RE: Proposed Tentative Tract Map No. 14,821 (APN 101-181-001)

Supervisor,

In reference to the above project, I would like to state that I believe this project abid by the current use permits of Los Alamos. Although I have nothing against this particular project, I feel that zone districts have a purpose, for long-term reasons, and should be adhered to. We have a very limited commercial area, which consists of one street 4 blocks long. Bell Street should remain commercial and approving this Ordinance Amendment would allow all current parcels zoned CM-LA on Bell Street, to allow residential development on the first floor – this is *not* the vision of our town, which has been stated by Los Alamos community members at various town meetings.

Sincerely,

Susan Sorensen, homeowner at
265 Centennial Street
Los Alamos
