb rental. I also think a lot of great people will lose income and access to tourism money- not just homeowners but people in the local economy.
Wolfgang Klein	Germany	2016-11-19	Well, a hard feeling not being welcomed anymore.
Stefan Dietze	Germany	2016-11-19	Santa Barbara is one of the most beautiful spots in the U.S. which would be harmed through this act, STRs provide many options for fans of SB County around the globe enjoying the hospitalit and beauty of this area ant its people. Hotel availabilities and options are too limited in the area, so please stop this act!
Lilyana Marino	Carmel, CA	2016-11-19	Santa Barbara is to special a place to prevent people from staying in a home situation. Many people with food allergies can't stay at a hotel and depend on restaurants to provide food that fits in their diet plan. Also it would prevent families from having quality alone time to share with each other.
John McMorrow	Redwood City, CA	2016-11-19	It is an invasion of property rights and we often visit SB - sometime in Hotels and if our group is too big, in rental homes.
Pita Khorsandi	Santa Barbara, CA	2016-11-19	I beliwve it will bring more diversity to the city.
Maggie Grieve	Newbury, United Kingdom	2016-11-19	We travel from the UK with our family to combine a lovely vacation with buying wine for our cellar. Weve chosen the area over Sonoma and Napa Valley for the last 3 years and have booked a further visit in march but without suitable accommodation - we always rent a house for a couple of weeks - we'd be forced to visit and stay and spend our dollars in other areas. What a shame. We love the region, its wine, its towns, the lovely people, restaurants, horse riding etc but this would spell the end of that for us. Please please don't pass this legislation. It would be such a shame for those in your communities who rely on people like us to generate business.
Pia Rosado	Mexico	2016-11-19	It's a wonderful service
paul harris	bridgnorth, United Kingdom	2016-11-19	I enjoyed a one week rental stay in Santa Barbara last year. I enjoy the freedom a rental property gives and would not consider hotel stays. Therefore, no house rental options means no future visits from me to the area.I'll spend my dollars elsewhere where they encourage visitors more.
Debbie Simpson	Cincinnati, OH	2016-11-19	I loved renting in beautiful Santa Barbara.
Claudia Cherney	Fontana-on-Geneva Lake, WI	2016-11-19	We visit at least twice a year. Love the culture and spend lots of money. Don't turn into a snobby society.

Michel Boudreaux	Santa Barbara, CA	2016-11-19	Significant economic, environmental, and social benefits are provided by STRs, and prohibition is an over-reaching solution that devastates this important part of our local community.
Amber Slusser	Novi, MI	2016-11-19	We enjoy visiting the Santa Barbara area (been to Carpenteria 3x) and we feel that a short term rental is the best way to truly enjoy the area "like a local." Would not return if we could not rent short term.

Catherine Bennett	Edwards, CO	2016-11-19	I have rented a home in Santa Barbara next summer. I own property in Georgia which I rent on a short term basis. The proposed ban is misguided and an encroachment on owner's rights.
Stanley Tsigounis	Sarasota, FL	2016-11-19	Being able to rent a house in Santa Barbara is important to myself and my family. We hold family reunions every couple of years in Santa Barbara which would not be able to occur if we could not have the family in a large house. We contribute to the larger economy by eating at restaurants, shopping and sightseeing. Please keep short term rentals!!

louise Hartsock	Westlake Village, CA	2016-11-19	Short term rentals bring tourists to Santa Barbara for extended stays as well as allowing owners to share their glorious properties for family vacations.
Terry Barnes	Chowchilla, CA	2016-11-19	I love to visit SB and would stay longer and come more often if we were able to rent short-term rentals vs. hotel costs. Plus, hotels are scarce at peak times of the year. Your tourist economy will suffer if this goes through.
Susan Pate	Santa Barbara, CA	2016-11-19	Short term rentals are important to continue for the citizens of our community. Every single cosmopolitan city and county has a form of short term rentals. Get off our personal property and, quite literally, out of our bedrooms. Overreach and overreaction.
Joan Scheffler	Arlington Heights, IL	2016-11-19	We stayed in your beautiful city of Santa Barbara a year ago for ten days. We ate in your restaurants, went to the pier often, hiked trails, purchased food for the house and the list goes on.
Janice Stewart	Dripping Springs, TX	2016-11-19	I love visiting the valley and the most enjoyable places to stay are personable ones.
John Lafferty	Grand Junction, CO	2016-11-19	We enjoy vacation in Santa Barbara but will find another location if it is too difficult to rent short term houses in SB county

