CEO/Human Resources filed an item regarding terms and conditions of employment for the Deputy Sheriffs' Association on the A-Agenda for the Board of Supervisors' meeting on September 22, 2015. I am writing to request that this item be removed from the agenda.

This item was filed with the Association's knowledge in anticipation of its members' ratification of a tentative agreement for a successor Memorandum of Understanding prior to the Board meeting on September 22, 2015, but we have been informed that the Association's membership did not ratify the agreement.
