Section 2 of the Act describes the objectives of the legislation:

 - 3. To improve the quality and labor market relevance of workforce investment, education, and economic development efforts to provide America's workers with the skills and credentials necessary to secure and advance in employment with family-sustaining wages and to provide America's employers with the skilled workers the employers need to succeed in a global economy.*
 - 4. To promote improvement in the structure of and delivery of services through the United States workforce development system to better address the employment and skill needs of workers, jobseekers, and employers.*
 - 5. To increase the prosperity of workers and employers in the United States, the economic growth of communities, regions, and States, and the global competitiveness of the United States.*
 - 6. For purposes of subtitle A and B of title I, to provide workforce investment activities, through statewide and local workforce development systems, that increase the employment, retention, and earnings of participants, and increase attainment of recognized postsecondary credentials by participants, and as a result, improve the quality of the workforce, reduce welfare dependency, increase economic self-sufficiency, meet the skill requirements of employers, and enhance the productivity and competitiveness of the Nation.*
- B. In Partnership with the Santa Barbara County Board of Supervisors, the Santa Barbara County Workforce Development Board (SBCWDB) oversees Santa Barbara County's workforce development activities and establishes programs in response to the workforce needs of Santa Barbara County. The SBCWDB designs and implements programs and services for businesses, adult job seekers, Dislocated Workers, and young adults, working in close collaboration with education, business,

labor, economic development and other organizations with a stake in preparing the County's workers to contribute to our growing economy.

- C. The America's Job Centers of California (AJCC) is part of the One-Stop delivery system for programs funded under the WIOA and its partner programs. The AJCCs, also known as One-Stops or One-Stop Centers are part of a collaboration of organizations and agencies that are responsible for the administration of workforce development, educational, social services, and other human services programs.