Steve Stocker	Spokane, WA	2016-11-19	We have regularly visited Santa Barbara County over the last thirty to play golf and visit old friends, we have always rented homes as we usually come as a group of eight or more people; we are always respectful of the owners property and the neighbors of the homes we have rented; I would be unfair to restrict rental of residential property based upon a few bad renters versus the vast majority that are respectful of opportunity to come to the Santa Barbara area and enjoy the benefits of a home versus a hotel room. I respectfully ask the County Commissioners not to restrict the rental of residential homes to guests visiting Santa Barbara County.
Robert Garcia	Half Moon Bay, CA	2016-11-19	I'm signing because I have utilized a short term vacation rental for my daughter's wedding and it was a wonderful way to bring my family together under one roof without the hassle of arranging hotel rooms.
Joseph Jolley	Spokane, WA	2016-11-19	I like visiting your area but will not do so if I have to stay in a hotel. I am still working and can only get away for a week or so at a time.
Cindy White	Santa Barbara, CA	2016-11-19	This is a resort destination. Those who have put the tremendous effort in to be able to buy a property in Santa Barbara should be allowed to offer vacation rentals here as is the case worldwide. We can surely come up with creative options for a win-win vs. this shut down approach.
Evangeline Brown	Willow Creek, CA	2016-11-19	I am signing this petition because we use short term rentals several times a year in Santa Barbara. Bonnie Martin	Yorba Linda, CA	2016-11-19	You will absolutely ruin our experience staying in the Los Olivos area by forcing us to utilize the commercial over priced rooms. The draw and charm of staying in the valley is enhanced by the small quaint rooms we have been able rent.
Ruth Bull	Morro Bay, CA	2016-11-19	I'm a renter in SB. We are senior citizens who come to SB for a few days to sew and quilt together in a beautiful setting. We are no problem as are most of the people who rent there.

Hugo Rossitter	LOS ANGELES, CA	2016-11-19	We had a magical time in our STR at Los Olivos with no disturbance.
Shireen Mansouri	Yellowknife, Canada	2016-11-19	We enjoy visiting SB and hotels are not an option for our family.
Wayne Klapp	Ventura, CA	2016-11-19	This is a beneficial industry in the county that allows many to enjoy our beautiful surroundings while giving the property owners additional financial freedom which also flows into our communities. Managed property, this is a win/win and should not be discouraged.
Rob Davis	Seattle, WA	2016-11-19	We love Santa Barbara and we stay in vacation rentals when we visit.

