Fax: (805) 568-3249

Email: dgalt@countyofsb.org

Address: **1105 Santa Barbara St. East Wing, Second fl.**

City: **Santa Barbara**

State: **CA**

Zip: **93101**

PROJECT INFORMATION:

Does this project involve a state/federal agency? Yes No

Project Name: **Santa Maria Juvenile Hall Security Camera upgrade**

District: **Please select from list...**

Address: **4263 California Blvd.**

City/Area: **Santa Maria**

Zip Code: **93455**

APN: **111-230-069**

Project #: **20005**

NOE #: **0**

Funding/POPPA: **0030/063/8200/1930/20005**

Project Description: (Section §15124 of the CEQA Guidelines defines the types of information that should be included in a project description)

This project includes Integrated design services, cost estimating services, construction administration services, and minor construction for a replacement of the video surveillance system at Santa Maria Juvenile Hall. The project is in the beginning stages of design.

These integrated operations include intercoms, ultrasonic duress buttons, and security cameras. There are currently approximately 115 cameras in use now. The project includes coordinating the operation of the cameras with the existing interactive touchscreen security electronics system and ensuring their interoperability.

The County has previously undertaken a Conceptual Interlock Architecture exercise. While many of the main elements are accounted for, the exact existing cable routing, camera views, and conditions will be critical to the development of the final design. In addition, addressing operational, security, and utility concerns in the final construction documents will be required.

DETERMINATION: Make determination after review of CEQA §15061

Scope of Exemption:

- Not a Project (§15378)
- Ministerial Exemption (§15268)
- Statutory Exemption (§15260)
- Categorical Exemption (§15354 [15302-33])
- CatEx - Existing Facilities (§15300)
- Emergency Project Exemption (§15359)

Categorical Exemptions are made up of classes of projects that generally are considered not to have potential impacts on the environment. Categorical exemptions are identified and defined in the CEQA Guidelines (14 CCR Section 15300-15331). Categorical exemptions are not allowed to be used for projects that may cause a substantial adverse change in the significance of an historical resource, except when the Department of the Interior Standards are applied. Therefore, lead agencies must first determine if the project has the potential to impact historical resources and if those impacts could be adverse prior to determining if a categorical exemption may be utilized for any given project.

Cal. Code Regs. tit. 14 §15300

Justification for the Determination: **15301(a) Existing Facilities-Exterior or Interior Modifications**

FINDING TO SUPPORT DETERMINATION:

Based upon the project description above, the General Services Department (as Lead Agency) has determined the project (Santa Maria Juvenile Hall Security Camera upgrade) is within the scope of §15301 exemptions which consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The key consideration is whether the project involves negligible or no expansion of use under subsection (a) interior or exterior alterations involving such things as interior partitions, plumbing, and electrical conveyances.

Cal. Code Regs. Tit. 14, §15301(a)

Justification to Finding: **This project consists of investigative, design services, construction administration, and minor construction. These services consist of replacement or addition of existing utility systems/conduit lines and Surveillance Video Security Cameras.**
