## Interests & Experiences

**Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.**

Santa Barbara's natural environment is central to our quality of life, public health, and local identity. Having grown up here and now raising my family in Carpinteria, I care deeply about local air quality and its impact on our community, from our ocean ecosystem to our agricultural areas. I believe community input, grounded in practical experience and open-minded collaboration, is essential to creating policies that both protect our environment and respect the needs of residents and businesses. My professional background includes years of working in restaurant leadership, where I served as a general manager of downtown Santa Barbara establishments and restaurant groups. This experience provided direct exposure to the challenges small businesses face in meeting regulatory standards, as well as opportunities for implementing environmentally responsible practices. I learned how to balance compliance, community well-being, and economic sustainability, skills that align well with the Air Pollution Control District's mission. In addition to my management experience, I serve as Vice President of the Carpinteria Cultural Foundation, an organization dedicated to preserving our community's cultural heritage. This role requires building consensus, listening to diverse perspectives, and taking a thoughtful, fact-based approach to decision making. I would bring the same fairness, practicality, and care to the Advisory Council. I am applying as a community member who values science, responsible policy, and collaboration. I am not coming with a political agenda, but with a sincere desire to learn, ask critical questions, and help support decisions that improve public health and protect our coastal environment.

**Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.**

Education: B.A. in Music, University of California, Santa Barbara. Studying music requires strong analytical skills, attention to detail, and disciplined learning, all skills that support careful policy review and advisory work. Professional Experience: Former general manager of multiple Santa Barbara restaurants/restaurant groups. -Managed compliance with safety, environmental, and regulatory standards. -Worked closely with diverse business owners, employees, and customers in a problem-solving environment. Community Leadership: Vice President, Carpinteria Cultural Foundation. -Focus on protecting community heritage through education, public involvement, and responsible planning. Volunteer Service: Parent Team Lead at Laguna Blanca School. -Organizes volunteer initiatives and collaborates with families, educators, and staff. Environmental Interest: -Committed to protecting air and ocean quality, recognizing the connection between airborne pollutants and our marine environment. -Personally advocates for cleaner local practices and responsible community stewardship. Personal Strengths: -Critical thinker with attention to detail. -Unbiased, open to learning, and values balanced solutions informed by science and community input.