Kristin Luis	Orcutt, CA	2016-11-19	Short term rentals allow our wine-tasting customers to be responsible and stay off the roads after a long day in Los Olivos/Santa Barbara. It also allows customers to visit more wineries, therefore buy more wines, therefore help bring in more revenue into Santa Barbara County. This will be a disservice to our county economically.
Ann Hall	Carpinteria, CA	2016-11-19	There are better ways to deal with this issue. Instead of punishing owners who use their property for STRs, including most of us who strive to keep our neighbors happy, strengthen the consequences for those who aren't mindful of their neighbors' rights. Have you considered consequences for the guests who caused the problems? What ever happened to property owners' rights???
Vicki Billow	Hudson, OH	2016-11-19	I stayed in a short term rental and loved every minute of it. Please do not stop this.
margaret haas	los angeles, CA	2016-11-19	i love to visit santa barbara! Short term rentals allow my family to do that.
Victoria Werth	Carroll Park, PA	2016-11-19	My son lives in Santa Barbara, I have a large family that likes to visit, and it is important to us to have a place to stay.
alan fenton	Santa Barbara, CA	2016-11-20	SB needs the tax money
Eliza Alexander	Encinitas, CA	2016-11-20	I love visiting SB and am UCSB alumni.
Adrienne Hill	Calgary, Alberta Canada, Canada	2016-11-20	My son is going to school in Santa Barbara so we visit frequently but because of the very expensive hotels we prefer to stay in a Paradise rental house. We are more comfortable plus it is cheaper. If this option were not available we would just go to Ventura to stay. Which means that all our meals we presently eat in restaurants in Santa Barbara would now be had elsewhere.
Suzanne Reddie	Tempe, AZ	2016-11-20	My family enjoys an annual rental in Montecito & we love spending time in the Santa Barbara area
Judith Rubenstein	Santa Barbara, CA	2016-11-20	I am signing this petition because I am a home owner that depends on rental income while I live out of town for 4-5 months per year. By banning all rentals, the County is depriving homeowners who live in their homes most of the year, a way to earn income. And, there have not been any noise complaints for my home. I believe the County should regulate these STR and receive valuable tax revenue. Please adopt an ordinance similiar to Goleta rather than eliminating all STR's or at least exempt homes where the owner occupies the home 6 months or more.
Martha Belcher	Santa Barbara, CA	2016-11-20	People should have the freedom to lease their homes, particularly if it helps them achieve financial security. Pls don't let the hotels influence you. We know they are losing business to Airbnb and other short term rental businesses. STRs are not the problem.
Scott Lewis	Santa Barbara, CA	2016-11-20	I think it's a great source of income for the retired!
Dean Barrett	Bedford, United Kingdom	2016-11-20	Because i enjoy holidays there !!
William Orr	Beaconsfield, United Kingdom	2016-11-20	I love to visit Santa Barbara
Grant Oliver	London, United Kingdom	2016-11-20	I have visited SB four times, and each time stayed in a short term rental. In my experience the contracts operated by the rental agency are sufficiently resilient to manage the potential downsides of short term rentals.
Diana Pure	Miami, FL	2016-11-20	I love Santa Barbara and ALWAYS stay at STRs!!!
Robbin RimmerBehrens	Santa Barbara, CA	2016-11-20	Banning short term rentals is NOT going to solve the housing shortage in Santa Barbara
Colleen Coogan	Point Pleasant Beach, NJ	2016-11-20	Really enjoyed my stay when I was renting house out there would like to do again!

