**REVISED EMERGENCY PERMIT**

**January 24, 2005**

**Permit No.:** 4-05-005-G (Revised from January 21, 2005 permit)

**Applicant:** Santa Barbara County Parks

**Agent:** Coleen Lund, Santa Barbara County Parks

**Project Location:** Goleta Beach County Park, 5986 Sandspit Road, Goleta (Santa Barbara County)

**Work Proposed:** Installation of approximately 1,000 tons of rock at a 1:1 to 1:1.5 slope along 350 linear feet of the beach at the base of the parking area. The project includes trenching to a depth of approximately 2 to 3 feet at the toe of the rock structure. The source of the rock are storage yards in Goleta and Cambria. Additional construction of a 650-foot long sand berm will occur at the base of the park's lawn, east of the rock structure. Two loaders and excavators will be used for construction. Construction will occur during low tidal periods.

This letter constitutes approval of the emergency work you or your representative has requested to be done at the location listed above. I understand from the information submitted that an unexpected occurrence in the form of loss of beach and lawn area has arisen as a result of high tides and storm swells. A parking area, restroom, picnic tables, trees, and lawn at Goleta Beach are threatened by the encroaching loss of land. These occurrences require immediate action to prevent or mitigate loss or damage to life, health, property or essential public services. 14 Cal. Admin. Code Section 13009. The Executive Director hereby finds that:

- (a) An emergency exists which requires action more quickly than permitted by the procedures for administrative or ordinary permits and the development can and will be completed within 30 days unless otherwise specified by the terms of the permit;
- (b) Public comment on the proposed emergency action has been reviewed if time allows; and

The work is hereby approved, subject to the conditions listed on the reverse.

Very Truly Yours,

Peter M. Douglas  
Executive Director
