Address: 260 N. San Antonio Rd.

Division: Captial, Energy and Facilities

Email: bkaysen@countyofsb.org

City: Santa Barbara

State: CA

Zip: 93105

PROJECT INFORMATION:

Does this project involve a state/federal agency? ☐ Yes ☒ No

Project Name: Foster Road Campus - Solar SSA

District: Fifth Supervisorial District

Address: 812 W. Foster Road

City/Area: Santa Maria

Zip Code: 93455

APN: 111-231-004

Project #: 001054

NOE #: 1

Funding/POPPA:

Project Description: (Section §15124 of the CEQA Guidelines defines the types of information that should be included in a project description)

The County is pursuing the installation of solar photovoltaics systems via a Solar Services Agreement (SSA) at the Foster Road Campus (111-231-004).

Determine that the renewable energy project is statutorily exempt from the provisions of CEQA pursuant to California Public Resources Code Section 21080.35 (installing solar systems on existing roofs and existing parking lots), and it is further categorically exempt from the provisions of CEQA per sections 15301 (minor alterations to existing facilities) and 15303 (limited construction of small facilities) and 15304 (minor alterations of land) of Title 14 of the California Code of Regulations and a Notice of Exemption was filed on that basis, and that the recommended actions are within the scope of that Notice of Exemption.

DETERMINATION: (select category)

- ☐ Not a Project (§15378)
- ☐ Ministerial Exemption (§15268)
- ☐ Statutory Exemption (§15260)
- ☒ Categorical Exemption (§15354 [15302-33])
 - ☐ CatEx - Existing Facilities (§15300)
 - ☐ Emergency Project Exemption (§15359)

Scope of Exemption:

Categorical Exemptions are made up of classes of projects that generally are considered not to have potential impacts on the environment. Categorical exemptions are identified and defined in the CEQA Guidelines (14 CCR Section 15300-15331). Categorical exemptions are not allowed to be used for projects that may cause a substantial adverse change in the significance of an historical resource, except when the Department of the Interior Standards are applied. Therefore, lead agencies must first determine if the project has the potential to impact historical resources and if those impacts could be adverse prior to determining if a categorical exemption may be utilized for any given project.

Cal. Code Regs. tit. 14 §15300

PRIMARY reason for the Determination: 15304 Minor Alterations to Land

FINDING TO SUPPORT DETERMINATION: (attach additional material, only if necessary)

Based upon the project description above, the General Services Department (as Lead Agency) has determined the project (Northern Branch Jail - Solar SSA) is within the scope of §15304 consistent with subsection (a,b,c,d,e or f) minor public or private alterations in the condition of land, water, or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes, which include but are not limited to: (a) Grading on land with a slope of less than 10 percent, except that grading shall not be exempt in a waterway, in any wetland, in an officially designated (by federal, state, or local government action) scenic area, or in officially mapped areas of severe geologic hazard or within an official Seismic Hazard Zone, as delineated by the State Geologist. (b) New gardening or landscaping, including the replacement of existing conventional landscaping with water efficient or fire resistant landscaping. (c) Filling of earth into previously excavated land with material compatible with the natural features of the site. (d) Minor alterations in land, water, and vegetation on existing officially designated wildlife management areas or fish production facilities which result in improvement of habitat for fish and wildlife resources or greater fish production. (e) Minor temporary use of land having negligible or no permanent effects on the environment, including carnivals, sales of Christmas trees, etc. (f) Minor trenching and backfilling where the surface is restored. (g) Maintenance dredging where the spoil is deposited in a spoil area authorized by all applicable state and federal regulatory agencies. (h) The creation of bicycle lanes on existing rights-of-way. (i) Fuel management activities within 30 feet of structures to reduce the volume of flammable vegetation, provided that the activities will not result in the taking of endangered, rare, or threatened plant or animal species or significant erosion and sedimentation of surface waters. This exemption shall apply to fuel management activities within 100 feet of a structure if the public agency having fire protection responsibility for the area has determined that 100 feet of fuel clearance is required due to extra hazardous fire conditions. Cal. Code Regs. Tit. 14, §15304