Tracy Schmidt	Santa Barbara, CA	2016-11-20	We are a home stay family. We live in our home and welcome guests from all over the world, students, interns and business men here for a short stays. We do not allow events or parties and have never had a complaint. This has allowed us to put our kids through college and also give our guests an authentic and memorable welcome to our beautiful city.
Mason Hogg	Bellingdon, United Kingdom	2016-11-20	A great way to visit Santa Barbara and join in with the community.
Olga Kuzenna	Santa Barbara, CA	2016-11-20	I think that STRs are beneficial for Santa Barbara community welfare.
Nick Peponis	Powell, OH	2016-11-20	We have rented homes in Santa Barbara for family events and vacations. If we had hotels as the only option, the costs would have been prohibitive, and we would have vacationed elsewhere
Melissa Moore	Portland, OR	2016-11-20	This new ordinance would greatly prohibit tourism.
Mark Gross	Santa Barbara, CA	2016-11-20	Please consider an option. This is sweeping and unfair to those who have the right to provide occupancy to those who also want to contribute to our city that we love so much. I am a 26 year resident of Santa Barbara. Thank you.
Deann wilson	Santa Barbara, CA	2016-11-20	private property owners should have options too.
Kyle Leon	Santa Barbara, CA	2016-11-20	There need to be controls but a complete ban is ridiculous
Glenn Tassi	Maple Grive, MN	2016-11-20	We have valued the ability to enjoy the freedom to go to the Santa Barbara farmers market and cook our own healthy meals in our private rental. . I object to this ban.
Karin Borra	Netherlands	2016-11-20	We love your beautiful county and like to stay in a home when visiting.
Janna Roewer	Dublin, OH	2016-11-20	We have loved having a home as a short term rental when we have visited Santa Barbara over the years. It would be very disappointing to not be able to do that anymore.
Shirley Townsend	Bonsall, CA	2016-11-20	We vacation for a week in the SB area every two years with our adult children and their spouses. If we can't rent a home, we will not come.
Janice Lynn Nord	Bakersfield, CA	2016-11-20	Janice Lynn Nord
Henry Bunch	Naperville, IL	2016-11-20	I enjoy visiting Santa Barbara and plan to use STR's to determine if I might want to retire there. Would be unfortunate if we were unable to do so.
Mary Kittrelle	Redondo Beach, CA	2016-11-20	I greatly appreciate the opportunity to rent a private home vs staying in a hotel. I appreciate being able to cook and to have private yards. I am very respectful of the neighborhoods I stay in. Not having this option would reduce the number of trips I make to SB County in general.
Kerry Wolny	Tahoe City, CA	2016-11-21	I like to visit Santa Barbara and I don't want to stay in a hotel.
Monica Mitchell	Santa Barbara, CA	2016-11-21	STRs can be run responsibly and are accepted all over the world. They are a safe and affordable option allowing more tourists to travel to our area- hping the economy. It's a win/win for all .
Kathie Merlo	Pismo Beach, CA	2016-11-21	I live in the County and appreciate the rentals as an affordable way for families to gather for vacations. It feels like this bill is being driven by special interests, not concern for the everyday citizen.

Father Jerry Bellamy	Santa Barbara, CA	2016-11-21	The Cardinal for the Archdiocese of Los Angeles Catholic Church assigned me to SB 44 years ago. I have been performing weddings in this county all during the years. I have performed over 7,000 weddings. I perform weddings for couples from all over the world. They come to SB County and each wedding brings at least 100 guests with them. This results in a tremendous monetary value to this area. The STRs in this area allow these people to bring their families here. Most of the guests have never been to SB before. These same guests then return to this area many times in the years following their first exposure to the city and county. Please do not limit this activity in any way. Our weddings provide tremendous benefit to all of the citizens in the county.
Linda Ruepert	Netherlands	2016-11-21	Santa Barbara is a beautiful and relaxing place to visit, also for a short term/time. Good to have your own place there during that short period.
N A	Santa Barbara, CA	2016-11-21	I believe with an on-site host, this should be allowed.
Debbie Kincannon	Little Rock, AR	2016-11-21	I do not like staying in hotels and always rent homes.
Michael Dolge	Venice, FL	2016-11-21	I'm signing because we enjoyed our stay in Santa Barbara due to our daughter's wedding at Four Seasons. We will be coming back again so no to stopping STR'S
Stephen Edwards	Lamberhurst, United Kingdom	2016-11-21	I love visiting SB with my family and we rent properties for 2-3 week stays. Why would anyone want to stop this from happening? It will create a ransom card for hotel operators in the SB area.
Robert Williams	Houston, TX	2016-11-21	We are a family of 4 from Texas. We have been vacationing in Santa Barbara every summer for the past 10 years. We have enjoyed renting many wonderful and unique homes for our time there and usually spend around \$20,000 on the entire vacation, including support to the local economy in many ways. We would like to continue to visit SB but do not intend to do so if our only options are to stay in a hotel.
Denise Dannemiller	Santa Barbara, CA	2016-11-21	Home owners have a right to do with their property what they want. I support proper regulation of rentals, but not a complete ban of them.
Jessica Dupuy	Dripping Springs, TX	2016-11-21	I'm signing because our family enjoys vacationing out in the Santa Barbara and St Ynez area, but we prefer a more comfortable home environment rather than a hotel. This is the way travelers are moving in terms of travel preferences these days and it would be a shame for Santa Barbara to move backwards instead of progressively forward.
Carole Rainville	Orange, CA	2016-11-21	I'm sure we provided much more to the local business' than a permeant family in this house would have done.
Diane Tye	Carlsbad, CA	2016-11-21	We have so enjoyed our family vacations in SB in VRBO's. All 4 of our family went to UCSB so we love Santa Barbara.
Matt Messinger	Manhattan Beach, CA	2016-11-21	I vacation in Santa Barbara county a few times a year and would hate to stop visiting because of this initiative.
Bryan Deley	Phoenix, AZ	2016-11-21	Because I like renting houses in Santa Barbara for a week or so at a time.
Kristin Streed	Calgary, Canada	2016-11-21	In a city with elevated hotel rates, this allows visitors to experience this lovely city and have some \$\$\$'s left to put into the local economy
eric chino	Las Vegas, NV	2016-11-21	my friends and vacation in solvang yearly to spend 5-10 thousand dollars
Annette Gilkeson	Santa Barbara, CA	2016-11-21	There is a need for short term rentals in Santa Barbara. It is a great source of tax revenue for SB. SB County should not tell people how they can use their homes if it causes no problems to others so STR's should be regulated NOT banned!!
Debbie Newmeyer	Newport Beach, CA	2016-11-21	I love the home I rent for 4 days in Los Olivos. I rent it a couple times a year.

