Dear Supervisors,

Thank you for directing Santa Barbara County staff to draft an oil and gas phaseout ordinance. Please prioritize completing the ordinance and amortization study.

I join the 50+ organizations calling for this phaseout to:

- Fix the loophole in the County's Climate Action Plan
- Limit the most climate-damaging oil production
- Improve air quality and health outcomes
- Improve the safety of our drinking water supplies
- Improve road safety and trucking accidents
- Safeguard wildlife and endangered species
- Prevent disasters

Sincerely,

Nora Lewis

**Subject:** Carpinteria Save Carpinteria from the Developers Wrath

**Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.**

Coastal Zoning Commission Members

The e-mail addresses the concerns that I have dealing with the environmental impact of placing substandard high density residential housing in the City Carpinteria. You should not be changing the zoning on the sites listed in your rezoning scheme. This serves only the developers. It does not support the coastal environment and takes away land that is being used for growing food crops. How this can make any sense to you is beyond me. You have not had anyone from Carpinteria thinking that this rezoning is a good idea. It is also in and near lands that were sites of early American Indian habitat. So that will be destroyed by your wonderful developers. They get the money and the City of Carpinteria and the folks there get the shaft. The Rezoning sites are Van Wingerden 1 and 2 pending project site number 37 Ballard.

Where is there good planning and protections for the California Coastal Act. You are not helping but damaging some beautiful land that should be protected and stopping the urban sprawl of ugly buildings that are poorly designed and cheaply constructed on an unstable ground and subject to landslides.

I urge you to reconsider rezoning plans. I urge you all to protect the sites that are outside of the Urban/Rural Boundry and eliminate your rezoning plans. The pending rezoning is a detriment to the City of Carpinteria as well as the coastline along the whole state of California. DO NOT DESTROY OUR COASTLINE NOR THE BEAUTIFUL CITY OF CARPINTERIA.  
PROTECT OOUR BEAUTIFUL COASTLING AND SAVE THE PEOPLE FROM UGLY CHEAP AND UNSAFE HOUSING ON LAND THAT CAN AND WILL SLIDE WITH TIME.

Sincerely,

Barbara E Council
