Dear Supervisors:

I completely support your resolution regarding your position on further offshore drilling off of our coast. Please be strong and fight this!

Thank you,

Bill Woodbridge

Dear Administrator,

I'd like to support and thank the Supervisors for re-affirming their opposition to oil and gas drilling off our coast with their resolution. So much of our local economy is dependent on a clean coastal environment, not to mention that climate change is wreaking havoc on our planet, and we desperately need to transition completely to clean energy.

There are many, many, many arenas where electeds have to stand up to the Trump administration, and this is one of the more important of those.

Thank you,
Carol Millar, SB resident (and native)
350 Steering Committee Member, Fearless Grandmother member.