Nena Quiros	Santa Barbara, CA	2016-11-21	Help me save my little airbnb business. I've been home sharing on airbnb for 18 months (legal, paying taxes, etc.), and it's one of the most rewarding enterprises I've ever done. In fact, I am an airbnb super host! If you are inclined, please sign this petition to allow FAIR REGULATION of short term rentals in Santa Barbara County. As we speak, short term rentals have effectively been banned beginning Jan 1, 2017.
Martin Vaughan	Toronto, Canada	2016-11-21	Regulation of short term rentals is required, but a total prohibition is excessive. I am very doubtful that a prohibition would affect housing affordability. Recognize that Santa Barbara is a most desirable place to live and this is what impacts affordability, not short term rentals.
Kathleen Grassini	Santa Barbara, CA	2016-11-21	I think property owners should have the right to use their homes as they see fit, within reason. This is a 'one size fits all' approach - other towns have successfully allowed STRs by crafting ordinances with a more reasonable, nuanced approach.
Sharon grassini	Hidden hills, CA	2016-11-22	I believe a persons home is theirs to share if they want to.
lawrence grassini	woodland hills, CA	2016-11-22	Typical government using an axe to local businesses when a scalpel would suffice!
Megan Pastore	Waikoloa Village, HI	2016-11-22	as a vacation rental property manager, I find banning STR's unfair and ridiculous.
Jeff Kroeger	Roswell, GA	2016-11-22	We own and rent out multiple short term rental properties, we are always looking and expanding our markets. This will only hurt our industry.
Annette Flower	Santa Barbara, CA	2016-11-22	I have used airbnb as a customer for years and find it reliable and a modern interesting way to travel ...As i am sure all the thousands of tourists that visit our community area also do. If they cannot rent a house here for a week they will go elsewhere. This is a community that thrives on visitors and we should encourage them to come by offering what other communities offer.
Margie Jo Bradley	Santa Barbara, CA	2016-11-22	Homeowners too have rights for their property. Find a better solution for everyone.
Patricia Clem	Carpinteria, CA	2016-11-22	Sharing your home or property should be your own right if you are responsible. I have shared my home as a homestay host. I have screamed each and every cast before they are allowed into my home and they understand what the house rules are. I love the opportunity to sell my community and to sell the county that I live in to those who are traveling from abroad. I have had wonderful gift from all over the world and have had no complaints from any of my neighbors. I resent the fact that I paid for my home and I pay my taxes and I'm being told what to do with my home and my property

Allen Couture	Kaneohe, HI	2016-11-22	Respectfully request strong consideration in favor of permitting STR in all areas of SB Country. STR increases tourism and exposure to SB, generates tax revenue, and provides a livelihood and needed income for SB residents.
Tim Cafferty	Kitty Hawk, NC	2016-11-22	I support private property rights.
Pamela Weitzner	Atlanta, GA	2016-11-22	We have rented several short term vacation rentals in the Santa Barbara because it gives our family a "homey" atmosphere while we visit our son attending UCSB who lives so far from us...not the same with hotels!
Henrietta Staser	Anchorage, AK	2016-11-22	we have a daughter who lives with her family in a small apartment with no space for us to stay when we come with other family to visit. We cannot afford to sat in a hotel and eat out. The vacation properties have afforded us a great alternative and have allowed for family vacations with kitchen, space for entertaining. We do spend cash in Santa Barbara. Eliminating this opportunity to rent a home would prohibit us from visiting there in the future. Boo County Staff!
Christian Noack	Sacramento, CA	2016-11-22	This will not just regulate the wealthy tourism coming in (which I think is the best plan) it will stop all short term rentals. I know there is too much going on now, but from 60mph to 0mph is not good for any community
LINDA ROACH	Lexington, KY	2016-11-22	My family and I so enjoyed our time in Santa Barbara staying in a home that had short term rental options.
Joanna Hartzog	Panama City, FL	2016-11-22	I realize how important short term rentals are. I am a Realtor and work in vacation rentals.
Beth Powers	Hemet, CA	2016-11-22	I have rented short term several times and it affords our family a choice of a home environment rather than a hotel while visiting family in the area. The rental procedures seem to be highly organized in keeping the neighborhoods protected from noise and abuses.
Catherine Clark	Haiku, HI	2016-11-22	I am in Maui, HI, and have worked in this industry for many years. I am a board member of the Maui Vacation Rental Association. As seen in Maui County, consistent application of suitable regulations allows the rental homes to blend seamlessly into their neighborhoods. The jobs created pay very well and allow those that work at the rentals to work close to home, with flexible hours. There are really two choices - have a regulated industry, or forever be chasing down unpermitted rental operations. If there is a demand, somehow supply will be created. It is best if this supply is taxed and regulated appropriately.
Kathy Nixon	New Tazewell, TN	2016-11-22	I am a vacation rental property manager in TN and feel Short term rentals are good for the economy and local county taxes. They should not be banned anywhere.
Jennifer Thomas	Santa Barbara, CA	2016-11-22	My job relays on it
Cassandra Ellison	Deep Gap, NC	2016-11-22	As an STR manager in NC, I do not want to see a dangerous precedent set that could destroy our industry!
Richard Fletcher	Boston, MA	2016-11-22	The availability of short-term rentals is crucial to me in deciding where to vacation.
Brian York	Santa Maria, CA	2016-11-22	I work in the wine industry, which is the largest industry in SB County. A lot of our guests use this service when travelling to the area. Taking this away would reduce the amount of guests, and also would reduce the amount of revenue coming into the winery, which in turn would reduce the amount of taxes going into the county. It's a win, win for everyone!

Cees Dobbe	Nipomo, CA	2016-11-23	I'm signing because STR provide a benefit to users who want to visit our area to have alternative lodging and unique experiences. For the owners of the properties it is a way to monetize under utilized assets and to help in many instances to make ends meet in our high cost of living area. It is in everyone's interest to do this responsibly and recent history shows that this can and will be done. Please don't kill a positive new way of our new economy
Georgeycz Jacynycz	Mount Pleasant, SC	2016-11-23	I own a short term vacation rental company. Allow competition in your marketplace! Set policy for hotels and STRs, not government ordinance. Govern! Don't dictate!
Pat Simon	Solvang, CA	2016-11-23	I believe responsibly run Air BnB is a valuable addition to our community. Restrictions reasonably created would be more appropriate than the broadbrushed approach against it all.
Shannon Sells	Hanahan, SC	2016-11-23	Large and small, Local and Federal government needs to stay out of private homes. Supporting main street and the homeowners in the community makes sense and cents.
Dane Uhler	Santa Barbara, CA	2016-11-23	Legal private rentals and Airbnb's are an important part of the local economy as they support tourism, allow middle class families to make supplemental income which in turn helps support the existence of the middle class in Santa Barbara in general as living expenses go up and up, and beyond all this it creates way more tax revenue for the state. Also it's just fun, and it often creates a cultural exchange in people's homes which in turn improves our own culture and world view.

Michael Anderson	Santa Barbara, CA	2016-11-24	For family vacations our family enjoys being all together; all the generations sharing meals etc. This experience cannot be duplicated in hotels and motels. I know there are very many families like ours . Through vacation rentals we have met delightful people all over the world, Sweden, Mexico and Spain to name only three of many. If STRs are banned families like ours will no longer be able or willing to visit Santa Barbara . Why would Santa Barbara be anxious to exclude families like ours and why would it wish to be seen as an exclusive but backward-looking place in this modern age?

Name	Location	Date	Comment
Kipp Young	Santa Barbara, CA	2016-11-24	<p>Let's do some back of the napkin math:  There may be as many as 4,000 STR in SB per SB City Staff report (some reporting TOT, some not).  4000 rentals X \$150/night X 365 nights X 50% occupancy X 10% Transient Occupancy Tax or TOT = \$10,950,000.00 in lost tax revenue. That's \$109 million in lost revenue for SB residents!</p> <p>Let's assume these visitors spend an equivalent amount for sales tax purposes. So, in total, that's approximately \$22 million in lost tax revenue and \$200 million in lost revenue for SB businesses and residents!</p> <p>We may be sending this money to outlying cities. (If you disagree with my figures divide it in half or one quarter - any way you slice it, it's a LOT of money to be throwing away).</p> <p>We will still be paying our property taxes and sales tax to support police, traffic control, garbage collection, and clean up associated with all of the SB events we host and that attract these visitors. Let's not forget that we are also supporting the employees working so diligently to ban STRs.</p> <p>Hmm, to enforce the STR ban, SB City plans to spend additional hundreds of thousands of dollars to keep this revenue from landing in their coffers. Brilliant!</p> <p>I guess SB City staff believe that money really does grow on SB trees or fall from the skies along with the State Street confetti so prevalent during parades. I just imagine all that confetti as cut up \$100 bills swept up and thrown away.</p> <p>Here's an idea that requires NO new regulations: 1) Require a \$100 business license (current regulation) 2) Collect the TOT (current regulation) 3) Send the TOT money to pay for police to enforce the 4-6 noise ordinance cases per year and for traffic control as well as for the extra police they hire for large events and then 4) with the extra millions look for ways to reduce regulations and lower our property taxes. Now that change would be brilliant!</p>

leslie becker	Huddleston, VA	2016-11-25	Actually you can control the abuse of rentals in an area by measrued controls and liscnsencing and gain more oney as a county and city. This has been found to be true in Virginia - there are stiff fines in the \$1000's if they are not followed- and trust me the next door neighbor turns them in . so why throw away all the great revenue produced by fine families and couples just wanting to see your beautiful area ? I do agree with placing strict restrictions on occupancy, nosie levels , parking issues, etc on the homes, and condos and hotels, as well as septic pump outs, sewage checks and a strict licensure process for every short term rental.
Leonard Berry	College Station, TX	2016-11-25	My wife and I enjoy visiting Santa Barbara for several weeks each year. We contribute to the local economy while responsibly enjoying the area. You are so blessed by geography. Keeping people away who can afford to rent vacation homes can only hurt your local economy and businesses and workers. To not find a reasonable solution to whatever the concerns are with STRs rather than harm your local economy makes little sense to me. For us, we will find another area to vacation and our last dollars will have been spent in Santa Barbara..
Henry Fischer	Hood River, OR	2016-11-25	We come down from Oregon for a week or two every winter to escape the rain and cold. In the summer many folks from SB come north and rent for a week or two here to escape the heat. I think it is healthy socially and economically for both our communities to have a balanced back and forth exchange.
Bryan Stewart	Hawthorn Woods, IL	2016-11-25	Short Term Rentals allow us to spend our vacation money with local families and businesses. Part of the charm of Santa Barbara County is the "small and quaint" nature of its cities and towns. We will not visit Santa Barbara County if the only option is to stay at hotels and resorts.
Mary Bodie	Portland, OR	2016-11-25	My grandmother lived in Santa Barbara for 25 years. Since her death we as a family have been going to Santa Barbara for a vacation. As a family we need a home instead of a hotel to stay in. We would greatly miss the opportunity to visit Santa Barbara if short term rentals were no longer available.
Eileen Bodie	Chicago, IL	2016-11-26	We come to Santa Barbara every winter for 10 days. Short term rentals should not be eliminated!!!!
Linda Stratton	Washington, DC	2016-11-26	I have been visiting Santa Barbara almost every summer or fall for 10 years, and visitors need clean, safe, affordable accommodation alternatives to hotels/motels.
Susan Suzuki	Portland, OR	2016-11-26	We have enjoyed renting weekly vacation homes in Santa Barbara to enjoy the city as respectfully as a local.
Heather Knowles	Millsboro, DE	2016-11-26	There has to be a better solution than removing vacation rentals completely. Compromise a solution that will help the city, employers, and homeowners.
Mark Warr	Lehi, UT	2016-11-27	We own and manage condos a little further south along the coast and do not agree to the broad banning of STR's.
Deva Moses	Sevierville, TN	2016-11-27	I believe in vacationers & making memories that will last for a lifetime...anywhere.
James Murdoch	Santa Barbara, CA	2016-11-28	Short term rentals are good for owner, renters, and the Santa Barbara economy. Property owners have the right to use their property as they wish as long as they do no harm to others. Alternative Fair Regulation has been proposed which will be good for all parties.
Kristine MacRae	Long Beach, CA	2016-11-28	I'm signing this because I've enjoyed some lovely experiences in Santa Barbara County, I would hate to lose the opportunity.
David Bradley	Santa Barbara, CA	2016-11-28	I believe people should have the right to rent short term. It also brings more money to SB tourism. I also don't think the hotels need to make even more money at the expensive of limiting the usefulness of people's private property.

Holly Jacobson	Truckee, CA	2016-11-28	Proper regulation, not prohibition, is the appropriate action
Joey Stocking	Garden City, UT	2016-11-28	Treating Short Term Rentals different than Long Term Rentals (or even homeowners) is discrimination.
Rachele Chmielewski	Maitland, FL	2016-11-28	I am a property manager for short term rentals and also a traveler. We appreciate the options and the revenue that the county and city can obtain from the taxes collected from these small business owners.
Kathleen Bodie	Winchester, MA	2016-11-29	We have rented in SB for many years. This ordinance will mean that we will no longer be able to rent a house for a week within most of SB proper. In fact, the house we planned to rent in February was not available for a one week rental. We had to select a house on the far outskirts of SB. In future years, we may decide to rent elsewhere even though we have loved our vacations in SB.
Joshua Rosenkrantz	Santa Barbara, CA	2016-11-29	To completely ban all STR's in Santa Barbara is not only a terrible idea as the enforcement of the bed tax would inject 10% of what I have read is a \$400-\$500 million dollar per year income stream in SB but it also will hurt so many good citizens who've adapted to life since the Great Recession via homesharing and STR investments. In addition I understand that when polled, most people who've stayed in STR's here would choose to not return to Santa Barbara given the only choice to be a hotel to stay at. The new economy is here, Uber, LYFT, AirBNB, are all highly successful business models and Santa Barbara needs to understand that taking this income stream out of the picture for so many good taxpayers and hard working people and families is foolish. It will hurt a lot of good people.
